Urban Planning and Cultural Identity William Neill, 2003-10-23 This book reviews the intense spatiality of conflict over identity construction in three cities where culture and place identity are not just post modernist playthings but touch on the raw sensibilities of who people define themselves to be

Urban Planning and Cultural Identity, 2004 This book reviews the intense spatiality of conflict over identity construction in three cities where culture and place identity are not just post modernist playthings but touch on the raw sensibilities of who people define themselves to be

Urban Complexity and Spatial Strategies Patsy Healey, 2006-12-15 *Urban Complexity and Spatial Strategies* develops important new relational and institutionalist approaches to policy analysis and planning of relevance to all those with an interest in cities and urban areas Well illustrated chapters weave together conceptual development experience and implications for future practice and address the challenge of urban and metropolitan planning and development Useful for students social scientists and policy makers *Urban Complexity and Spatial Strategies* offers concepts and detailed cases of interest to those involved in policy development and management as well as providing a foundation of ideas and experiences an account of the place focused practices of governance and an approach to the analysis of governance dynamics For those in the planning field itself this book re interprets the role of planning frameworks in linking spatial patterns to social dynamics with twenty first century relevance

Place Identity, Participation and Planning Cliff Hague, Paul Jenkins, 2005 Can regional identities create a more sustainable alternative to the increasingly standardised environments in which we live Is bottom up rather than top down planning possible

Instruments of Planning Rebecca Leshinsky, Crystal Legacy, 2015-08-11 *Instruments of Planning* Tensions and Challenges for more Equitable and Sustainable Cities critically explores planning s instrumentality to deliver important social and environmental outcomes in neoliberal planning landscapes Because each instrument is unique and may be tailored to its own jurisdictional needs *Instruments of Planning* is a compendium of case studies from urban regions in Australia Canada the United States and Europe providing readers with a collection that critically challenges the role and potential of planning instruments and instrumentality across a range of contexts *Instruments of Planning* captures the political institutional and economic challenges that confront planning It examines planning instruments designed to assist with strategic planning and implementation and considers the role that technology plays in unpacking and understanding complexity in planning Written by Rebecca Leshinsky and Crystal Legacy of RMIT University in Melbourne Australia this book fills the gap in planning theory about the instrumentality of planning in the neoliberal urban context It is essential reading for students urban researchers policy analysts and planning practitioners

Future Directions for the European Shrinking City William J.V. Neill, Hans Schlappa, 2016-01-13 Urban shrinkage is rising to the top of the political agenda in Europe as more cities are shrinking in the prolonged economic downturn we encounter Coupled with unprecedented budgetary austerity and rapidly ageing populations stagnating and shrinking cities have emerged as a key challenge for

policy and practice for decades to come Local actors need to find new ways of collaborating across sectors agencies and disciplines to unlock opportunities for interventions that mitigate the worst effects of urban shrinkage and long term decline Future Directions for the European Shrinking City focuses on policy and planning interventions that can be taken by municipalities and their local stakeholders to tackle stagnation and decline With case studies from a range of European countries this book proposes ways to tackle shrinkage through governance policy planning social economic and management interventions Edited by William J V Neill and Hans Schlappa this book is ideally suited for policy makers and practitioners in urban planning regeneration and economic development dealing with pressing spatial and socio economic issues on a European scale

Regional Planning for Open Space Arnold van der Valk,Terry van Dijk,2009-06-24 Reviewing the limitations of various planning options this book addresses the debate on how to preserve open space in the context of a growing metropolis The importance of open spaces for well being in urban life is well established With case studies on internalization and valuation methods this book critically examines the liberal discourse that urges the transfer of responsibility for open space from government to the market European and American expert authors confront political rhetoric with grounded analysis and conclude that the market needs to be combined with governmental efforts They scrutinize the connection between open space and the planning institutions designed to implement its policy The book provides practical pieces of insight in how to structure an open space problem information on what to expect from instruments and new ideas on alternative approaches

Equity in Heritage Conservation Jigna Desai,2019-01-10 Recognised by the UN s Sustainable Development Goals as a measure to make cities inclusive safe and resilient conservation of natural and cultural heritage has become an increasingly important issue across the globe The equity principle of sustainable development necessitates that citizens hold the right to participate in the cultural economy of a place requiring that inhabitants and other stakeholders are consulted on processes of continuity or transformation However aspirations of cultural exchange do not translate in practice Equity in Heritage Conservation takes the UNESCO World Heritage City of Ahmedabad India as the foundational investigation into the realities of cultural heritage conservation and management It contextualises the question of heritage by citing places projects and initiatives from other cities around the world to identify issues processes and improvements Through illustrated chapters it discusses the understanding of heritage in relation to the sustainable development of living historic cities the viability of specific measures ethics of engagement and recommendations for governance This book will appeal to a range of scholars interested in cultural heritage conservation and management sustainable development urban and regional planning and architecture

Indicators for Urban and Regional Planning Cecilia Wong,2006-09-27 This book focuses on the measurement and utilisation of quantitative indicators in the urban and regional planning fields There has been a resurgence of academic and policy interest in using indicators to inform planning partly in response to the current government s information intensive approach to decision making The content of the book

falls into three broad sections indicators usage and policy making methodological and conception issues and case studies of policy indicators **Conceptions of Space and Place in Strategic Spatial Planning** Simin Davoudi,Ian

