What happened, Miss Simone? Una biografia Alan Light, 2016 *Still Mad*  
Sandra M. Gilbert, Susan Gubar, 2021-08-17 A brilliant sweeping history of the contemporary women's movement told through the lives and works of the literary women who shaped it Forty years after their first groundbreaking work of feminist literary theory *The Madwoman in the Attic* award winning collaborators Sandra M Gilbert and Susan Gubar map the literary history of feminism's second wave From its stirrings in the midcentury when Sylvia Plath Betty Friedan and Joan Didion found their voices and Diane di Prima Lorraine Hansberry and Audre Lorde discovered community in rebellion to a resurgence in the new millennium in the writings of Alison Bechdel Claudia Rankine and N K Jemisin Gilbert and Gubar trace the evolution of feminist literature They offer lucid compassionate and piercing readings of major works by these writers and others including Adrienne Rich Ursula K Le Guin Maxine Hong Kingston Susan Sontag Gloria Anzald a and Toni Morrison

Activists and theorists like Nina Simone Gloria Steinem Andrea Dworkin Eve Kosofsky Sedgwick and Judith Butler also populate these pages as Gilbert and Gubar examine the overlapping terrain of literature and politics in a comprehensive portrait of an expanding movement As Gilbert and Gubar chart feminist gains including creative new forms of protests and changing attitudes toward gender and sexuality they show how the legacies of second wave feminists and the misogynistic culture they fought extend to the present In doing so they celebrate the diversity and urgency of women who have turned passionate rage into powerful writing      Black Women's Liberation Movement Music Reiland Rabaka,2023-10-30 Black Women s Liberation Movement Music argues that the Black Women s Liberation Movement of the mid to late 1960s and 1970s was a unique combination of Black political feminism Black literary feminism and Black musical feminism among other forms of Black feminism This book critically explores the ways the soundtracks of the Black Women s Liberation Movement often overlapped with those of other 1960s and 1970s social political and cultural movements such as the Black Power Movement Women s Liberation Movement and Sexual Revolution The soul funk and disco music of the Black Women s Liberation Movement era is simultaneously interpreted as universalist feminist in a general sense and Black female focused This music s incredible ability to be interpreted in so many different ways speaks to the importance and power of Black women s music and the fact that it has multiple meanings for a multitude of people Within the worlds of both Black Popular Movement Studies and Black Popular Music Studies there has been a long standing tendency to almost exclusively associate Black women s music of the mid to late 1960s and 1970s with the Black male dominated Black Power Movement or the White female dominated Women s Liberation Movement However this book reveals that much of the soul funk and disco performed by Black women was most often the very popular music of a very unpopular and unsung movement The Black Women s Liberation Movement Black Women s Liberation Movement Music is an invaluable resource for students teachers and researchers of Popular Music Studies American Studies African American Studies Critical Race Studies Gender Studies and Sexuality Studies      *Women in Popular Culture* Laura L. Finley,2023-03-24 Including more than 300 alphabetically listed entries this 2 volume set presents a timely and detailed overview of some of the most significant contributions women have made to American popular culture from the silent film era to the present day The lives and accomplishments of women from various aspects of popular culture are examined including women from film television music fashion and literature In addition to profiles the encyclopedia also includes chapters that provide a historical review of gender domesticity marriage work and inclusivity in popular culture as well as a chronology of key achievements This reference work is an ideal introduction to the roles women have played both in the spotlight and behind it throughout the history of popular culture in America From the stars of Hollywood s Golden Age to the chart toppers of the 2020s author Laura L Finley documents how attitudes towards these icons have evolved and how their influence has shifted throughout time The entries and essays also address such timely topics as feminism the MeToo movement and the gender pay gap      Black Power Music! Reiland

Rabaka,2022-06-13 Black Power Music Protest Songs Message Music and the Black Power Movement critically explores the soundtracks of the Black Power Movement as forms of movement music That is to say much of classic Motown soul and funk music often mirrored and served as mouthpieces for the views and values as well as the aspirations and frustrations of the Black Power Movement Black Power Music is also about the intense interconnections between Black popular culture and Black political culture both before and after the Black Power Movement and the ways in which the Black Power Movement in many senses symbolizes the culmination of centuries of African American politics creatively combined with and ingeniously conveyed through African American music Consequently the term Black Power music can be seen as a code word for African American protest songs and message music between 1965 and 1975 Black Power music is a new concept that captures and conveys the fact that the majority of the messages in Black popular music between 1965 and 1975 seem to have been missed by most people who were not actively involved in or in some significant way associated with the Black Power Movement

Woods,2025-11-13 In *The Cinema of Social Death* Blackhood At Large Tryon P Woods argues that cinematic counter narratives to society's deep seated racist culture while claiming to advance racial justice fail to escape the trappings of anti blackness and instead function to disguise a parasitic and antagonistic relationship toward blackness rather than expose how the paradigm works Through analyses of a selection of purportedly anti racist narratives from documentarian Liz Garbus and a trio of independent black filmmakers Tanya Hamilton Haile Gerima and Spike Lee Woods demonstrates the precarious nature of telling stories of racial justice without falling into the contradictory trap of imposing antiblack notions of gender and sexuality Contrary to the prevalent sentiment that these visual narratives disrupt and unravel the suffering lack and pathology attached to blackness Woods posits that the films being examined are detrimental to black liberation and thus to human deliverance As such this book's chief concern is in how our efforts to unravel the problems of the world become part of the problem In the process Woods highlights the trap of visual culture and its racial discourse as it obfuscates the modern era's assault on human reciprocity and connection      **Gender, Emancipation, and Political Violence** Sarah Colvin,Katharina Karcher,2018-08-06 This volume presents and interrogates both theoretical and artistic expressions of the revolutionary militant spirit associated with 1968 and the aftermath in the specific context of gender The contributors explore political philosophical discussions of the legitimacy of violence the gender of aggression and peaceability and the contradictions of counter violence but also women's artistic and creative interventions which have rarely been considered Together the chapters provide and provoke a wide ranging rethink of how we read not only 1968 but more generally the relationship between gender political violence art and emancipation This work will be of great interest to students and scholars of protest and violence in the fields of history politics and international relations sociology cultural studies and women's studies      *Short stories of the tragedy and*
