Walk In Hell The Great War Book :

Walk in Hell (The Great War, Book Two) Harry Turtledove, 2006-07-25 Harry Turtledove is probably the best known practitioner of alternate history working today American Heritage The year is 1915 and the world is convulsing Though the Confederacy has defeated its northern enemy twice this time the United States has allied with the Kaiser In the South the freed slaves fueled by Marxist rhetoric and the bitterness of a racist nation take up the weapons of the Red rebellion Despite these advantages the United States remains pinned between Canada and the Confederate States of America so the bloody conflict continues and grows Both presidents Theodore Roosevelt of the Union and staunch Confederate Woodrow Wilson are stubbornly determined to lead their nations to victory at any cost *Breakthroughs (The Great War, Book Three)* Harry Turtledove, 2006-07-25 Anyone who loves history will love what Harry Turtledove can do with it Larry Bond New York Times bestselling author of Day of Wrath Is it the war to end all wars or war without end What began as a conflict in Europe when Germany unleashed a lightning assault on its enemies soon spreads to North America as a long simmering hatred between two independent nations explodes in bloody combat Twice in fifty years the Confederate States of America had humiliated their northern neighbor Now revenge may at last be at hand Turtledove has proved he can divert his readers to astonishing places He s developed a cult following over the years and if you ve already been there done that will real history novelists Patrick O Brian Dorothy Dunnett or George MacDonald Fraser for your Next Big Enthusiasm you might want to try Turtledove I know I d follow his imagination almost anywhere San Jose Mercury News *American Front (The Great War, Book One)* Harry Turtledove, 2006-09-19 This is state of the art alternate history nothing less Publishers Weekly starred review When the Great War engulfed Europe in 1914 the United States and the Confederate States of America bitter enemies for five decades entered the fray on opposite sides the United States aligned with the newly strong Germany while the Confederacy joined forces with their longtime allies Britain and France But it soon became clear to both sides that this fight would be different that war itself would never be the same again For this was to be a protracted global conflict waged with new and chillingly efficient innovations the machine gun the airplane poison gas and trench warfare Across the Americas the fighting raged like wildfire on multiple and far flung fronts As President Theodore Roosevelt rallied the diverse ethnic groups of the northern states Irish and Italians Mormons and Jews Confederate President Woodrow Wilson struggled to hold together a Confederacy still beset by ignorance prejudice and class divisions And as the war thundered on southern blacks oppressed for generations found themselves fatefully drawn into a climactic confrontation **The Great War** Harry Turtledove, 2000 Meanwhile the new and poisonous weapons of tanks gas and planes are starting to make their presence felt at the front It s total war for the first time in human history and ordinary people on both sides are the one to begin to suffer BOOK JACKET *The Big Switch (The War That Came Early, Book Three)* Harry Turtledove, 2012-06-26 In 1941 Winston Churchill was Hitler s worst enemy Then a Nazi secret agent changed everything What if Neville Chamberlain instead of

appeasing Hitler had stood up to him in 1938 Enraged Hitler reacts by lashing out at the West promising his soldiers that they will reach Paris by the new year Instead three years pass and with his genocidal apparatus not fully in place Hitler barely survives a coup while Jews cling to survival and England and France wonder whether the war is still worthwhile The stage is set for World War II to unfold far differently from the history we know courtesy of Harry Turtledove wizard of what if in the continuation of his thrilling series The War That Came Early Through the eyes of characters ranging from a brawling American serving with the Abraham Lincoln Brigade in Spain to a woman who has seen Hitler s evil face to face The Big Switch rolls relentlessly forward into 1941 As the Germans and their Polish allies slam into the gut of the Soviet Union in the west Japan pummels away in the east Meanwhile in the trenches of France French and Czech forces are outmanned but not outfought by their Nazi enemy Then the stalemate is shattered In England Winston Churchill dies suddenly leaving the gray men wondering who their real enemy is And as the USSR makes peace with Japan the empire of the Rising Sun looks westward its war with America about to begin

