

What Does It Mean to Be Safe?

A thoughtful discussion
for readers of all ages
about drawing healthy
boundaries and
making safe choices

"This book should be required
reading. Not only is this message
great for kids, but it's also a powerful
reminder of how caring adults can
help children feel safer."

What Does It Mean To Be Safe:

What Do We Mean by That? Laura Rychly, 2024-09-09 What Do We Mean by That Interrogating Familiar Expressions in Education is a collection of essays that opens a space for all educational workers teachers teacher educators administrators politicians and others to unpack commonly used educational phrases and ideas The idea is to carefully examine what we say to one another when we talk about schools curriculum students and other educational problems or issues when we say things like We have to meet students where they are and All children can learn or What does the data say What Do We Mean by That challenges and clarifies such phrases and the how and why that they shape educational policies and practices The influential curricular theorist Dwayne Huebner charged us to always be aware of our man made tools such as language and said that since all educators attempt to shape the world theorists should call attention to the tools used for the shaping in order that the world being shaped can be more beautiful and just Language is a tool in educational practice in myriad ways between administrators and teachers teachers and students teachers and parents and students and students as examples A scripted curriculum is a tool intended to provide fixed language to teachers It is normal for phrases to make their way into our everyday practices and get lodged there But we need opportunities to interrupt ourselves and study our language tools to ensure they help create beauty and justice This collection of thoughtful essays seeks to be this interruption It is an invaluable tool for improving the educational experience of students and schools Perfect for courses such as Foundations of Education Curriculum Studies Diversity in Education Educational Rhetoric and Policy

What Does It Mean to Be Safe? Rana DiOrio, 2019-09-15 You have the power to protect yourself and others What does it mean to be safe Does it mean beating a throw to home plate Does it mean never taking risks No Being safe is about feeling secure feeling protected and being responsive no matter the environment or situation You can be safe in so many simple ways From being aware of your limits to creating healthy boundaries By not giving in to peer pressure and by standing up to bullies And by being safe on the Internet or knowing the right time to get a caring adult s help This revised and updated addition to the award winning What Does It Mean to Be series is the perfect book to spark meaningful dialogue and ensure every child knows what it means to be safe

Delker,2023-04-19 About the Book Dave has been working feverishly on a cure for what many believe is a curse

straight from Satan himself the werewolf With the help of his assistant Ashley Dave uses his years of scientific expertise to begin to understand not just how the next generation of werewolves came into being but how everything they thought they knew about werewolves how they can be killed who and what can be infected doesn't appear to apply to this new breed To make matters more dire it appears that these werewolves are killing and eating humans to survive Will Dave and Ashley find a cure for this new generation of werewolves before it is too late About the Author Kevin L Delker resides in Wyoming where he works as a truck driver He enjoys fishing hunting and spending time with his kids His idea for Werewolves The Next Generation was born out of his interest in wolves cougars and cryptids like Bigfoot Informal Fallacies Douglas N. Walton,1987-01-01 The basic question of this monograph is how should we go about judging arguments to be reasonable or unreasonable Our concern will be with argument in a broad sense with realistic arguments in natural language The basic object will be to engage in a normative study of determining what factors standards or procedures should be adopted or appealed to in evaluating an argument as good not so good open to criticism fallacious and so forth Hence our primary concern will be with the problems of how to criticize an argument and when a criticism is reasonably justified
