Navigating the Study of Myth, Ritual, and Belief, 2025-11-27 Sarah Iles Johnston has innovated in the study of myth ritual and belief and her scholarship in these areas informs the contributions to this volume each of which uses Johnston to innovate in turn The capacity of Johnston s work to underpin scholarship on phenomena from the ancient Mediterranean to the present day from Isis charms in Christian Egypt to American goddess worship from healing in the Epidaurian iamata to the medicine of Linda Hogan s Indios from the believability of a Syriac ghost story to that of theurgic ritual illustrates Johnston s impact and the vibrant state of work on myth ritual and belief *Philosophical Currents of the Present Day*

Ludwig Stein, 1924 *Interpreting Interreligious Relations with Wittgenstein: Philosophy, Theology and Religious Studies*, 2019-09-02 This volume argues that Wittgenstein s philosophy of religion and his thought in general continue to be highly relevant for present and future research on interreligious relations Spanning several sub disciplines from philosophy of religion philosophy of language comparative philosophy comparative theology to religious studies the contributions engage with recent developments in interpretation of Wittgenstein and those in the philosophy and theology of interreligious encounter The book shows that there is an important and under explored potential for constructive and fruitful engagement between these academic fields It explores and attempts to realize some of this potential by involving both philosophers and theologians and critically assesses previous applications of Wittgenstein s work in interreligious studies Contributors are Gorazd Andrej Guy Bennett Hunter Mikel Burley Thomas D Carroll Paul Cortois Rhiannon Grant Randy Ramal Klaus von Stosch Varja trajn Nuno Venturinha Sebastjan V r s and Daniel H Weiss **Maori Religion and Mythology** Elsdon Best, 1924 **Feminist Philosophy of Religion** Pamela Sue Anderson, Beverley Clack, 2004 *Feminist Philosophy of Religion* Critical Readings brings together key new writings in this growing field The Promise of Salvation Martin Riesebrodt, 2010-02-15 Why has religion persisted across the course of human history Secularists have predicted the end of faith for a long time but religions continue to attract followers Meanwhile scholars of religion have expanded their field to such an extent that we lack a basic framework for making sense of the chaos of religious phenomena To remedy this state of affairs Martin Riesebrodt here undertakes a task that is at once simple and monumental to define understand and explain religion as a universal concept Instead of propounding abstract theories Riesebrodt concentrates on the concrete realities of worship examining religious holidays conversion stories prophetic visions and life cycle events In analyzing these practices his scope is appropriately broad taking into consideration traditions in Judaism Christianity Islam Buddhism Daoism and Shinto Ultimately Riesebrodt argues all religions promise to avert misfortune help their followers manage crises and bring both temporary blessings and eternal salvation And as *The Promise of Salvation* makes clear through abundant empirical evidence religion will not disappear as long as these promises continue to help people cope with life **The Outline of Knowledge: The story of religion and philosophic thought.
