What Is Wrong with My Christianity? Richard L. Larkin, 2014-10-31 Regardless of your religion your school of theology what you were taught at home growing up or any other factors just like anyone else you have had your share of concerns about Christianity really is Rich Larkin wants to share with you what the Holy Spirit has taught him about the personal privilege of being in a relationship with Jesus Christ The way is open to everyone but not everyone who believes in the Savior has a true connection with him Which group do you belong in In What s Wrong with My Christianity Rich Larkin wants to help you with practicing the presence of God to find His Spirit not simply in your external circumstances but living within your being For anyone who has been intimidated to ask questions like these this book is for you Religious Diversity—What's the Problem? Rita M. Gross, 2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world s various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author s longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture **The Problem of God** Mark Clark, 2017-08-22 The Problem of God explores answers to the most difficult questions raised against Christianity A skeptic who became a Christian and then a pastor author Mark Clark grew up in an atheistic home After his father s death he began a skeptical search for truth through the fields of science philosophy and history eventually finding answers in the last place he expected Christianity In a winsome persuasive and humble voice The Problem of God responds to the top ten interrogations people bring against God and Christianity including Does God even exist in the first place What do we do with Christianity s violent history Is Jesus just another myth Can the Bible be trusted Why should we believe in Hell anymore today Each chapter answers the specific challenge using a mix of theology philosophy and science Filled with compelling stories and anecdotes The Problem of God presents an organized and easy to understand range of apologetics focused on both convincing the skeptic and informing the Christian The book concluding with Christianity s most audacious assertion how should we respond to Jesus claim that he is God and the only way to salvation Jairo Mejia, 2008-03-01 Jairo Mejia is a theologian and philosopher who lives in Carmel Valley California *Christianity Reformed From its Roots* Jairo Mejia, 2008-03-24 Offering positive alternatives to open minded believers and unbelievers alike Christianity Reformed from Its Roots challenges the traditional beliefs of the Roman Catholic

Church on God Jesus and the Bible Using the text of the New Testament theologian and philosopher Jairo Mejia challenges us to rediscover the real Jesus a humble Peasant of Nazareth glorified by his resurrection Mejia argues compellingly that a true concept of God is more vital today than ever before and can be understood by both agnostics and atheists thus asserting that there is no contradiction between science and religion but a smooth and fulfilling meshing of the two **Happy about My Christian Faith** Don Huntington,2007 We discover life as much with our hearts as with our heads Personal experiences relationships and stories provide more effective media for investigating spiritual realities than any essay or scholarly treatise That is precisely the gift that the ten contributors in this book have shared Five of these contributors discuss how they have used faith to help others while five discuss how they have used faith to help themselves HELPING OTHERS Many of us wish that we could lead lives of service and would prefer one day to leave the world a better place because we were in it Perhaps reading the accounts of these peoples faith and service to others will open a place in your heart to follow suit HELPING THEMSELVES Many of us are on a quest for personal redemption Abuse compulsive behaviors trauma bad parenting peer pressure fear of death and a thousand other social pressures serve as albatrosses around our necks The concluding chapters describe how five individuals discovered upward pathways towards the light through dark forces and circumstances in their lives This is absolutely one book you must read It will make you laugh it will make you cry it will give you inspiration *On Christian Teaching* David I. Smith,2018-05-28 Christian teachers have long been thinking about what content to teach but little scholarship has been devoted to how faith forms the actual process of teaching Is there a way to go beyond Christian perspectives on the subject matter and think about the teaching itself as Christian In this book David I Smith shows how faith can and should play a critical role in shaping pedagogy and the learning experience **12 Crucial Truths of the Christian Faith** Josh McDowell,Sean McDowell,2024-01-09 Relational Apologetics for This Generation and the Next Mounting disenchantment with the Christian faith has resulted in a growing concern for the future of the church particularly as it relates to the most recent generations But as we seek to reach young unbelievers with the truth transformation and joy only Jesus can provide we must first understand it for ourselves In *The 12 Crucial Truths of the Christian Faith* acclaimed apologists Josh and Sean McDowell clearly and winsomely distill the essentials of a living Christian faith More than just intellectual ideas these truths are reflections of a way of life exemplified by God helping you deepen your own understanding of what you believe why you believe it and how you can align your actions with these beliefs live in right relationship with God yourself and others establish a transformative foundation of faith in the lives of generations to come Packed with examples and stories this handy reference is for Christians who want to cultivate an unshakable faith and learn how to live it out *My Religion* M. K. Gandhi,2025-03-31 *My Religion* by M K Gandhi is an insightful exploration of the spiritual beliefs and philosophies that guided one of the world s most profound figures in pursuit of truth and justice In this thoughtful piece Gandhi shares reflections on his personal faith drawing from a rich tapestry of religious traditions including Hinduism

