Perpetually cheerful and eager to please, Gracie Cooper strives to make the best out of every situation. So when her father dies just months after a lung cancer diagnosis, she sets aside her dreams of pursuing her passion for art to take over his Midtown Manhattan champagne shop. She soon finds out that the store's profit margins are being squeezed perilously tight, and complicating matters further, a giant corporation headed by the impossibly handsome but irritatingly arrogant Sebastian Andrews is proposing a buyout. But Gracie can't bear the thought of throwing away her father's dream like she did her own. Overwhelmed and not wanting to admit to her friends or family that she's having second thoughts about the shop, Gracie seeks advice and solace from someone she's never met: the faceless Sir, with whom she connected on a blind dating app where matches get to know each other through messages and common interests before exchanging real names or photos. But although Gracie finds herself slowly falling for Sir online, she has no idea she's already met him in real life, and they can't stand each other. *A Collector's Guide to Books on Japan in English* Jozef Rogala, 2012-10-12 For librarians and private collectors of books on Japan in English, Jozef Rogala's alphabetical guide will prove an invaluable and very accessible addition to existing bibliographic sources and references, not least because of the supporting biographies of major writers and the historical and cultural notes provided. Teaching Matters Third Edition depicts today's classrooms as they truly are while highlighting the enormous impact teachers have on students' lives. The book is organized around five professional commitments: learning from multiple sources of knowledge, using the curriculum responsibly, practicing equity-minded teaching, meeting the needs of individual students in the context of the classroom and school community, and contributing actively to the profession. The third edition focuses on the current landscape and challenges of supporting multi-racial, multi-ethnic, multi-lingual, and multi-ability classrooms across socio-economic levels and the relationships among students, families, communities, and educators. The latest academic approaches for teaching students who have disabilities, leveraging modern classroom technology, the role of legislation and funding, and updates on the current context of teaching and teacher preparation. New post-pandemic societal and educational contexts. Classroom and school reflections on practice written by current teachers and teacher leaders in real classrooms and real schools showing authentic best practices in action. Because Teaching Matters Third Edition tells the story of today's complex classrooms, it also drives home that though the decision to teach is a serious one, it is one that can be extremely rewarding.
