Maxwell Anderson and the Marriage Crisis

Fonzie D. Geary II, 2022-10-23 This book focuses on the re evaluation of four Maxwell Anderson plays within the context of the emergence of the New Woman and the perception of a marriage crisis in the United States during the 1920s The four plays under consideration are White Desert 1923 Sea Wife 1924 Saturday s Children 1927 and Gypsy 1929 These plays are largely forgotten and even when the titles appear in Anderson scholarship coverage has tended to be cursory and dismissive This work represents a fresh approach and re assessment of an American playwright who bore a significant impact on the drama of his time serving not only to place Anderson s work more effectively within the context of American theatre during the 1920s but also to bridge the gap between his work and the marriage related plays of the late twentieth and early twenty first centuries

The Literatures of the U.S.-Mexican War Jaime Javier Rodríguez, 2010-05-01 The literary archive of the U S Mexican War 1846 1848 opens to view the conflicts and relationships across one of the most contested borders in the Americas Most studies of this literature focus on the war's nineteenth century moment of national expansion In The Literatures of the U S Mexican War Jaime Javier Rodríguez brings the discussion forward to our own moment by charting a new path into the legacies of a military conflict embedded in the cultural cores of both nations Rodríguez's groundbreaking study moves beyond the terms of Manifest Destiny to ask a fundamental question How do the war's literary expressions shape contemporary tensions and exchanges among Anglo Americans Mexicans and Mexican Americans By probing the war's traumas anxieties and consequences with a fresh attention to narrative Rodríguez shows us the relevance of the U S Mexican War to our own era of demographic and cultural change Reading across dime novels frontline battle accounts Mexican American writings and a wide range of other popular discourse about the war Rodríguez reveals how historical awareness itself lies at the center of contemporary cultural fears of a Mexican invasion and how the displacements caused by the war set key terms for the ways Mexican Americans in subsequent generations would come to understand their own identities Further this is also the first major comparative study

that analyzes key Mexican war texts and their impact on Mexico's national identity Striking Out Donald Capps, 2011-09-21 Whatever religion may have meant to the boy when he was younger in the teenage years it takes the form of a personal journey or quest. This journey is related to other aspects of his life and is integral to how he experiences himself and others. The title of this volume *Striking Out* has the connotation of the beginning of a journey that will take the boy in new directions but it also suggests the baseball metaphor of a batter being called out on strikes. The first sense is positive the second is negative. Together they express the anticipatory and hopeful nature of the venture but also the possibility that the undertaking may evoke feelings of fear, frustration and failure. By focusing on real life examples of teenage boys both historical and contemporary the book presents five typical manifestations of a boy's vulnerabilities as he sets forth on the journey: the stumbler, the struggler, the straggler, the straddler and the stranger. It explores the ways in which these vulnerabilities may contribute in positive ways to his personal growth and his religious maturity. Throughout this book Gordon W Allport's classic text *The Individual and His Religion* draws attention to the claim that a boy's religious sentiment may play a decisive role in the integration of his personality despite its inevitable disparities and uncertainties and the real life examples are presented as evidence that this religious sentiment provides direction and clarity of vision as the boy looks toward the future.

Playing Dystopia Gerald Farca, 2018-11-05 Video games permeate our everyday existence. They immerse players in fascinating gameworlds and exciting experiences often inviting them in various ways to reflect on the enacted events. Gerald Farca explores the genre of dystopian video games and the player's aesthetic response to their nightmarish gameworlds. Players he argues will gradually come to see similarities between the virtual dystopia and their own offline environment thus learning to stay wary of social and political developments. In his analysis Farca draws from a variety of research fields such as literary theory and game studies combining them into a coherent theory of aesthetic response to dystopian games.

Implementing Communities of Practice in Higher Education Jacquie McDonald, Aileen Cater-Steel, 2016-11-23 In this edited collection the authors pick up the communities of practice (CoP) approach of sharing practice in their reflection on the experience of taking their CoP vision from a dream to reality. Their stories articulate the vision, the passion and the challenge of working within and/or changing existing institutional culture and practice. The book discusses strategies that worked and considers the lessons learnt to inspire future dreamers and schemers. The multiple perspectives provided in the case studies will assist higher education leaders as well as academic and professional staff in establishing or assessing CoPs. The book offers insights into implementation strategies, practical guidelines and ideas on how CoP theoretical underpinnings can be tailored to the higher education context.