Upsetting the Balance (Worldwar, Book Three) Harry Turtledove,2002-01-08 Russia Communist China Japan Nazi Germany the United States they began World War II as mortal enemies But suddenly their only hope for survival never mind victory was to unite to stop a mighty foe one whose frightening technology appeared invincible Far worse beings than the Nazis were loose From Warsaw to Moscow to China s enemy occupied Forbidden City the nations of the world had been forced into an uneasy alliance since humanity began its struggle against overwhelming odds In Germany where the banshee wail of hostile jets screamed across the land caches of once forbidden weapons were unearthed and unthinkable tactics were employed against the enemy Brilliantly innovative military strategists confronted challenges unprecedented in the history of warfare Even as lack of fuel forced people back to horse and carriage physicists worked feverishly to create the first nuclear bombs with horrifying results City after city joined the atomic pyre as the planet erupted in fiery ruins Yet the crisis continued on land sea and in the air as humanity writhed in global combat The tactics of daredevil guerrillas everywhere became increasingly ingenious against a superior foe whose desperate retaliation would grow ever more fearsome No one had ever put the United States or the world in such deadly danger But if the carnage and annihilation ever stopped would there be any pieces to pick up

The Victorious Opposition (American Empire, Book Three) Harry Turtledove,2004-04-27 A colossal and brilliant saga This novel may be the strongest and most compelling since the opener How Few Remain Publishers Weekly starred review Seventy years have passed since the first War Between the States Jake Featherston leader of the ruling Freedom Party has won power in the South and is taking his country and the world to the edge of an abyss Charismatic and shrewd he is whipping the Confederate States into a frenzy of hatred Blacks are being rounded up and sent to prison camps and the persecution has just begun As the North stumbles through a succession of leaders Featherston is feeling his might With the U S A locked in a bitter bloody occupation of Canada facing an intractable rebellion in Utah and fatigued from a war in the Pacific against

Japan Featherston may pursue one dangerous proposition above all that he can defeat the U S A in an all out war Praise for The Victorious Opposition Turtledove s Great War American Empire series is an epic achievement a meticulously worked out alternate history of the twentieth century s great two act tragedy Bravo A fine performance by a master craftsman S M Stirling author of Island in the Sea of Time Anyone who loves history will love what Harry Turtledove can do with it Larry Bond New York Times bestselling author of Red Phoenix

In the Balance (Worldwar, Book One) Harry Turtledove,2002-01-08 Suppose Roosevelt Stalin Churchill Hitler and Hirohito had united to conquer an even greater foe No one could top their power not the Germans not the Japanese not the Russians not the United States From Pearl Harbor to panzers rolling through Paris to the Siege of Leningrad and the Battle of Midway war seethed across the planet as flames of destruction rose higher and hotter And then suddenly the real enemy came The invaders seemed unstoppable their technology far beyond human reach And never before had men been more divided For Jew to unite with Nazi American with Japanese and Russian with German was unthinkable But the alternative was even worse As the fate of the world hung in the balance slowly painfully humankind took up the shocking challenge

Krispos Rising (The Tale of Krispos, Book One) Harry Turtledove,2008-12-30 Videssos was beset by enemies abroad and had fallen into decadence at home But on his first night in the imperial capital The Empire s health mattered less to Krispos than finding a dry place to sleep Driven by crushing taxes from the farm where his family had lived and died Krispos had come to the city seeking what fortune a good mind and a strong back could earn He had a single goldpiece to his name the gift years past of a nomad chieftain to a ragged peasant boy Now though the night was raw and the inn was warm he was loath to spend that coin for the barbarian had claimed it carried magic Keep his lucky goldpiece or trade it for a warm dry bed Krispos tucked the coin away and stepped back into the wet streets all unaware that so simple a choice would lead to a world of peril and possibility

West and East (The War That Came Early, Book Two) Harry Turtledove,2011-05-24 What if British prime minister Neville Chamberlain had defied Hitler What if the Munich Accord had gone unsigned and Nazi Germany had launched its bid for conquest sooner How would World War II have unfolded and with what consequences Dean of alternate history Harry Turtledove has the stunning answers in his breathtaking sequel to Hitler s War In the wake of Hitler s bold invasion of Czechoslovakia nations turn against nations old enemies form new alliances and ordinary men and women confront extraordinary life and death situations An American marine falls in love with a Russian dancer in Japanese held Singapore as Chinese guerilla resistance erupts A sniper on the frontlines of France finds a powerful new way to ply his deadly art while a German assassin hunts him In the icy North Atlantic as a U boat with a secret weapon wreaks havoc on British ships occupying Nazi forces target Denmark And in Germany a stranded American woman encounters Hitler himself as a Jewish family faces the rising tide of hatred From Siberia to Spain armies clash sides are chosen new weapons raise the deadly ante and new strategies seek to break a growing stalemate But one question hangs over the conflict from West to East What will it take to bring America into this war

