(Edited by C. Humphreys.) [Selections from the Buddhist Scriptures.]** Travers Christmas HUMPHREYS, 1960 *The Wisdom of Buddhism* Christmas Humphreys, 1990 **The Wisdom of the Early Buddhists**, 1977 *The Book of Wisdom* Osho, 2010-02-02 Osho is known around the world for his pioneering contribution to meditation the science of inner transformation with the unique approach of his Osho Active Meditations acknowledging the accelerated pace of the contemporary world and bringing meditation into modern life Based on the Seven Points of Mind Training by the 11th century Buddhist mystic Atisa The Book of Wisdom removes the dust of tradition that has gathered around meditation conveying the essential science and methodology of the practice with a freshness and spontaneity that is rarely found in contemporary spiritual works The book is a guide for inner discipline and transformation that is also highly accessible incorporating light often humorous question and answer sessions between the author and his audience that help readers make the practical connection between spiritual theory and meditation as a lifestyle **Buddhism Day by Day** Daisaku Ikeda, 2006 With brief easily absorbed wisdom from the precepts of Nichiren a 13th century Buddhist priest this collection of day to day musings can be enjoyed by casual readers and devoted followers alike Covering a wide span of topics from life and death to courage and winning the practical information and encouragement are ideal for those seeking to find a deeper understanding of this ancient philosophy **The Opening of the Wisdom-Eye** Dalai Lama, 1966-01-01 Mahayana Buddhism explained by the present day spiritual leader of Tibetan Buddhism H H the Dalai Lama Tenzin Gyatso in his first English language book This overview is notable for its completeness and clarity Katherine Rogers author of *The Garland of Mahamudra Practices* His Holiness the 14th Dalai Lama Tenzin Gyatso is both the head of state and the spiritual leader of Tibet *The New Heart of Wisdom* Geshe Kelsang Gyatso, 2012-07-26 This special presentation of Buddha's teachings by the author of *Modern Buddhism* offers truly liberating insights and advice for the

contemporary reader It reveals the profound meaning of the very heart of Buddha's teachings the Perfection of Wisdom Sutras The author shows how all our problems and suffering come from our ignorance of the ultimate nature of things and how we can abandon this ignorance and come to enjoy pure lasting happiness by developing a special wisdom associated with compassion for all living beings Many people are very intelligent in accomplishing worldly attainments This intelligence is not wisdom because worldly attainments such as a high position reputation wealth and success in business are deceptive If we die tomorrow they will disappear tomorrow and nothing will be left for our future Wisdom however will never deceive us It is our inner Spiritual Guide who leads us to the correct path It is the divine eye through which we can see what we should know what we should abandon what we should practise and what we should attain Venerable Geshe Kelsang Gyatso

Rinpoche **The Buddha before Buddhism** Gil Fronsdal,2016-11-29 This easy to understand translation of one of the earliest surviving Buddhist texts offers a pathway to awakening that is simple straightforward and free of religious doctrine One of the earliest of all Buddhist texts the Atthakavagga or Book of Eights is a remarkable document not only because it comes from the earliest strain of the literature before the Buddha as the title suggests came to be thought of as a Buddhist but also because its approach to awakening is so simple and free of adherence to any kind of ideology Instead the Atthakavagga points to a direct and simple approach for attaining peace without requiring the adherence to doctrine The value of the teachings it contains is not in the profundity of their philosophy or in their authority as scripture rather the value is found in the results they bring to those who live by them Instead of doctrines to be believed the Book of Eights describes means or practices for realizing peace Gil Fronsdal's rigorous translation with commentary reveals the text to be of interest not only to Buddhists but also to the ever growing demographic of spiritual but not religious who seek a spiritual life outside the structures of religion **The Wisdom of the Zen Masters** Irmgard Schloegl,2015-10-14 Unlike most other formal

