What Happened At Vatican II:

What Happened at Vatican II John W. O'Malley, 2010-09 A reliable even handed introduction to the to the Vatican Council II What Happened at Vatican II is the first of its kind and a critical resource for understanding the Catholic church today including the pontificate of Benedict XVI **Vatican II** Massimo Faggioli, 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism **Broken Promises** Finbarr M. Corr Ed D., Finbarr M. Corr, 2012 To understand trends in the Roman Catholic Church since Vatican Council II 1962 1965 Finbarr Corr s new book Broken Promises is required reading With his skill as an Irish storyteller that was vividly evident in his prior books Corr a former priest constructs an important new window on what he describes as the Church s third major crisis since Jesus Christ established it on Simon Peter the Rock Drawing on decades of vital experience as a crusading priest innovative family therapist and provocative educator and author Dr Corr asks if the Church can survive its failure to follow through on the dictates of Vatican Council II which was initiated by Pope John XXIII to open up the windows of the church and let in some fresh air Dr Corr provides a fresh look at the fifty years since Vatican II and presents a rich study of the Church s relationship to the modern world Broken Promises provides new insights into this challenging topic Tom O Connell B A M A S F O Publisher of sanctuary777 com and Author of Power Politics Propaganda Observations of a Curious Contrarian **What Happened at Vatican II** John W. Arnaud De Lassus The Layman's Guide to Vatican II is a summary of the need to know essentials from the Second Vatican Council It offers a concise outline of events an explanation of the Council origins and a breakdown of its key documents Using accessible language it proceeds with astounding clarity to define and explain each of the errors of Vatican II Topics of interest for the curious Catholic History of Vatican II Documents produced by Vatican II What are Religious Liberty Collegiality and Ecumenism Protestant inspired shift from a God-focused Church to a man-focused Church Departure of the Second Vatican Council from the traditional teachings of the Church This brief easy-to-read text is an aid for Catholics to better understand Vatican II and today's modern crisis If you're looking for quick access to the facts or simply trying to help others understand what really happened at the Second Vatican Council this book is for you **When Bishops Meet** John W. O'Malley, 2019-08-20 From one of our foremost church historians comes an overarching analysis of the three modern Catholic councils an assessment of

what Catholicism was and has become today Catholic councils are meetings of bishops In this unprecedented comparison of the three most recent meetings John O Malley traverses more than 450 years of Catholic history and examines the councils most pressing and consistent concerns questions of purpose power and relevance in a changing world By offering new sometimes radical even troubling perspectives on these convocations When Bishops Meet analyzes the evolution of the church itself The Catholic Church today is shaped by the historical arc starting from Trent in the sixteenth century to Vatican II The roles of popes the laity theologians and others have varied from the bishop centered Trent to Vatican I's declaration of papal infallibility to a new balance of power in the mid twentieth century At Trent lay people had direct influence on proceedings By Vatican II their presence was token At each gathering fundamental issues recurred the relationship between bishops and the papacy the very purpose of a council and doctrinal change Can the teachings of the church by definition a conservative institution change over time Councils being ecclesiastical as well as cultural institutions have always reflected and profoundly influenced their times Readers familiar with John O Malley's earlier work as well as those with no knowledge of councils will find this volume an indispensable guide for essential questions Who is in charge of the church What difference did the councils make and will there be another

Vatican II Peter A. Huff, 2011 Vatican II is known to every Catholic at least by name but we're a little skimpy on the details What happened there Why did it take place Why have there been mixed reactions to it Most importantly what is the impact of the Second Vatican Council on the People of the Church now Peter A Huff in *Vatican II Its Impact on You* answers these questions and more in a lively brief easy to read fresh overview of the event that has had the greatest impact on the Catholic experience today Vatican II the brainchild of Blessed Pope John XXIII spanned from 1962 to 1965 attracted 2 500 bishops to Vatican City and produced inspiring activity and documents from extraordinary personalities This book analyzes Vatican II's sources context decisions and ongoing impact Huff argues that we rightly associate the council with change but it is just as correctly portrayed as a strategic preservation of Catholicism's time tested heritage While written from a Catholic perspective all Christians will find *Vatican II Its Impact on You* a fascinating look at a time in recent world history when truth and grace joined for what the author calls the most important religious event of the twentieth century Paperback View sample pages

Vatican II Alan Schreck, 2005 Whatever happened to the Second Vatican Council Has the Catholic Church backed away from its teachings What exactly were those teachings Did the Council stand for the renewal of the liturgy for example or its destruction Did it bring the Church into the world or has it allowed the world to infiltrate the Church On the occasion of the fortieth anniversary of the closing of Vatican II Alan Schreck discusses the key documents of the Council and their meaning for Catholics today He also takes a close look at the ferment and criticism Vatican II left in its wake What he finds will surprise some Catholics but encourage all to lean into the task of renewing and strengthening the Church for the twenty first century

