Western Queers in China D. E. Mungello, 2012-02-16 This unique work examines the role played by sexuality in the historical encounter between China and the West Distinguished historian D E Mungello focuses especially on Western homosexuals who saw China as a place of escape from the homophobia of Europe and North America His groundbreaking study traces the lives of two dozen men many previously unknown to have same sex desire who fled to China and in the process influenced perceptions of Chinese culture to this day Their individual stories encompass flight from homophobia in their home countries the erotic attraction of Chinese boy actors friendships with Chinese men intellectual connections with the Chinese and the reorientation of Western aesthetics toward China Mungello explores historical attitudes and the atmosphere of oppression toward men with same sex desire as he recounts the intensification of repression of queers in Europe and North America in the late nineteenth century He shows how China became a place of escape a homosexual land of Oz where men could flee from the closets of their minds Some traveled to China and lived there others immersed themselves in Chinese culture at a distance Most established long term friendships and acted as cultural intermediaries who opened the aesthetic range of Western culture to a new sense of beauty and a fresh source of inspiration for poets artists and dramatists Their boys Chinese males whose services were available at low cost as messengers rickshaw pullers guides cooks entertainers escorts and prostitutes were transformed into a universal metaphor of Chinese culture that lingers to this day Indeed outside men s range of relationships intellectual and physical have had a profound impact in shaping the modern Western conception of China [The Great Encounter of China and the West, 1500-1800](#) D. E. Mungello, 2024-09-17 For the Chinese the drive toward growing political and economic power is part of an ongoing effort to restore China s past greatness and remove the lingering memories of history s humiliations This widely praised book explores the 1500 1800 period before China s decline when the country was viewed as a leading world culture and power Europe by contrast was in the early stages of emerging from provincial to international status while the United States was still an uncharted wilderness D E

Mungello argues that this earlier era ironically may contain more relevance for today than the more recent past Building on the author's decades of research and teaching this compelling book illustrates the vital importance of history to readers trying to understand China's renewed rise

Queer Chimerica Shana Leodar Ye, 2024-09-19 Blending archival work ethnography and cultural analysis with memoir graphic arts and science fiction *Queer Chimerica* unpacks the ways in which the transnational circulation of queer culture politics and institutions are structured through the antagonist interdependence of China and the United States By examining the intersecting timelines of the rise of queer theory and the rise of China in the late Cold War era Shana Ye explores the relationship between the discourse of queer fluidity and capital's demands for labor flexibility Drawing on rare archival material and oral historical accounts of queer life from the 1950s to the late 2010s the author shows how these accounts make sense of the variegated landscapes of desires transformations and conundrums in postsocialist China The author illustrates party cadres in the Cultural Revolution tongzhi activism mediated by the explosive politics of Tiananmen upheaval HIV AIDS community outreach workers feminist artists and digital activists leftist queer theorists and fictional bio engineers layering these vivid depictions to reveal the poetic messiness of queer world making *Queer Chimerica* offers insight into the governmentality of LGBT rights the rules of legibility and recognition the geo and bio politics of identity and the class ridden appropriation of queer history and community Thus understanding the production of queerness unveils the uneven distributions of capital knowledge affect and opportunity that reproduce queer precarity and agency

Interracial Lovers in Revolutionary China D. E. Mungello, 2023-07-14 In the twentieth century China underwent a monumental dynastic change and was transformed from an outmoded monarchy into a modern communist state This century of revolutionary change was marked by political upheaval and social chaos It was a period in which Chinese began to go abroad to study and conduct business while foreigners came to China for economic opportunity and adventure In the process Chinese and foreigners began to meet and form romantic relationships These love affairs fengliu yunshi are notable because they coincided with the last phase of Western imperialism including its lingering racial prejudices and even laws against interracial sexual relationships Conversely in China there were periodic outbreaks of hostility and violence against foreigners This book explores the interracial relationships of twenty two people who transcended these obstacles to cross color lines and fall in love

The Catholic Invasion of China D. E. Mungello, 2015-07-01 The culmination of D E Mungello's forty years of study on Sino Western history this book provides a compelling and nuanced history of Roman Catholicism in modern China As the author vividly shows when China declined into a two century cycle of poverty powerlessness and humiliation the attitudes of Catholic missionaries became less accommodating than their famous Jesuit predecessors He argues that invasion accurately characterizes the dominant attitude of Catholic missionaries especially the French Jesuits in their attempt to introduce Western religion and culture into China during the nineteenth and early twentieth century Elements of this attitude lingered until the end of the last century when many Chinese felt that Pope John