The Confederate States of America Roger L. Ransom, 2005 What if Lee had avoided defeat at Gettysburg In the right hands the what if question can give us unusual access to the fascinations of history

Striking the Balance (Worldwar, Book Four) Harry Turtledove, 2002-01-08 WORLDWAR BOOK 4 At the bloody height of World War II the deadliest enemies in all of human history were forced to put aside their hatreds and unite against an even fiercer foe a seemingly invincible power bent on world domination With awesome technology the aggressors swept across the planet sowing destruction as Tokyo Berlin and Washington D C were A bombed into submission Russia Nazi Germany Japan and the U S were not easily cowed however With cunning and incredible daring they pressed every advantage against the invader s superior strength and led by Stalin began to detonate their own atom bombs in retaliation City after city explodes in radioactive firestorms and fears grow as the worldwide resources disappear will there be any world left for the invaders to conquer or for the uneasy allies to defend While Mao Tse tung wages a desperate guerrilla war and Hitler drives his country toward self destruction United States forces frantically try to stop the enemy s push from coast to coast Yet in this battle to stave off world domination unless the once great military powers take the risk of annihilating the human race they ll risk losing the war The fatal final deadline arrives in Harry Turtledove s grand smashing finale to the Worldwar series as uneasy allies desperately seek a way out of a no win no survival situation a way to live free in a world that may soon be bombed into atomic oblivion

Blood and Iron (American Empire, Book One) Harry Turtledove, 2006-07-25 Blood and Iron is a masterpiece Sci Fi Weekly World War I The Great War has ended and an uneasy peace reigns around the world Nowhere is it more fragile than on the continent of North America where bitter enemies share a single landmass and two long bloody borders In the North proud Canadian nationalists try to resist the colonial power of the United States In the South the once mighty Confederate States have been pounded into poverty and merciless inflation The time is right for madmen demagogues and terrorists With Socialists rising to power in the U S and a dangerous fanatic in the Confederacy preaching a doctrine of hate more than enough people are eager to return the world to war A master storyteller as well as a trained historian with an imagination Turtledove has succeeded in taking title as the premier writer in alternate history relentlessly asking what if one or two key events in our reality happened differently The result is fascinating Houston Chronicle Turtledove is a master at weaving details of ordinary life into a much bigger canvas to produce a world that so easily could have been our own It is what keeps readers coming back for more Tulsa World

Two Fronts Harry Turtledove, 2013 As the Spanish civil war drags on and the United States fights Japan in the Pacific Nazi Germany fights Russia in Eastern Europe as new nationalist powers arise

Inventing Custer Edward Caudill, Paul Ashdown, 2015-09-03 Custer s Last Stand remains one of the most iconic events in American history and culture Had Custer prevailed at the Little Bighorn the victory would have been noteworthy at the moment worthy of a few newspaper headlines In defeat however tactically inconsequential in the larger conflict Custer became legend In *Inventing Custer The Making of an American Legend* Edward Caudill and Paul Ashdown bridge the gap

between the Custer who lived and the one we've immortalized and mythologized into legend. While too many books about Custer treat the Civil War period only as a prelude to the Little Bighorn, Caudill and Ashdown present him as a product of the Civil War Reconstruction Era and the Plains Indian Wars. They explain how Custer became mythic, shaped by the press and changing sentiments toward American Indians, and show the many ways the myth has evolved and will continue to evolve as the United States continues to change.

