Massacre John Merriman, 2014-12-09 From a pre eminent Yale historian comes the first popular history of the 1871 Paris Commune a seminal episode in modern European history The Paris Commune lasted for only 64 days in 1871 but during that short time it gave rise to some of the grandest political dreams of the nineteenth century before culminating in horrific violence Following the disastrous French defeat in the Franco Prussian War hungry and politically disenchanted Parisians took up arms against their government in the name of a more just society They expelled loyalists and soldiers and erected barricades in the streets In *Massacre* John Merriman introduces a cast of inimitable Communards from les p oleuses female incendiaries to the painter Gustave Courbet whose idealism fueled a revolution And he vividly recreates the Commune s chaotic and bloody end when 30 000 troops stormed the city burning half of Paris and executing captured Communards en masse A stirring evocation of the spring when Paris was ablaze with cannon fire and its citizens were their own masters *Massacre* reveals how the indomitable spirit of the Commune shook the very foundations of Europe

Women in the Works of Lou Andreas-Salomé Muriel Cormican, 2009 Comprehensive view of Andreas Salom s fictional works focusing on her depictions of women and questions of narrative and identity The writer and intellectual Lou Andreas Salom 1861 1937 fascinates scholars of German literature because of her associations with Nietzsche Rilke and Freud and because she was active in the cultural and intellectual vanguard of late 19th and early 20th century Germany and Austria Recent editions of her fictional works have garnered wider attention from scholars of literature and theory particularly those interested in women s studies identity politics and narrative theory This study analyzes how

Andreas Salom depicted women in her fictional works just as feminism was emerging revealing a complex engagement with questions of narrative and identity More than mere thematic explorations of women s changing roles in society her works investigate the concept of identity and its relationship to gender sexuality and narrative representation She is as concerned with a cultural crisis of femininity and masculinity as with the identity crises of her individual women characters This book offers the best account of Andreas Salom s literary works de emphasizing biographical and psychoanalytical perspectives but taking into account the sociopolitical historical and cultural contexts in which they were written It also adds to contemporary theoretical discourses on gender feminism and identity Muriel Cormican is Professor of German at the University of West Georgia Carrollton Georgia

Labegeddi I T. D. Desso, 2012-09 Away from home in New York Tabitha Douglas an unwise transitioning teenager in 1921 still wants the best for her newborn son and strongly believes it begins with his name which she has not decided upon After accepting that she has broken the cardinal rule of unwedded birth she struggles to start well her son s life But after

abandoning her parents the desperate girl meets seven complete strangers much older who are forced to help her because of their uncomfortable and even life threatening hostage situation where none of them can leave They end up helping one another and eventually becoming friends With their help Tabitha gives her son a name and he eventually becomes a success because of the help of those mentors in his life Born in the country town of Magnolia AR growing up I enjoyed stories and eventually began creating my own My favorite aspect of writing is that by it I can share a few stories of mine without displaying my country accent Such things about myself as this I find humorous my accent my simplistic thinking and my old soul Nevertheless such factors are vital in my writings Since I began it has been my goal to tame such a personality into a unique style and mix it with Christian ideas to make the perfect story Age fourteen I discovered my love for writing and though perhaps I still have not discovered my gift for it if there I continue to do it anyway

The Development and Limitations of Feminist Christology Jacquelyn Grant,1985 Masquerade Alfred F. Young,2005-03-08 In Masquerade Alfred F Young scrapes through layers of fiction and myth to uncover the story of Deborah Sampson a Massachusetts woman who passed as a man and fought as a soldier for seventeen months toward the end of the American Revolution Deborah Sampson was not the only woman to pose as a male and fight in the war but she was certainly one of the most successful and celebrated She managed to fight in combat and earn the respect of her officers and peers and in later years she toured the country lecturing about her experiences and was partially successful in obtaining veterans benefits Her full story however was buried underneath exaggeration and myth some of which she may have created herself becoming another sort of masquerade Young takes the reader with him through his painstaking efforts to reveal the real Deborah Sampson in a work of history that is as spellbinding as the best detective fiction Civilization E.A. Heaman,2022-08-15 Colonial Canada changed enormously between the 1760s and the 1860s the Conquest and Confederation but the idea of civilization seen to guide those transformations changed still more A cosmopolitan and optimistic theory of history was written into the founding Canadian constitution as a check on state violence only to be reversed and undone over the next century Civilization was hegemony a contradictory theory of unrestrained power and restraints on that power Occupying a middle ground between British and American hegemonies all the different peoples living in Canada felt those contradictions very sharply Both Britain and America came to despair of bending Canada violently to their will and new forms of hegemony a greater reckoning with soft power emerged in the wake of those failures E A Heaman shows that the view from colonial Canada matters for intellectual and political history Canada posed serious challenges to the Scottish Enlightenment the Pax Britannica American manifest destiny and the emerging model of the nation state David Hume s theory of history shaped the Canadian imaginary in constitutional documents much thumbed histories and a certain liberal conservative political and financial orientation But as settlers flooded across the continent cosmopolitanism became chauvinism and the idea of civilization was put to accomplishing plunder and predation on a transcontinental scale Case studies show crucial moments of conceptual reversal

some broadly representative and some unique to Canada Dissecting the Seven Years War domestic relations the fiscal military state liberal reform social statistics democracy constitutionalism and scholarly history Heaman shows how key British and Canadian public figures grappled with the growing gap between theory and practice By historicizing the concept of civilization this book connects Enlightenment ideals and anti colonialism shown in contest with colonialism in Canada before Confederation
