Mary Angela O'Neal, 2019-02-14 This comprehensive resource covers a range of women's health issues and their intersection with neurologic and psychiatric disease. Chapters feature high quality integrated information based on leading edge research on gender specific care and are grouped by reproductive years, pregnancy and health and aging. Emerging science regarding sex differences in neurological and psychiatric illnesses including anxiety, reproductive health, conversion disorders, depression and ethical issues in pregnancy, stroke risk factors and successful aging strategies are covered along with clinical application of this knowledge to the delivery of care. In addition, in those medical problems that afflict both men and women, authors will point out the different risks, prevalence, presentations and responses to treatments or outcomes in women. Written by renowned experts in the field, this textbook will thoroughly address the educational needs of physicians, nurse practitioners and physician assistants in the areas of neurology, psychiatry, internal medicine and obstetrics and expanding their understanding of concerns unique to female patients.