How Globalization Spurs Terrorism Fathali M. Moghaddam, 2008-08-30 This book explores modern Islamic terrorism in the context of globalization and cultural evolution. 21st century terrorism is different and new first because it relies heavily on electronic communication systems and other aspects of modern technologies and second because it is in large part a product of fractured globalization with its

associated threats to the collective identity of Muslims Part one of this work contrasts globalization as an ideal with globalization as it is actually taking place with its enormous contradictions and threats Moghaddam a longtime and highly respected terrorism and conflict researcher argues that globalization is resulting in serious threats to the basic psychological needs of some particularly in connection with collective identity Part two explores how globalization has brought sudden contact between different groups with no previous history of large scale contact resulting in a rapid decline in diversity Terrorism is one of the dysfunctional defense mechanisms of people in such conditions facing external threats Part three describes long term solutions focusing particularly on the role of women and the nature of the family in traditional Islamic societies Moghaddam shows us why globalization is resulting in what he calls catastrophic evolution the rapid decline and disappearance of minority cultures and languages and why that brings a clash of ideologies and the rise of extremism There are also other dangerous trends and those call for inspired solutions springing from an understanding that traditional conflict resolution evolved in the shadow of the Cold War is no longer effective and needs to change

Generative Mechanisms Transforming the Social Order Margaret S. Archer, 2015-02-18 This volume examines how generative mechanisms emerge in the social order and their consequences It does so in the light of finding answers to the general question posed in this book series Will Late Modernity be replaced by a social formation that could be called Morphogenic Society This volume clarifies what a generative mechanism is to achieve a better understanding of their social origins and to delineate in what way such mechanisms exert effects within a current social formation either stabilizing it or leading to changes potentially replacing it The book explores questions about conjuncture convergence and countervailing effects of morphogenetic mechanisms in order to assess their impact Simultaneously it looks at how products of positive feedback intertwine with the results of morphostatic negative feedback This process also requires clarification especially about the conditions under which morphostasis prevails over morphogenesis and vice versa It raises the issue as to whether their co existence can be other than short lived The volume addresses whether or not there also is a process of morpho necrosis i e the ultimate demise of certain morphostatic mechanisms such that they cannot recover The book concludes that not only are generative mechanisms required to explain associations between variables involved in the replacement of Late Modernity by Morphogenic Society but they are also robust enough to account for cases and times when such variables show no significant correlations

Iconquiahua. Vivencias y reflexiones en torno a la restauración del campo mexicano Víctor Manuel Casas Pérez, 2025-04-22 El libro es dirigido a estudiantes y jóvenes profesionistas médicos veterinarios zootecnistas El Dr Casas nos brinda un relato de su vida como fundamento para entender una serie de reflexiones sobre nuestra alienación del campo y la serie de transformaciones que hemos causado Y busca la reflexión sobre la factibilidad de fomentar una nueva visión para una producción agropecuaria vinculada con el mantenimiento de la biodiversidad y su función Principios no anecdóticos sino de cada vez mayor mención en la agenda de conservación a nivel mundial Sin embargo estoy seguro de que será una lectura

interesante y es muy útil para jóvenes de otras profesiones similares de las áreas biológicas tanto como otras no biológicas y de las ciencias sociales y humanas pero para jóvenes finalmente quienes son los ahora los más conscientes de la necesidad de un cambio en nuestra actitud hacia el ambiente The New Yorker Harold Wallace Ross, Katharine Sergeant Angell White, 2004

Las revolucionarias Estela González de Sande, Ángeles Cruzado Rodríguez, 2009 **Force** Henry Petroski, 2022-09-20 An eminent engineer and historian tackles one of the most elemental aspects of life how we experience and utilize physical force Another gem from a master of technology writing Kirkus Reviews Force explores how humans interact with the material world in the course of their everyday activities This book for the general reader also considers the significance of force in shaping societies and cultures Celebrated author Henry Petroski delves into the ongoing physical interaction between people and things that enables them to stay put or causes them to move He explores the range of daily human experience whereby we feel the sensations of push and pull resistance and assistance The book is also about metaphorical force which manifests itself as pressure and relief achievement and defeat Petroski draws from a variety of disciplines to make the case that force represented especially by our sense of touch is a unifying principle that pervades our lives In the wake of a prolonged global pandemic that increasingly cautioned us about contact with the physical world Petroski offers a new perspective on the importance of the sensation and power of touch