Paul II's canonization of 120 martyrs reflected the imposition of an imperialist mentality. In this important work Mungello corrects a major misreading of modern Chinese history by arguing that the growth of an indigenous Catholic church in the twentieth century transformed the negative aspects of the invasion into a positive Chinese religious force. Queer Kinship after Wilde Kristin Mahoney, 2022-10-06 *Queer Kinship after Wilde* investigates the afterlife of the Decadent Movement's ideas about kinship, desire, and the family during the modernist period within a global context. Drawing on archival materials including diaries, correspondence, unpublished manuscripts, and photograph albums, it tells the story of individuals with ties to late Victorian Decadence and Oscar Wilde who turned to the fin de siècle past for inspiration as they attempted to operate outside the heteronormative boundaries restricting the practice of marriage and the family. These post-Victorian Decadents and Decadent modernists engaged in translation, travel, and transnational collaboration in pursuit of different models of connection that might facilitate their disentanglement from conventional sexual and gender ideals. *Queer Kinship after Wilde* attends to the successes and failures that resulted from these experiments, the new approaches to affiliation inflected by a cosmopolitan or global perspective that occurred within these networks, as well as the practices marked by Decadence's troubling patterns of Orientalism and racial fetishism. *Out of China* Robert Bickers, 2017-03-30 SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today. Even at the high noon of Europe's empires, China managed to be one of the handful of countries not to succumb. Invaded, humiliated, and looted, China nonetheless kept its sovereignty. Robert Bickers' major new book is the first to describe fully what has proved to be one of the modern era's most important stories: the long, often agonising process by which the Chinese, by the end of the 20th century, regained control of their own country. *Out of China* uses a brilliant array of unusual, strange, and vivid sources to recreate a now fantastically remote world: the corrupt, lurid modernity of pre-War Shanghai; the often tiny patches of extra-territorial land controlled by European powers, one of which unnoticed had mostly toppled into a river; the entrepôts of Hong Kong and Macao; and the myriad means through armed threats, technology, and legal chicanery by which China was kept subservient. Today, Chinese nationalism stays firmly rooted in memories of its degraded past: the quest for self-sufficiency, a determination both to assert China's standing in the world and its outstanding territorial claims, and never to be vulnerable to renewed attack. History matters deeply to Beijing's current rulers, and *Out of China* explains why.

Remember This D. E. Mungello, 2016-05-17 The Mungellos pronounced mun-JEL-os were Italian-American children of Vesuvius. Raffaele was a builder, Marianna was a businesswoman. Filippo died in a gang murder in Pittsburgh. They fled the threats of the Black Hand, going to a booming coal-mining town and opening movie theaters. Dominic graduated from college during the Great Depression. The shadow of the gang pursued them, leading to labor disputes and arson which destroyed their new theater. On the East and West coasts, Evelyn and Marianne had simultaneous backstreet affairs with powerful and wealthy men. There was a murder trial for the questionable death of an adopted son from El Salvador. At Berkeley, David had

an adulterous same sex love affair with Carl Wittman a national leader in SDS and Gay Liberation Their love affairs projected them up the ladder of American success as they damned one another to their deaths This is a true story The English Renaissance and the Far East Adele Lee,2017-10-25 The English Renaissance and the Far East Cross Cultural Encounters is an original and timely examination of cultural encounters between Britain China and Japan It challenges accepted Anglocentric models of East West relations and offers a radical reconceptualization of the English Renaissance suggesting it was not so different from current developments in an increasingly Sinocentric world and that as China in particular returns to a global center stage that it last occupied pre 1800 a curious and overlooked synergy exists between the early modern and the present Prompted by the current eastward tilt in global power in particular towards China Adele Lee examines cultural interactions between Britain and the Far East in both the early modern and postmodern periods She explores how key encounters with and representations of the Far East are described in early modern writing and demonstrates how work of that period particularly Shakespeare has a special power today to facilitate encounters between Britain and East Asia Readers will find the past illuminating the present and vice versa in a book that has at its heart resonances between Renaissance and present day cultural exchanges and which takes a cyclical long view of history to offer a new innovative approach to a subject of contemporary importance **Transtopia in the Sinophone Pacific** Howard Chiang,2021-04-06 As a broad category of identity transgender has given life to a vibrant field of academic research since the 1990s Yet the Western origins of the field have tended to limit its cross cultural scope Howard Chiang proposes a new paradigm for doing transgender history in which geopolitics assumes central importance Defined as the antidote to transphobia transtopia challenges a minoritarian view of transgender experience and makes room for the variability of transness on a historical continuum Against the backdrop of the Sinophone Pacific Chiang argues that the concept of transgender identity must be rethought beyond a purely Western frame At the same time he challenges China centrism in the study of East Asian gender and sexual configurations Chiang brings Sinophone studies to bear on trans theory to deconstruct the ways in which sexual normativity and Chinese imperialism have been produced through one another Grounded in an eclectic range of sources from the archives of sexology to press reports of intersexuality films about castration and records of social activism this book reorients anti transphobic inquiry at the crossroads of area studies medical humanities and queer theory Timely and provocative Transtopia in the Sinophone Pacific highlights the urgency of interdisciplinary knowledge in debates over the promise and future of human diversity **Encountering China's Past** Lintao Qi,Shani Tobias,2022-04-12 This book features articles contributed by leading scholars and scholar translators in Translation Studies and Chinese Studies from around the world Written in English the articles examine the translation of classical Chinese literature from classics to poetry from drama to fiction into a range of Asian and European languages including Japanese English French Czech and Danish The collection therefore provides a platform for readers to make comparative and critical readings of scholarship across

languages cultures disciplines and genres With its integration of textual and paratextual materials this collection of essays is of potential interest to not only academics in the area of Translation Studies Chinese Studies Literary Studies and Intercultural Communications but it may also appeal to communities outside the academia who simply enjoy reading about literature