Christianity Islam and Jainism The essence of this work is not merely a recounting of religious doctrine but rather an invitation to understand the universal principles that bind humanity together in a quest for deeper meaning harmony and peace Gandhi articulates the importance of embracing spirituality as a way to cultivate moral character and lead a life rooted in righteousness He emphasizes that true religion transcends mere rituals and beliefs advocating instead for a practice of love compassion and service to others Through his own experiences he illustrates how a deep seated commitment to faith can empower individuals to stand up against injustice promoting the greater good and fostering social cohesion In this compelling work Gandhi addresses the complexities of faith in a diverse world acknowledging the differences among religions while celebrating their shared ideals He encourages readers to engage in interfaith dialogue urging that these conversations can nurture understanding and break down barriers that divide societies His reflections underscore that the essence of religion is found in its ability to inspire love humility and a spirit of coexistence The text also underlines Gandhi's belief in the transformative power of spiritual practices including prayer meditation and self discipline as tools for personal growth and enlightenment He speaks to the necessity of aligning one's actions with their spiritual beliefs suggesting that ethical conduct is paramount in realizing one's spiritual aspirations Through practical examples he demonstrates that a life guided by principles of truth and non violence can lead to profound personal and social transformation My Religion encapsulates Gandhi's journey toward self discovery and understanding illustrating how spirituality can guide individuals to live authentically and purposefully It serves as an inspiring reminder that regardless of religious affiliation the pursuit of truth and justice is a fundamental aspect of the human experience Gandhi's insights resonate with readers today providing a roadmap to navigate the complexities of faith in an increasingly interconnected world This work is not only a celebration of his spiritual beliefs but also a timeless call for unity compassion and respect among all humanity Readers from diverse backgrounds will find value in Gandhi's exploration of religion as a force for good making this book an essential addition to anyone's collection

Christian America? Christian Smith, 2000-04-13 In recent decades Protestant evangelicalism has become a conspicuous and to many Americans worrisome part of this country's cultural and political landscape But just how unified is the supposed constituency of the Christian Coalition And who exactly are the people the Christian Right claims to represent In the most extensive study of American evangelicals ever conducted Christian Smith explores the beliefs values commitments and goals of the ordinary men and women who make up this often misunderstood religious group The result is a much needed contribution to the discussion of issues surrounding fundamental American freedoms and the basic identity of the United States as a pluralistic nation Based on data from a three year national study including more than 200 in depth interviews of evangelicals around the country Christian America assesses the common stereotype of evangelicals as intolerant right wing religious zealots seeking to impose a Christian moral order through political force What Smith finds instead are people vastly more diverse and ambivalent than this stereotype suggests On issues such as religion in education

family values Christian political activism and tolerance of other religions and moralities evangelicals are highly disparate and conflicted As the voices of interviewees make clear the labels conservative and liberal are too simplistic for understanding their approaches to public life and political action *Losing My Religion* William C. Mills, 2019-01-15 After four years of college and six years in seminary William Mills was ready for a parish or so he thought He didn't realize much of his time would be endless discussions about bagels and coffee digging ditches and parking lot condom patrols For six years community life was just humming along Then disaster struck Mills' life came crashing down when nearly a third of his congregation left in a public power play causing him to question his faith in himself in the church and in God Marva Dawn a noted writer of spirituality and ministry said that being a pastor is like being peppered with popcorn after a while you just get tired of it pack your bags and move on However as Mills himself says I was either too stubborn or stupid so I stayed *Losing My Religion* is about the ups and downs ins and outs choices and challenges of being a pastor in the twenty first century church It's also about the redemptive power of community life and finding healing and wholeness in a broken world
