Wexoo Face The Terror Of Our World Equation:

WExoo Charlie Pedersen, 2011-05-05 As the Bin Laden door closes a new door opens Charlie Pedersens innovative new visionary fiction uses twenty second century quantum science cosmology to provide linked hindsight to the past which is our present and follows a cosmic path out of the chaos we now call the twenty first century Pedersens disruptive visionary new novel crosses hard copy e Book and silver screen genres as it takes readers into the future and then back again to our own reality to face the chaos and terror of our current World Equation Experience the convergence of literature and video taking you from compelling story to the next level of awareness and most importantly answers In WE x scientists from one hundred years in the future send intelligent e messages in hologram form across the space time continuum to thirteen quantum science labs across the world In a high speed adventure from Berkeley California through Switzerland China Russia England Germany and Japan culminating in a confrontation with the future in New York City Pedersens science heroes engage the CIA and Interpol to thwart white collar criminals and terrorists trying to disrupt new world changing directives from reaching the United Nations General Assembly The prominent issues of our times water energy world health trafficking terrorism illegal immigration and militarism are tackled head on as Pedersen explores two fundamental questions in his compelling story What do WE have to do for humanity to really change Can our infinity of opportunities overcome the current forces of denial and the power of the status quo Following up on Stephen Hawkings description of our times on Yahoo Answers 2006 as political social and environmental chaos and his more than rhetorical question How can we sustain the next one hundred years WE x cleverly suggests that if we cannot learn from the past maybe we could learn from the future Pedersens intriguing and suspenseful blend of science contemporary events and fiction science fiction gives readers a unique futuresight by which to judge todays most daunting challenge our own denial of the terror of our current world equation

We X Infinity Charlie Pedersen, 2011-05-06 As the Bin Laden door closes a new door opens WE x is an innovative disruptive new visionary fiction that uses twenty second century quantum science cosmology to provide linked hindsight to the past which is our present and follows a cosmic path out of the chaos we know as the twenty first century In WE x scientists from one hundred years in the future send intelligent e messages in hologram form across the space time continuum to thirteen quantum science labs around the world A high speed trek from Berkeley California through Switzerland China Russia England Germany and Japan culminates in a confrontation with the future in New York City Pedersen s science heroes engage the CIA and Interpol to thwart white collar criminals and terrorists trying to disrupt new world changing directives from reaching the United Nations General Assembly What s presented The state of our society and the path to preventing another world war Designed as a quasi screen play WE x is not only a fast flowing read it confronts you with both the realities of our times and real solutions entertaining you into a confrontation with your own denial future sight hindsight from the future Project our world condition forward in your mind Consider the paths we re taking WE x

teases you with enough quantum science fiction to take to that line between fact and fiction that will propel your imagination Open your mind and recognize what must be done Future sight We know you have it in you WE x is filled with hyper links to give you the opportunity to augment literature with visual experience the big bang Stephen Hawking terrorism 9 11 the energy crises and much more We ll take you as far as you want to go a science fiction adventure that engages you with story and leaves you with real insight WE x is a convergence between the future and the chaotic world we know as the twenty first century A fast read that gives you pause You ll come back again and again because WE x renews itself continuously In total frustration Stephen Hawking asked Yahoo Answers in 2006 How can humanity sustain the next hundred years Here s how WE x Face the Terror of our World Equation
