What Is The Atonement Basics Of The Faith:

The Basic Doctrines of the Christian Faith: A Primer Clayton Howard Ford, 2019-05-31 The purpose of this booklet is to introduce the Christian especially the new Christian to the basic doctrines of Christianity that is the doctrines that make Christianity Christianity The Christian faith certainly includes many other doctrines such as baptism but these are the doctrines that are essential to the faith We will not cover any of the doctrines as thoroughly as they can be there are plenty of excellent books that already do that We will simply explain what the doctrine is present the Scriptures that support the doctrine and answer some common objections raised against it Fundamentals of Our Faith Herschel H. Hobbs, 1960-01-13 An introduction to the fundamental doctrines of the Christian faith Written for anyone and everyone who wants a better understanding of their beliefs or a reference guide to check back when you have questions *Studies in the Atonement* Robert A. Morey, 1989 With the second book of Life Drawings the focus turns to the events those small blessings that God provides for us each day In a series that is quite unique to the market the artist evokes all of the human senses through his skill of combining descriptive art with heartwarming story Perfect for any special occasion with appeal to both male and female audiences **Basics of the Faith (Best of Christianity Today)** Carl F. H. Henry, 2019-11-27 A systematic theology from the pillars of evangelicalism Basics of the Faith is an overview of essential Christian doctrines from some of the best minds of mid twentieth century evangelicalism around the globe Originally appearing in the pages of Christianity Today during 1961 1962 this collection includes essays from influential theologians and biblical scholars including Philip E Hughes on inspiration Anthony A Hoekema on the divine attributes John Murray on sanctification Cornelius Van Til on original sin F F Bruce on the person of Christ G E Ladd on the saving acts of God Leon Morris on the atonement and J I Packer on the nature of the church This edition includes an introduction by Kevin J Vanhoozer that lays out their original context and evaluates their ongoing significance Approachable yet scholarly Basics of the Faith is both a relevant systematic theology and a celebration of evangelical heritage A Rational Faith; Or, A Scientific Basis for Belief in a Future Progressive State Versus Faith in Traditions and Dogmas Irreconcilable with Reason H. J. B. (Hugh Junor Browne), 1892 **Atonement and the Death of Christ** William Lane Craig, 2020 Through his death on the cross Christ atoned for sin and so reconciled people to God New Testament authors drew upon a range of metaphors and motifs to describe this salvific act and down through history Christian thinkers have tried to articulate various theories to explain the atonement While Christ s sacrifice serves as a central tenet of the Christian faith the mechanism of atonement exactly how Christ effects our salvation remains controversial and ambiguous to many Christians In *Atonement and the Death of Christ* William Lane Craig conducts an interdisciplinary investigation of this crucial Christian doctrine drawing upon Old and New Testament studies historical theology and analytic philosophy The study unfolds in three discrete parts Craig first explores the biblical basis of atonement and unfolds the wide variety of motifs used to characterize this doctrine Craig then highlights

some of the principal alternative theories of the atonement offered by great Christian thinkers of the premodern era Lastly Craig s exploration delves into a constructive and innovative engagement with philosophy of law which allows an understanding of atonement that moves beyond mystery and into the coherent mechanism of penal substitution Along the way Craig enters into conversation with contemporary systematic theories of atonement as he seeks to establish a position that is scripturally faithful and philosophically sound The result is a multifaceted perspective that upholds the suffering of Christ as a substitutionary representational and redemptive act that satisfies divine justice In addition this carefully reasoned approach addresses the rich tapestry of Old Testament imagery upon which the first Christians drew to explain how the sinless Christ saved his people from the guilt of their sins

Saving Power Peter Schmiechen,2005 Jesus death and resurrection are undeniably central to the Christian faith But how precisely is their significance to be understood Concerned to reinvigorate the church s teaching on the cross the resurrection and salvation the atonement Peter Schmiechen here invites readers to rediscover the wealth of the Christian tradition In *Saving Power* he makes ample use of primary sources to unpack ten distinct theories of atonement welcoming aspects of each rather than championing only one Along the way he demonstrates that while most Christians assume the basic theme of atonement to be sin and forgiveness other powerful themes liberation from oppressive powers reconciliation in the face of division and the hope of resurrection in the face of death for instance also deserve to be studied and preached Affirming orthodox teaching while offering a positive take on marginal views *Saving Power* is a crucial resource for anyone who seeks a fuller understanding of Christ s work