Critical Mass: a Chronicle of the Catholic Church in the First Generation After Vatican II Tom Reidy, 2012-12-03 Critical Mass is an in depth look at what

happened in the Catholic Church during the first generation after the Second Vatican Council a period corresponding to the pontificates of Paul VI through John Paul II The book starts with a close look at some key conciliar documents Other chapters study how Tradition was systematically dismantled the roles of the clergy and laity in the post Vatican II Church the mindsets of liberal traditional and conservative Catholics how the Church became a turgid bureaucracy all the way down to the parish level the dumbing down of religious education the Church's post Vatican II approach to social justice issues the influence of Radical Feminism on the Church The book concludes with an interesting even radical prognosis for the future The Inside Story of Vatican II Rev. Fr. Ralph Wiltgen, 1991-12-01 Only two years after the Second Vatican Council concluded in 1965 Catholics around the world welcomed the publication of *The Rhine Flows Into the Tiber* a history of the Council published worldwide in four languages Widely hailed for its balanced factual reporting this eye opening insider's account was written by Rev Ralph M Wiltgen a priest and professional journalist who was an eyewitness with unparalleled access to the principal figures and events of the Council *The Inside Story of Vatican II* is a revised updated edition of that ground breaking contemporary account which details in particular the crucial influence on the Council's proceedings exerted by its German speaking bishops As Catholics continue to debate the meaning and impact of Vatican II they will find this book an indispensable guide for understanding what actually took place there behind the scenes **Theological Highlights of Vatican II** Pope Benedict XVI, 2009 Joseph Ratzinger's report on the debates and struggles that made up each of the four sessions of Vatican II 1962-65 along with theological commentary **Vatican II** Norman Tanner, 2012-09-04 By encouraging engagement with the modern world and a refocusing of traditional teaching the Second Vatican Council brought new life into the practice of Catholicism The council's impact on the Church is still playing out today and with many current church issues finding their roots in differing interpretations of Vatican II it has never lost relevance *Vatican II The Essential Texts* brings together the key documents of the council As the council is commemorated on its 50th Anniversary readers will be returning to these source materials to understand the Church's developing positions on its relationship with the secular world and other religions the role of lay people human rights and the common good the liturgy and other still highly relevant issues In addition to the introductions from Pope Benedict and James Carroll the documents will also be accompanied by brief historical prefaces from Professor Edward Hahnenberg *The Road to Vatican II* Maureen Sullivan (O.P.), 2007 The Second Vatican Council produced a charter for the church of the twentieth century and beyond Part of the council's fascination is that it involves many stories *The Road to Vatican II* is an attempt to tell the story behind the stories of this landmark in church history Somehow more than 2 500 bishops who often disagreed on the most critical issues managed to produce sixteen documents that touched the very essence of the Catholic faith How is it possible that so much could have been accomplished in four brief council sessions from 1962-1965 How did the church move from Pius IX at Vatican I 1869-70 who espoused a rigid hierarchical model of church to John XXIII at Vatican II 1962-65 who ushered in a collegial *communio* model

of church In answering these questions Sullivan's book highlights those theologians whose efforts over the years before the council were actually the seeds of what flourished at the council These theologians were indeed prophets among us often suffering because of their convictions Ultimately they were instruments of the Holy Spirit in our midst They offered the church a renewed vision of the faith and a methodology to facilitate theological endeavor They also rediscovered in the New Testament a language of life that could speak to contemporary men and women Hence this book presents the incredible theological changes that took place on the road to Vatican II it examines the contributions of some of the key theologians on this road and it finds evidence of their influence in key documents of the Second Vatican Council Book jacket *The Vision of Vatican II* Ormond Rush, 2019-06-27 2020 Catholic Press Association first place award theology theological and philosophical studies This book is unique in the literature about Vatican II From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be captured in twenty four principles He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future There is no other book that attempts such a comprehensive synthesis of the council's vision for renewal and reform of the Catholic Church **History of Vatican II** Giuseppe Alberigo, Joseph A. Komonchak, 1995 This fourth volume of the History of Vatican II reconstructs the work of the Council during the third session which was to produce two of the most significant conciliar texts the Dogmatic Constitution on the Church and the Decree on Ecumenism As with previous volumes an international team of scholars tracks the daily progress of the assembly and its numerous assisting bodies Using sources from all the Council's groups as well as an unprecedented acquisition of previously unpublished documents they provide the reader with a rich multidimensional knowledge of the event that more than any other shaped the Roman Catholic Church The enthusiasm of the two previous sessions had given way to a greater awareness of the vastness of the conciliar task The general desire on the part of the bishops to conclude the Council with this third session added to the pressure from many sides to produce significant results The agenda thus included many complex issues in various schemas and none surrounded by more tension than the question of collegiality which was the source of passionate debate in the previous session
