History of the Pipe Movement with Instructions on How to make Pipes with Diagrams Margaret James, 2017-09-15

This book contains a vintage guide to designing and constructing wooden pipe instruments Profusely illustrated and written in simple plain language this guide is perfect for those with little previous experience and is highly recommended for modern readers with an interest in hand making instruments Contents include The Story of Pipe making How to Make a Treble Pipe Materials and Tools Corks The Window and the Window sill The Passage Roof The Cork Making the Holes The Treble Pipe A Pipe when it is Made Difficulties in Obtaining a Good Note et cetera Many vintage books such as this are increasingly scarce and expensive We are republishing this volume now in an affordable modern high quality edition complete with its original artwork and text The Dancing Goddesses: Folklore, Archaeology, and the Origins of European Dance E. J. W.

Barber, 2013-02-11 From Southern Greece to northern Russia people living in agrarian communities have long believed in dancing goddesses mystical female spirits who spend their nights and days dancing in the fields and forests In The Dancing Goddesses archaeologist linguist and lifelong folkdancer Elizabeth Wayland Barber follows the trail of these spirit maidens long associated with fertility marriage customs and domestic pursuits from their early appearance in traditional folktales and harvest rituals to their more recent incarnations in fairytales and present day dance Illustrated with photographs maps and line drawings the result is a brilliantly original work that stands at the intersection of archaeology and folk traditions at once a rich portrait of our rich agrarian ancestry and an enchanting reminder of the human need to dance Six Lectures on the Recorder and Other Flutes in Relation to Literature Christopher Welch, 1911 **The System Bible Study**, 1922

Minstrels and Minstrelsy in Late Medieval England Richard Rastall, Andrew Taylor, 2023 A major new study piecing together the intriguing but fragmentary evidence surrounding the lives of minstrels to highlight how these seemingly peripheral figures were keenly involved with all aspects of late medieval communities Minstrels were a common sight and sound in the late Middle Ages Aristocrats knights and ladies heard them on great occasions such as Edward I's wedding feast for his daughter Elizabeth in 1296 and in quieter moments in their chambers town dwellers heard and saw them in civic processions when their sound drew attention to the spectacle and even in the countryside people heard them at weddings church ales and other parish celebrations But who were the minstrels and what did they do How did they live and how easily did they make a living How did they perform and in what conditions The evidence is intriguing but fragmentary including literary and iconographic sources and most importantly the financial records of royal and aristocratic households and of towns These offer many insights although they are often hard to fit into any coherent picture of the minstrels lives and their

place in society It is easy to see the minstrels as peripheral figures entertainers who had no central place in the medieval world Yet they were full members of it interacting with the ordinary people around them as well as with the ruling classes carrying letters and important verbal messages some lending huge sums of money to the king to finance Henry V s Agincourt campaign in 1415 for instance some regular and necessary civic servants some committing crimes or suffering the crimes of others In this book Rastall and Taylor bring to bear the available evidence to enlarge and enrich our view of the minstrel in late medieval society
