boyfriend but a real long term relationship Maybe the first person you kissed had sex with or lived with The first love of your life would be the one that you never forgot and the one who was hard to get over They are the one that you compare every other possible relationship to My husband looked at this differently and he made me do the same as well He told me once or twice that I was his first love I asked him what he meant how that could be because I knew he had another long term relationship where he was engaged to a girl lived with her and had what I thought was a longer relationship then what they actually did have so how could I have been his first love I loved his answer to this question He said that yes it s true that he lived with someone but it was more like being roommates where he and I would have a home together Yes it s true that he asked someone to marry him but it was not the same as with us I am his first love even though those girls came before me because I am the one he shares everything with I will be the only one to be mother to his kids I am the one he wants to change his life for I am the one that makes him feel loved and supported I make him want to be a better man This to him is what being a true first love is
