Winged Pharaoh Far Memory S:

Winged Pharaoh Joan Grant, 2007-08-28 As a child the astonishing Joan Grant became aware of her uncanny Far Memory the ability to recall past incarnations who had lived in long ago times and far flung places Her seven historical novels stand out for their vividness and rich detail For Joan these books were not works of the imagination but personal recollections of her previous lives In *Winged Pharaoh* Joan Grant tells the story of Sekeeta the Pharaoh's daughter The ancient Egyptians reserved the title of Winged Pharaoh for ruler priests who possessed extra sensory powers When Sekeeta demonstrates psychic abilities she is sent to the temple and trained to recall past lives Upon the death of her father she becomes a Winged Pharaoh both priestess and Pharaoh and leads her country with enlightenment The most famous of Joan Grant's Far Memory novels this book brings the grandeur beauty and mystery of ancient Egypt to life Upon *Winged Pharaoh*'s original publication in 1937 the New York Times called it an unusual book that shines with fire *Reincarnation in America* Lee

Irwin, 2017-07-31 *Reincarnation in America* An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional *Ancient Egypt in the Popular Imagination* David Huckvale, 2014-01-10 Ancient

Egypt has long been a source of fascination in Western popular culture Movies such as *The Mummy* 1932 1959 Biblical epics like *The Ten Commandments* 1923 1956 and pharaonic films like *Cleopatra* 1934 1963 and *The Egyptian* 1954 have all recreated the glamour and allure of Egyptian art and civilization for Western audiences This work traces how these and other films were inspired by writers like Bram Stoker and Sir Arthur Conan Doyle and by the art of Victorian painters Similarly it shows how the soundtracks to such films belong to a Romantic musical tradition stretching back beyond Verdi and Mozart Exploring these artistic endeavors addresses the question of whether the fantasy of ancient Egypt represents racist misunderstandings of a far more significant reality or a way for Western culture to understand itself *The Big Book of Reincarnation* Roy Stemman, 2012-05-01 IS DEATH THE FINAL CHAPTER In *The Big Book of Reincarnation* Roy Stemman attempts to answer one of the big questions of existence Is death the end Or is it merely the end of a chapter in the book of

existence A self described skeptical believer Stemman uses his skills as a professional journalist to perform an in depth exploration of reincarnation Using case studies anecdotes and physical evidence from the best documented cases from around the world Stemman shines a bright light on this subject inviting readers to decide for themselves on the basis of facts rather than on the basis of hearsay speculation and superstition Stemman finds fascinating examples of evidence of reincarnation in the nightmares of a Louisiana bayou boy the past life recall of a renowned neurosurgeon the research of a highly respected university professor and the unique system of governance in the mountains of Tibet to name just a few He examines the lives of those affected by reincarnation such as children who can actually remember their previous lives Instead of shying away from the skeptics Stemman evaluates their leading theories and compares them to the findings that he has accumulated throughout his global research *The Big Book of Reincarnation* is thorough well researched engaging and the most comprehensive book ever published on this fascinating subject

Muddy Tracks Frank DeMarco,2025-09-12 One of the precious gifts of my father s legacy was his insistence that people can turn beliefs into knowns finding out for themselves through direct experience that they are indeed more than their physical bodies In that spirit this book is a fine example of another explorer s journey into profound self discovery and particularly to the realization that love is the only thing in life that counts Laurie A Monroe President The Monroe Institute This book was written specifically for those people for whom the question of what is real is the most important thing in life It is for those who have a hard time concentrating on career or family or anything for fear it will turn out to be illusory It is for anyone whose life is haunted by lack of meaning The entire point of *Muddy Tracks* is that the author went out searching He trusted and sincerely looked and found that his trust was rewarded And he says as his trust was rewarded so will yours be *Muddy Tracks* tells some of the things that happened to him and at every step he says to you Here s a resource try this Here s a resource try that When I did this this happened When I did that that happened Keeping strictly

to what he has experienced DeMarco shows how many aids we may find in life He shows how his life was enriched by selected reading and by dream analysis and by interaction with friends and so called strangers He describes some of the unusual resources he has discovered and used particularly in connection with out of body explorer Bob Monroe and The Monroe Institute More intimately he tells of some of the nearly unbelievable things he has learned to do things he points out that are natural human abilities available to all As noted British author Colin Wilson says in his introduction Frank s experience has been in many ways remarkable and he has a natural gift for making it come alive The net result is to provide the reader with firsthand informed reassurance that we all have our own internal guidance which is reliable and is willing and able to come forth when welcomed DeMarco cites his own experiences to argue that if you come to the quest in faith the faith will be rewarded The meaning of your life can be found but it can only be found by you yourself And having found it you will find it meaningful precisely because it will be your meaning and not someone else s The age of gurus is over It is time for us each to come into our own Muddy Tracks will help you and encourage you to learn to do that Rays of Knowledge: Sacred Knowledge Revealed Jason Shurka, Rays of Knowledge reveals powerful insights about the importance of conducting a positive shift of consciousness for humanity Author Jason Shurka shares the fascinating details of how increasing our individual awareness will help elevate the collective consciousness ushering us into the coming Age of Love that will be filled with truth and compassion He always provides applicable and practical tools and methods regarding how one can reach a more expansive state of awareness The book discloses spiritual secrets the mysteries of creation and the Universe and in depth knowledge of supernatural phenomena received from the Divine underground organization known as The Light System Rays of Knowledge is vital reading for truth seekers and a call to action to serve in the planet s conscious evolution

Dreaming the Soul Back Home Robert Moss,2012 A practitioner of ancient shamanic techniques for healing and journeying explains how to restore reader s animal spirits heal old wounds through shamanic dreaming and ultimately recover and grow their souls Original **The Dreamer's Book of the Dead** Robert Moss,2005-09-29 A guidebook for communicating with the departed and gaining first hand knowledge of life beyond death Reveals that the easiest way to communicate with the departed is through dreams Offers methods for helpful and timely communication with deceased loved ones Provides powerful Active Dreaming practices from ancient and indigenous cultures for journeying beyond the gates of death for wisdom and healing We yearn for contact with departed loved ones We miss them ache for forgiveness or closure and long for confirmation that there is life beyond physical death In The Dreamer s Book of the Dead Robert Moss explains that we have entirely natural contact with the departed in our dreams when they come visiting and we may travel into their realms As we become active dreamers we can heal our relationship with the departed and move beyond the fear of death We also can develop the skills to function as soul guides for others helping the dying to approach the last stage of life with courage and grace opening gates for their journeys beyond death and even escorting them to the Other Side Drawing on a

wealth of personal experience as well as many ancient and indigenous traditions Moss offers stories to inspire us and guide us He shares his extraordinary visionary relationship with the poet W B Yeats whose greatest ambition was to create a Western Book of the Dead to feed the soul hunger of our times Moss teaches us the truth of Chief Seattle s statement that there is no death we just change worlds