religions the Japanese school of Zen Buddhism has no canonized corpus of sacred literature which will reveal the truth to diligent readers There are however numerous collections of anecdotes and aphorisms that may serve to convey the sensibility which underscores the practice of Zen Drawing on these traditional sources Dr Irmgard Schloegl of the Buddhist Society in London has gathered into one short volume a sampling of stories and sayings that are a valuable introduction to the study of Zen If in every mind burns a flame of the Buddha's Enlightenment Christmas Humphreys writes in his foreword to The Wisdom of the Zen Masters there is nothing to seek and nothing to acquire We are enlightened and all the words in the world will not give us what we already have The man of Zen therefore is concerned with one thing only to become aware of what he already is The task of the Japanese Zen master has been to guide his pupils in their awakening The means used vary from severe physical discipline to the proposition of enigmatic riddles or koans but always to the same end Enlightenment experiencing the Great Death of the worldly I

The Wisdom of James John P. Keenan,2005 In this fascinating book John Keenan offers a classical commentary on the New Testament Letter of James section by section informed by a thorough study

of contemporary Jamesian scholarship His approach is unique in that it employs Mahayana Buddhist Philosophy as the interpretive lens to focus on this early Christian text The author argues that the first chapter of James letter presents wisdom as non discriminative in a manner very similar to Mahayana Buddhist teaching on wisdom And James insistence upon deeds of compassion and justice recommends a notion of Christian practice that is quite close to the Mahayana ideal of Bodhisattva engagement in the world Because of these areas of resonance James is particularly amenable to a Mahayana reading that enables us to elicit fresh insights from the text *The Wisdom of the Buddha* Jean Boisselier,1994 India in Buddha's day Bodhisattva Enlightenment and the first sermon Teachings and peregrinations Attaining Mahaparinirvana **The Heart of Buddhism** Guy Claxton,1992 An excellent introduction to Buddhism as a spiritual practice for a secular age and how it can be applied to daily living in the stress filled 1990s Buddhism offers a practical comprehensive way to achieve peace of mind and generosity of spirit and thus improve the quality of everyday life This accessible introduction explains why Buddhism is so appropriate to our individual social and global predicament Wisdom in Buddhism Edward G Horner,2020-07-29 What is wisdom Who is wise Can wisdom be developed These are the questions Horner sets out to answer from a Buddhist perspective The author sets forth 12 pillars of wisdom that are easily accessed and applied not only to Buddhism but life in general Spoiler alert with proper intent and focused attention wisdom can be developed Horner takes us on a deep dive into each of the 12 elements that make up the building blocks of wisdom communication perspective values humility learning life events impermanence compassion bias patience and concentration Theory of Mind and emotional stability **The Wisdom of the Buddha** Dale Lugenbehl,2019-05-10 The Wisdom of the Buddha combines an in depth introduction to Buddhism with the practicality of a spiritual self help book The first five chapters provide clear and insightful explanations of the foundation teachings of the Four Noble Truths the Eightfold Path mindfulness meditation and the nature of suffering and happiness The next ten chapters bring Buddhist teachings to bear on transforming our lives how to break the grip of habits end arguments and power struggles deal with difficult emotions and strong desires see the essential nature of all addictions deal with anxiety and depression become more accepting and cultivate compassion and reverence for all life The final two chapters provide much needed insight into the Buddha's most difficult and freeing teachings of all the true nature of the self the no self teachings relative and absolute truth nirvana impermanence and our mistaken understandings of death Simple and accessible language practical techniques numerous guided meditations personal stories and numerous quotations from master teachers are used to present an inspiring path toward deep personal transformation About the Author Dale Lugenbehl has for 14 years been the Principle Teacher for Ahimsa Acres Sangha an affiliate of the Thich Nhat Hanh Foundation He has taught both Eastern and Western philosophy classes for 40 years in public colleges and universities including 7 years of Buddhist Meditation Traditions at Lane Community College the first college credit Buddhist meditation class ever offered in Oregon He is also a member of Dharma
