W A Vissert Hooft 1900 1985:

Visser 't Hooft, 1900-1985 Jurjen Zeilstra,2025-10-01 God s diplomat the pope of the ecumenical movement but also an acerbic theologian and a difficult person this is how journalists characterised Willem Adolf Visser t Hooft 1900 1985 He was one of the best known Dutch theologians outside the Netherlands and he left his mark on the world church Even at an early age he made profound efforts in support of international ecumenical youth and student organisations Dutch Student Christian Movement YMCA and World Student Christian Federation He led the World Council of Churches during its formative stages from 1938 and after its formal establishment in 1948 became its first general secretary serving until 1966 To Visser t Hooft the unity of the church was both an article of faith and a pragmatic organisation of church influence in a disunited world

Visser 't Hooft, 1900-1985 Jurjen Zeilstra,2020-05 1 A new and largely impartial view of Willem Adolf Visser t Hooft 2 A personalized mirror of 20th century history in general 3 A sharp tool to analyze church challenges then en perhaps even now

Willem Adolf Visser't Hooft Ans Joachim van der Bent,2000 *'Intimately Associated for Many Years'* Gerhard Besier,2015-09-01 The Anglican Bishop George Bell of Chichester and the General Secretary of the World Council of Churches Willem A Visser t Hooft of Geneva exchanged hundreds of letters between 1938 and 1958 The correspondence reproduced and commented upon here mirrors the efforts made across the ecumenical movement to unite the Christian churches and also to come to terms with an age of international crisis and conflict In these first decades of the World Council it was widely felt that the Church could make a noteworthy contribution to the mitigation of political tensions all over the world That s why Bell and Visser t Hooft talked not only to bishops and the clergy but also to the prime ministers and presidents of many countries They raised their voices in memoranda and published their public letters in important newspapers This was the World Council s most successful period

[The Encyclopedia of Christianity, Vol. 5](#) Erwin Fahlbusch,Geoffrey William Bromiley,1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth **The Church and Humanity** Andrew Chandler,2016-03-16 George Bell remains one of only a handful of twentieth century English bishops to possess a continuing international reputation for his involvement in political affairs His insistence that Christian faith required active participation in public life at home and abroad established an eminent and often provocative contribution to Christian ethics at large Bell s participation in the tragic history of the German resistance against Hitler has earned him an enduring place in the historiography of the Third Reich his February 1944 speech protesting against the obliteration bombing of Germany made in the House of Lords is still often considered one of the great prophetic speeches of the twentieth century Throughout his long career Bell became a leading light in the burgeoning ecumenical movement a supporter of refugees from dictatorships of all kinds a committed internationalist and a patron of the Arts This book draws together the work of leading international historians and theologians including Rowan Williams and makes an important

contribution to a range of ongoing political ecumenical and international debates

Unity as Prophetic Witness Michael Kinnamon, 2018-11-01 Visser 't Hooft and the Shaping of Ecumenical Theology Visser 't Hooft is perhaps the most distinguished figure in the modern ecumenical movement emerging in the postwar decades as a pivotal figure Under his leadership the World Council of Churches was officially constituted in 1948 by 147 Protestant and Orthodox Catholic denominations and the organization grew to include nearly 300 denominations in the following decades Visser 't Hooft played a major role in the inclusion of churches from communist countries in the World Council and he also sought to enlarge the role played by African Asian and Orthodox churches in the organization He served as editor of the Ecumenical Review from 1948 to 1966 He was also the author of numerous books on the ecumenical movement and the nature and functions of the church

The Encyclopedia of Christianity Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

