## **Unlikeable The Problem With Hillary:**

*Unlikeable* Edward Klein, 2015-09-28 *Unlikeable* is the stunning powerful expos of Hillary Clinton and her floundering race for the White House With unprecedented access to longtime associates of the Clintons and the Obamas investigative reporter Edward Klein meticulously recreates conversations and details of Hillary Clinton s behind the scenes plotting in Chappaqua and Whitehaven Klein the former editor in chief of New York Times Magazine and a contributing editor to Vanity Fair draws a deeply troubling portrait of Hillary Rodham Clinton a highly unlikeable presidential candidate and a woman more associated with scandal than with accomplishments with lying than with truth with arrogance than with compassion

**The Hunting of Hillary** Michael D'Antonio, 2020-07-28 The Pulitzer Prize winning reporter traces how an industry of lies was created to persecute Hillary Clinton thoroughly researched and incisive Kirkus Reviews A pioneer for women Hilary Clinton was burdened in ways no male politician ever was Maligned by an avalanche of sexist insults and baseless accusations she couldn t call out her right wing attackers lest she be cast as weak and whiny Nevertheless she persisted And her many achievements in politics and policy are all the more remarkable for the unprecedented smear campaign that attempted to stop her The 2016 presidential election can only be understood in the context of the primal and primitive response of those who just couldn t imagine that a woman might lead For those who seek to understand the experience of the most accomplished woman in American politics The Hunting of Hillary offers insight For those who recognized what happened to her it offers affirmation And for those who hope to carry Clinton s work into the future it offers inspiration and instruction I m biased But I think Michael D Antonio s book cataloging decades of right wing misogyny and mythmaking is a stunner Hillary Clinton Guilty as Sin Edward Klein, 2016-10-04 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **All Out War** Edward Klein, 2017-10-30 A Wall Street Journal bestseller ALL OUT WAR That s what the media the Democrats and the Never Trump Republicans are waging on the democratically elected president of the United States With ferocity not seen since the Civil War the Washington establishment and the radical Left are joining forces in an attempted coup d tat to overturn the will of the people and return power to the political and media elites who have never been more unhinged In All Out War The Plot to Destroy Trump investigative reporter and national best selling author Edward Klein reveals How the plot to destroy Trump was initiated in the Obama White House Two EXCLUSIVE FBI reports that prove the existence of the Deep State working against the Trump agenda warn of ISIS ties to the anti Trump resistance and highlight the danger of domestic terrorism from the anti Trump radicals The scandal you don t yet know about why Hillary Clinton could still be facing investigation by the FBI and prosecution by the Justice Department In America you are entitled to your own opinion Klein writes But you are not entitled to overthrow the democratically elected president of the United States and inflict irreparable damage on our country That however is what Donald Trump s enemies on the Left and Right are doing Through a variety of underhanded tactics lies leaks

obstruction and violence they are working to delegitimize President Trump and drive him from office before he can drain the swamp and take away their power Stunning in its revelations meticulous in its reporting there can be no timelier or more important political book than *All Out War* **Richard Nixon's America** George D. Cameron III, 2023-05-01 This book describes and evaluates some 830 Public Acts out of the 1 671 added to the statute books during Richard Nixon's presidency The Nixon era Acts examined here deal with six major topics including protection of 1 the environment 2 workers 3 minorities 4 consumers 5 veterans and 6 the general public This book's major premise is that significant valuable public policy was enacted during Nixon's sixty six months in office thanks in part to his finding bipartisan agreement with Democratic congressional majorities And these momentous accomplishments should not be overlooked or forgotten within a cloud of less favorable Nixon era memories Thus the legislative study in this book provides a bit of positive substance on the scale for the tenure of President Nixon For those who supported Nixon this book might offer reassurance that they were not after all totally misguided in doing so But regardless of where your politics or opinions stand this fact based book offers valuable and unique insight and lessons about the importance of reaching across the aisle to get things done No matter your level of existing knowledge if you read this book you will learn something new about Richard Nixon and maybe even change your opinion of him **The Conservative Case for Trump** Phyllis Schlafly, Ed Martin, Brett M. **Hillary Clinton's Career in Speeches** Shawn J. Parry-Giles, David S. Kaufer, Xizhen Cai, 2023-09-01 Women candidates are under more pressure to communicate competence and likability than men. And when women balance these rhetorical pressures charges of inauthenticity creep in suggesting the structural and strategic anti-woman backlash at play in presidential politics. Hillary Clinton demonstrated considerable ability to adapt her rhetoric across roles contexts genres and audiences. Comparisons between Clinton's campaign speeches and those of her presidential opponents Barack Obama Bernie Sanders and Donald Trump show that her rhetorical range exceeded theirs. And comparisons with Democratic women candidates of 2020 suggest they too exhibited a rhetorical range and faced a backlash similar to Clinton. Hillary Clinton's Career in Speeches combines statistical text mining methods with close reading to analyze the rhetorical highs and lows of one of the most successful political women in U.S. history. Drawing on Clinton's oratory across governing and campaigning the authors debunk the stereotype that she was a wooden and insufferably wonkish speaker. They marshal evidence for the argument that the sexist tactics in American politics function to turn women's rhetorical strengths into political liabilities

**Imagine Bernie Sanders as a Woman** Susan Bordo, 2020-03-27 The months between the presidential election of 2016 and the summer of 2019 have been a wild ride from the unexpected and for many traumatic results of the election to growing recognition of how profoundly the Trump presidency has changed our lives from discoveries of corruption and foreign influence on our democratic institutions to fresh assaults on reproductive rights the Brett Kavanaugh hearings and the MeToo movement Robert Mueller's long-awaited report and its aftermath and the beginnings of the 2020 primary contest. Follow cultural historian and media critic Susan Bordo through those events as they happened in a book whose format is uniquely designed to capture their immediacy. Notable pieces include Reflections on Trump's Inauguration inspired by an exchange of looks between Michelle Obama and Hillary Clinton. To the Core recalls both the Anita Hill hearings and Bordo's own experience with sexual harassment in the context of MeToo. Please Mr. Prosecutor Mueller is a personal plea as well as an argument about the power of television. My MSNBC Interview finds the author perched on a high stool in a local TV studio talking about her just published book on the election finding out what it feels like

to be misunderstood on national television Imagine Bernie Sanders as a Woman confronts the double standards and double binds faced not only by female politicians but by all women who are seen as leaning in too much while Two Elizabeths explores how the Tudor queen and the presidential contender negotiate those challenges in their differing historical contexts Combining full length published pieces with spontaneous unfiltered never before published posts in a voice that is bracingly honest as well as critically penetrating this collection goes beyond journalistic conventions to reveal the ways in which the political is indeed the personal
