Social Media Design For Dummies Janine Warner, David LaFontaine, 2014-06-16 Learn to design professional and effective social media profiles Whether you're trying to attract a new employer or get new fans to notice your brand your social media profiles need to distinguish you from the masses Packed with the secrets behind the hottest Facebook timelines Twitter backgrounds and LinkedIn profiles this fun but straightforward guide shows you how to create eye catching social media profiles with a professional cohesive design Includes online resources and downloadable templates that allow you to make your own profiles quick and easy Reveals techniques for making a memorable and unique Twitter background Facebook profile and page LinkedIn profile Google profile and more Details ways in which to use Pinterest boards and cover photos to showcase your brand Shows you how to make the most of Rebelmouse and YouTube Social Media Design For Dummies is a must have introductory guide to creating a professional effective and cohesive design that will better communicate your brand's story to future partners employers and customers Discourse of Twitter and Social Media Michele Zappavigna, 2012-02-23 Examination of the effects of social media innovations on electronically mediated discourse focusing on interaction *Social Media Audit* Urs E. Gattiker, 2012-10-28 Social media has drastically improved the way we can reach target audiences and serve our customers Like its financial counterpart the social media audit SMA can be described as a formalized review of an organization's social media activities However contrary to financial audits social media audits are not guided by government regulations or a set of professional rules and standards This book will address social media marketing issues using a cost benefit approach while presenting a systematic approach to review the organization's social media activities Using the checklists and templates provided in this book will enable readers to conduct an audit that helps identify target areas for performance improvement and recommendations for how to achieve these objectives Social media platforms discussed include Facebook LinkedIn Google Plus Twitter Tumblr and Xing Following Searle on Twitter Adam Hodgkin, 2017-02-21 Twitter allows us to build communities track celebrities raise our social profile and promote a personal brand Adam Hodgkin thinks Twitter is much more than a mere social media tool it is a terrain ripe for a conceptual and theoretical analysis of our use of digital language In Following Searle on Twitter Hodgkin takes John Searle's theory of speech acts as Status Function Declarations SFDs speech acts that fulfill their meaning by saying the right words in the right context as a probe for understanding Twitter's institutional structure and the still developing toolset that it provides for its members He argues that Twitter is an institution built constituted and evolving through the use of SFDs Searle's speech act theories provide a framework for illuminating how Twitter membership arises how users of Twitter relate to each other by following and how increasingly complex content is conveyed with tweets Using this framework Hodgkin places language action intention and responsibility at the core of the digital culture and the digital institutions that we are constructing Combining theoretical perspective with a down to earth exposition of present day digital institutions Following Searle on

Twitter explores how all of our interactions with these emerging institutions are deeply rooted in language and are the true foundation of social media and contemporary institutions