Jesus Imandars and Christ Bhaktas Jonas Adelin Jørgensen, 2008 The massive changes of Christianity during the 20th century raise the perennial question about its identity in a new radical form The author addresses the question of identity and asks how globalisation religious pluralism and the polycentric nature of Christianity affect Christian self identification and theological reflection First religious life and theological reflection among believers in Jesus from Muslim and Hindu background in South Asia is presented in two empirical studies Secondly the findings are analysed and interpreted within a broad theoretical framework drawing on models for syncretistic processes from history of religions cultural anthropology and Christian theology Finally the study concludes with a systematic theological perspective on the interreligious hermeneutics underlying the changes of Christianity and discusses how interreligious hermeneutics might inform missiology as well as Christian theologies of religions and how this might challenge our understanding of the church's nature and mission In conclusion it is argued that a global polycentric Christianity can be interpreted as fellowship created by the Spirit and centred on Christ

The Westminster Collection of Christian Quotations Martin H. Manser, 2001-01-01 This absorbing anthology includes insightful sayings from major figures in Christian history as well as from the Bible making it an ideal companion for every stage of the spiritual journey

Minister's Prayer Book Mary Jane Haemig, Chris Halverson, Robb Harrell, 2020-02-04 Since it first appeared in print in 1959 John Doberstein's Minister's Prayer Book has been a devotional classic among Lutheran pastors Written by a pastor for other pastors Doberstein's work recognizes the need for the pastor to drink from a well of rich resources to sustain the spiritual vitality needed to serve faithfully in parish ministry The fact that this manual of devotion is still available more than fifty years later is a testament to the timelessness of the collection Doberstein gathered as well as to his own pastoral acumen Other than a minor revision made in 1986 by Philip Pfatteicher to update the prayers there has been no attempt to bring fresh material to Doberstein's work no attempt to update it for a new generation Until now This revised edition recognizes the increasingly diverse face of clergy New resources prayers and readings written by women people of color and Christians from around the world give the collection a broader appeal The beauty of the Minister's Prayer Book is its intentional re-centering of the pastor's calling on word and sacrament on pastoral care and on being fully present and engaged in the lives of God's people

The Eclipse of Liberal Protestantism in the Netherlands Tom-Eric Krijger, 2019-09-16 In *The Eclipse of Liberal Protestantism in the Netherlands* Tom-Eric Krijger is the first to offer a synthesis of the development of the Protestant modernist movement in Dutch religious social cultural and political life between 1870 and 1940 In historiography the liberal Protestant community is said to have lost appeal and influence in these decades due to a lack of theological clarity inner harmony and organisation Analysing liberal Protestants self-perception vis vis Christian orthodoxy self-understanding as a faith community attitude towards other alternatives to orthodoxy class consciousness literary criticism political commitment and involvement with foreign mission Krijger challenges this view Making an international comparison he argues that the Dutch modernist movement failed to make headway primarily due to liberal Protestant expectations and discourse

Global Dictionary of Theology William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two-way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial

perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A Dyrness, Veli Matti K rkk inen, Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry. Journals of Brother Roger of Taizé, Volume I Brother Roger, 2024-03-28. Roger Schutz, Marsauche, known as Brother Roger, is one of the most influential figures in Christianity in the twentieth century. He was founder and first prior of the Taizé Community in France, where tens of thousands of young Christians flock each year for their distinctive music and contemplative style of worship, spending time in prayer and reflection. But it is the community of monastic brothers from differing Christian traditions and over twenty five different countries who makes this contemplative experience possible. They stand as a parable of community and as a sign of unity in

the midst of a divided world and a divided Christianity This first volume of Brother Roger's journals covers his arrival in Taizé during World War II through to the 1960s in which young adults found the hill of Taizé in their searching These collected reflections on personal and current events offer an illuminating portrait of the founder of Taizé bringing to light key aspects of the community putting into practice the vision that inspired him The second volume of Brother Roger's Journals covers the years 1960-1972 focussing on the birth and initial preparation of a Council of Youth a project catalysed by the crisis in the Roman Catholic Church in the wake of the Second Vatican Council Brother Roger also details the ongoing life of the community the paths of his personal spiritual journey and other encounters across those remarkable years

Handbook of Dutch Church History Herman J. Selderhuis, 2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co-written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has taken the liberty to describe its own method The user will find in this book tables diagrams and illustrations Also many source texts are integrated in the narration These texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments
