What I Love About You Military Men:

Military Men of Feeling Holly Furneaux, 2016-03-25 *Military Men of Feeling* considers the popularity of the figure of the gentle soldier in the Victorian period. It traces a persistent narrative swerve from tales of war violence to reparative accounts of soldiers as moral exemplars, homemakers, adopters of children on the battlefield, and nurses. This material invites us to think afresh about Victorian masculinity and Victorian militarism. It challenges ideas about the separation of military and domestic life and about the incommunicability of war experience. Focusing on representations of soldiers' experiences of touch and emotion, the book combines the work of well-known writers including Charles Dickens, Charles Kingsley, William Makepeace Thackeray, Charlotte Yonge with previously unstudied writing and craft produced by British soldiers in the Crimean War, 1854-56. The Crimean War was pivotal in shaping British attitudes to military masculinity. A range of media enabled unprecedented public engagement with the progress and infamous blunders of the conflict. Soldiers and civilians reflected on appropriate behaviour across ranks, forms of heroism, the physical suffering of the troops, administrative management, and the need for army reform. The book considers how the military man of feeling contributes to the rethinking of gender roles, class, and military hierarchy in the mid-nineteenth century and how this figure was used in campaigns for reform. The gentle soldier could also do more bellicose social and political work: disarming anti-war critiques and helping people to feel better about war. This book looks at the difficult mixed politics of this figure. It considers questions debated in the nineteenth century and which remain urgent today about the relationship between feeling and action and the ethics of an emotional response to war. It makes a case for the importance of emotional and tactile military history, bringing the Victorian military man of feeling into contemporary debates about liberal warriors and soldiers as social workers. *Dedicated Love in the Military* Willie Atkinson, 2020-04-06 Cody is born brilliant. He's an over-achiever in every way except socially. He is obsessed with history and driven to serve in the military. It's his life's dream. At seventeen, Cody is accepted into the Citadel in his hometown of Charleston, South Carolina. So begins a long, difficult road to greatness. Despite his social inadequacy, Cody meets Nancy and they make a perfect couple. They fall in love, and as Cody's career progresses, so does their relationship. Over the years, Cody flies through boot camp, receives several promotions, and is sent to war. Cody's passion for service is passed down to his son, and it soon becomes apparent that dedication to the military comes first in this family. *Dedicated Love in the Military* follows four generations of Cody's lineage as they traverse the path of patriotism. Through marriage, childbirth, life, and death, love connects them all. *Falling in Love* Kat Thomas, When two friends end up going through an event that leads one of them to become internet famous, as videos of the event go viral, they are left with having to face the truth on how they feel about each other. She has always been attracted to him. She thought though that he was never interested in her as they were best friends. Mitsuhide, on the other hand, thought the same thing about her. He was head over heels in love with the tiny woman who was often the voice in his ear on mission. It took the event happening for her to show a flash of what she felt for

him to realize it He moved quickly and made sure she did know how he felt and then how he wanted their future to be
