Guide to Books in Print, 1991 *Basic Trademark Unfair Comp Law in Intellectual Property Context* Barnes, 2014 This innovative casebook is the most conveniently organized law school textbook on trademark law. Featuring an integrated approach to intellectual property, the book features a tight focus on teaching the practical aspects of trademark and unfair competition law. The book is designed for teaching one chapter per class but can also accommodate classes of varying duration and courses with varying credit hours. Features A Topical Approach with 30 topical chapters discussing all trademark topics from Classification of Service and Trade Marks and Certification and Collective Marks to Extraterritoriality and Gray Market Goods. Topics include all unfair competition topics covered by the Lanham Act and its state law counterparts. Problems from Actual Cases with the facts tailored to reflect questions actually resolved in the cases that inspired them. An Intellectual Property Context with a brief discussion of parallel patent and copyright law doctrinal issues in 16 topical groupings from subject matter requirements and protection of functional characteristics of products through preemption of state claims and conflicts among IP areas to national and international exhaustion doctrines. Cases Reflecting Modern Trademark Practice with many cases focused on the increasingly important service sector of the economy and on issues arising from commercial and non commercial uses of the Internet. The book includes the most up to date cases with the strongest intuitive factual appeal to contemporary students. Cases chosen provide clear statements of the relevant rules.

Bowker's Law Books and Serials in Print, 1984 *Trademarks, Unfair Competition, and Business Torts* Barton Carl Beebe, 2011 Incorporating seminal and cutting edge cases and materials, this stellar author team delivers broad coverage of trademarks, unfair competition, and business torts that includes detailed attention to the role of technology along with practice problems that encourage students to think like practitioners. Ideal for courses on Trademark Law, Unfair Competition, or Business Torts, this casebook features a broad examination of current trademark and unfair competition law, outstanding coverage of false advertising law, extensive treatment of the hot news doctrine, misappropriation, including the most recent cases, a thoughtful survey of business torts including cases that address tortious interference, trade libel, and related torts such as RICO. Dynamic pedagogy that spans cutting edge cases and materials, notes, questions, and hands-on practice problems.

Trademark and Unfair Competition Law Peter B. Maggs, Roger E. Schechter, 2002 This law school casebook's coverage includes trademark dilution, trademark usage on the World Wide Web, and extensive materials on trademark remedies and affirmative defenses. Notes follow the principal cases, which are designed to alert students to collateral issues, to cite key resources in the legal literature, and to raise thought-provoking questions. The book contains citations to the relatively new Restatement Third of Unfair Competition and McCarthy on Trademarks. It also features illustrations which will increase students' appreciation of the key issues at stake in many of the cases.

Current Publications in Legal and Related Fields, 2009 **Trademark and Unfair Competition Law** Jane C. Ginsburg, Jessica Litman, Mary L. Kevlin, 2007 This casebook presents the basic principles of Trademark and Unfair Competition law and procedure, including expert legal

analysis It devotes separate chapters to acquisition of trademark rights registration of trademarks loss of trademark rights infringement of trademarks including a distinct section on defenses to infringement The materials on 43 a highlight both trade dress cases and false advertising cases The Fourth Edition also amplifies the materials on the relationship of trademarks and freedom of expression The Fourth Edition brings this casebook up to date including recent cases and legislation such as the 2006 Trademark Dilution Revision Act Several chapters have been reorganized among other things to take into account the impact of the Internet on almost every aspect of trademark law The Fourth Edition also emphasizes the international dimension of trademarks by interweaving throughout the book cases and materials addressing problems of extraterritoriality rather than confining them to a concluding chapter