IN CHINA Bert Stern,2014-08-18 Racism and the Making of Gay Rights Laurie Marhoefer,2022-04-27 In 1931 a sexologist arrived in colonial Shanghai to give a public lecture about homosexuality In the audience was a medical student The sexologist Magnus Hirschfeld fell in love with the medical student Li Shiu Tong Li became Hirschfeld s assistant on a lecture tour around the world Racism and the Making of Gay Rights shows how Hirschfeld laid the groundwork for modern gay rights and how he did so by borrowing from a disturbing set of racist imperial and eugenic ideas Following Hirschfeld and Li in their travels through the American Dutch and British empires from Manila to Tel Aviv to having tea with Langston Hughes in New York City and then into exile in Hitler s Europe Laurie Marhoefer provides a vivid portrait of queer lives in the 1930s and of the turbulent often forgotten first chapter of gay rights From Sodomy Laws to Same-Sex Marriage Sean Brady,Mark Seymour,2019-07-25 Inspired by recent adoptions of same sex marriage From Sodomy Laws to Same Sex Marriage provides international perspectives on the legal and social history of same sex relationships from the early 19th century to the present Its emphasis is on areas where the impetus for change has been most noticeable Europe the Americas and Australasia From Sodom and Gomorrah to Britain s sodomy laws and continental Europe s abhorrence of sexual acts against nature the history of same sex love traditionally ranged from fire and brimstone maledictions to secrecy and scandal Until recently legal positions across the western world reflected the legacies of the British and French empires as well as Christianity particularly Catholicism In recent years however there has been a revolution in attitudes towards same sex relationships This poses hitherto unanswered questions what historical complexities lie behind the revolutionary shift from punitive attitudes to legal endorsement of same sex relationships Given the cultural variety of historical attitudes to same sex relationships why has their legal acceptance been so international The essays in this volume provide answers to these

questions offering the first international overview of the topic While other studies have attempted to explain the change in legal and social treatment of same sex relationships in a national context or within a shorter time frame this is the first volume to examine the topic from the French Revolution to the present day bringing together a diverse array of perspectives over a range of countries It is an important volume for students and scholars of queer history the history of sexuality law and sociology

This Suffering Is My Joy D. E. Mungello, 2021-03-29 Tracing the little known history of the first underground Catholic church in China noted scholar D E Mungello illuminates the period between the imperial expulsion of foreign Christian missionaries in 1724 and their return with European colonialism in the 1800s Few realize that this was the first time in which Chinese rather than Europeans came to control their own church as Chinese clergy and lay leaders maintained communities of clandestine Catholics Mungello follows the church in a time of persecution focusing in particular on the role of Chinese clergy and lay leaders in maintaining communities of clandestine Catholics during the eighteenth century He highlights the parallels between the 1724 and 1951 expulsions of missionaries from China the first driven by a Chinese imperial system and the second by a revolutionary Communist government The two periods also reflected foreign bias against the Chinese priests and laity and questions about their spiritual depth and constancy However Mungello shows that the historical record of incarcerated and interrogated Christians reveals a spiritually inspired resistance to government oppression and a willingness to suffer often to the point of martyrdom

Intersectional Perspectives on LGBTQ+ Issues in Modern Language Teaching and Learning Joshua M. Paiz, James E. Coda, 2021-08-05 This edited book examines how sexuality and sexual identity intersect and interact with other identities and subjectivities including but not limited to race religion gender social class ableness and immigrant or refugee status to form reinforcing webs of privilege and oppression that can have significant implications for language teaching and learning processes The authors explore how these intersections may influence the teaching of different languages and how pedagogies can be devised to increase equitable access to language learning spaces They seek to open the conversation on intersectional issues as they relate to sexuality and language teaching and learning and provide a conversational space where readers can engage with the notion of intersectionality This book will be of interest to students and scholars of applied linguistics and language education gender and LGBTQ studies and sociolinguistics outlining possible future directions for intersectional research

Unmasking Ideology in Imperial and Colonial Archaeology Bonnie Effros, Guolong Lai, 2018-12-31 This volume addresses the entanglement between archaeology imperialism colonialism capitalism and war Popular sentiment in the West has tended to embrace the adventure rather than ponder the legacy of archaeological explorers allegations by imperial powers of discovering archaeological sites or saving world heritage from neglect or destruction have often provided the pretext for expanding political influence Consequently citizens have often fallen victim to the imperial war machine seeing their lands confiscated their artifacts looted and the ancient remains in their midst commercialized Spanning the globe with case studies

from East Asia Siberia Australia North and South America Europe and Africa sixteen contributions written by archaeologists art historians and historians from four continents offer unusual breadth and depth in the assessment of various claims to patrimonial heritage contextualized by the imperial and colonial ventures of the last two centuries and their postcolonial legacy