Aftershocks (Colonization, Book Three) Harry Turtledove, 2002-01-08. ONE OF THE MOST MEMORABLE SERIES OF ALTERNATIVE HISTORY NOVELS EVER WRITTEN. Science Fiction Age. World War II has evolved into decades of epic struggles and rebellions targeting the aliens known as the Race. As the 1960s begin, one of Earth's great powers launches a nuclear strike against the Race's colonization fleet, and the merciless invaders find themselves confronting a far more complex and challenging species than any they have encountered before. Ultimately, only superior firepower may keep Earth under the Empire's control, or it may destroy the world. While uprisings and aftershocks of war shake the planet, one nation plots a stunning counterattack. Hugo winner Turtledove lives up to his billing as the grand master of alternative history. This novel is altogether excellent. Publishers Weekly starred review.

The Grapple (Settling Accounts, Book Three) Harry Turtledove, 2007-06-26. A profoundly thoughtful masterpiece of alternate history. Booklist. It is 1943, the third summer of the new war between the Confederate States of America and the United States, a war that will turn on the deeds of ordinary soldiers, extraordinary heroes, and a colorful cast of spies, politicians, rebels, and everyday citizens. The CSA president, Jake Featherston, seems to have greatly miscalculated the North's resilience. But as new, demonic tools of killing are unleashed, secret wars are unfolding. The U.S. government in Philadelphia has proof that the tyrannical Featherston is murdering African Americans by the tens of thousands in a Texas gulag called Determination. And the leaders of both sides know full well that the world's next great power will not be the one with the biggest army, but the nation that wins the race against nature and science and smashes open the power of the atom. Praise for *The Grapple*: Turtledove never tires of exploring the paths not taken, bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations. Library Journal. One of the strongest books in the extended series. SfSite. Compelling. Publishers Weekly.

The Center Cannot Hold (American Empire, Book Two) Harry Turtledove, 2002-06-25. In this spectacular, thought-provoking epic of alternate history, Harry Turtledove has created an unparalleled vision of social upheaval, war, and cutthroat politics in a world very much like our own, but with dramatic differences. It is 1924, a time of rebuilding from the slow reconstruction of Washington's most honored monuments to the reclamation of devastated cities in Europe and Canada. In the United States, the Socialist Party, led by Hosea Blackford, battles Calvin Coolidge to hold on to the Powell House in Philadelphia. And it seems as if the Socialists can do no wrong: for the stock market soars and America enjoys prosperity unknown in a half-century. But as old names like Custer and Roosevelt fade into history, a new generation faces new uncertainties. The Confederate States, victorious in the War of Secession and in the Second Mexican War, but at last

tasting defeat in the Great War suffer poverty and natural calamity The Freedom Party promises new strength and pride But if its chief seizes the reins of power he may prove a dangerous enemy for the hated U S A Yet the United States take little note Sharing world domination with Germany they consider events in the Confederacy of little consequence As the 1920s end calamity casts a pall across the continent With civil war raging in Mexico terrorist uprisings threatening U S control in Canada and an explosion of violence in Utah the United States are rocked by uncertainty In a world of occupiers and the occupied of simmering hatreds shattered lives and pent up violence the center can no longer hold And for a powerful nation the ultimate shock will come when a fleet of foreign aircraft rain death and destruction upon one of the great cities of the United States

Drive to the East (Settling Accounts, Book Two) Harry Turtledove, 2006-05-30 Turtledove never tires of exploring the paths not taken bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations Library Journal It s 1942 For twenty five years the USA and the CSA have been entrenched in an era of simmering hatred locked in a tangle of blood soaked battle lines modern weaponry desperate strategies and the kind of violence that only the damned could conjure up for themselves and their enemies In Richmond Confederate president and dictator Jake Featherston is shocked by what his own aircraft have done in Philadelphia killing U S president Al Smith in a barrage of bombs Featherston presses ahead with a secret plan carried out on the dusty plains of Texas where a so called detention camp hides a far more evil purpose As the untested U S vice president takes over for Smith the United States face a furious thrust by the Confederate army pressing inexorably into Pennsylvania But with the industrial heartland under siege Canada in revolt and U S naval ships fighting against the Japanese in the Sandwich Islands the most dangerous place in the world may be overlooked First time readers can jump in and enjoy Turtledove s richly rearranged cultural and political landscape The Kansas City Star Engrossing thoroughly satisfying Publishers Weekly