Strange,2008-11-24 Bringing together authors from academia and practice this book examines spatial planning at different places throughout the British Isles Six illustrative case studies of practice examine which conceptions of space and place have been articulated presented and visualized through the production of spatial strategies Ranging from a large conurbation London to regional Yorkshire and Humber and national levels the case studies give a rounded and grounded view of the physical results and the theory behind them While there is widespread support for re orienting planning towards space and place there has been little common understanding about what constitutes spatial planning and what conceptions of space and place underpin it This book addresses these questions and stimulates debate and critical thinking about space and place among academic and professional planners Conflict, Improvisation, Governance David Laws,John Forester,2015-04-10

Conflict Improvisation Governance presents a carefully crafted and edited collection of first hand accounts of diverse public sector and non profit urban practitioners facing the practical challenges of doing democracy in the global local context of the interconnected major European city of Amsterdam and its region The book examines street level democratic processes through the experiences of planning and city governance practitioners in community development youth work public service delivery urban public administration immigration and multi cultural social policy These profiles and case studies show widely shared challenges in global and local urban environments and new bottom up democratic and improvisational strategies that community members and public officials alike can use to make more inclusive democratic cities African Urban Economies

D. Bryceson,D. Potts,2005-12-16 Are Africa s most populous and economically dominant cities a force to reckon with in the twenty first century This book analyzes the economies of East and Southern Africa s apex cities probing how they have altered structurally over time and their current sources of economic vitality and vulnerability at local national and international levels Case study chapters focusing on Johannesburg Chitungwiza Gaborone Maputo Dar es Salaam Mombasa Nairobi Kampala and Mogadishu shed new light on contemporary African urban prospects and problems *Reconsidering Localism* Simin Davoudi,Ali Madanipour,2015-01-09 Localism has been deployed in recent debates over planning law as an anodyne grassroots way to shape communities into sustainable human scale neighborhoods But local is a moving category with contradictory nuanced dimensions Reconsidering Localism brings together new scholarship from leading academics in Europe and North America to develop a theoretically grounded critique and definition of the new localism and how it has come to shape urban governance and urban planning Moving beyond the UK this book examines localism and similar shifts in planning policy throughout Europe and features essays on localism and place making sustainability social cohesion and citizen participation in community institutions It explores how debates over localism and citizen control play out at the neighborhood institutional and city level and has come to effect the urban landscape throughout Europe Reconsidering

Localism is a current vital addition to planning scholarship

The Visual Language of Spatial Planning Stefanie Dühr, 2007-01-24 At a time when strategic spatial planning is undergoing a renaissance in Europe *The Visual Language of Spatial Planning* makes a unique contribution to this rapidly growing area of teaching and research Discussing the relevant theoretical perspectives on policy making and planning combined with cartographic communication and the use of cartographic representations in the planning process Stephanie Duhr provides conceptual and practical tools to help students and practitioners better understand maps and visualizations in strategic spatial planning The book is the first to review the form style and use of cartographic representations in strategic spacial plans in the Netherlands Germany and England as well as at European level Significant differences between planning traditions and the impact of these on transnational planning processes are highlighted It concludes by discussing the practical implications for future strategic spacial planning processes in Europe and the best use of cartographic representations to reach agreement and to focus dialogue

Effective Practice in Spatial Planning Janice Morphet, 2010-06-25 After years of being regarded as a regulatory tool spatial planning is now a key agent in delivering better places for the future Dealing with the role of spatial planning in major change such as urban extensions or redevelopment this book asks how it can deliver at the local level Setting out the new local governance within which spatial planning now operates and identifying the requirements of successful delivery this book also provides an introduction to project management approaches to spatial planning It details what the rules are for spatial planning the role of evidence and public involvement in delivering the local vision and how this works as part of coherent and consistent sub regional approach The conclusion is a forward look at what is likely to follow the effective creation of inspiring and successful places using spatial planning as a key tool

Insurgencies: Essays in Planning Theory John Friedmann, 2011-01-10 For nearly fifty years John Friedmann s writings have not just led the academic study of the discipline but have given shape and direction to the planning profession itself Covering transactive planning radical planning the concept of the Good City civil society rethinking poverty and the diversity of planning cultures this collection of Friedmann s most important and influential essays tells a coherent and compelling story about how the evolution of thinking about planning over several decades has helped to shape its practice With each essay given a new introduction to establish its context and importance this is an ideal text for the study of planning theory and history

Crossing Borders Patsy Healey, Robert Upton, 2010-02-25 The complex diffusion processes affecting the flow of planning ideas and practices across the globe are illustrated in this book It raises questions about why and how some ideas and practices attract international attention and about the invention processes which go on when external influences are woven together with local efforts to meet local specifics and requirements Initiated to celebrate the tenth anniversary of the journal *Planning Theory and Practice* in 2009 this book reflects the themes of the journal Taking different intellectual perspectives this collection takes a critical look at the international diffusion of planning ideas and practices their impacts on planning

practices in different contexts on the challenge of situating planning practices and on the ethical and methodological issues of international exchange in the planning field

Cohesion, Coherence, Cooperation: European Spatial Planning

Coming of Age? Andreas Faludi, 2010-10-18 Since its foundation the European Union has gradually developed policies that are aimed at achieving increased economic and social cohesion This book examines the most recent of these the concept of territorial cohesion Territorial cohesion is the pursuit of balanced development competitiveness sustainable development and good governance These concerns are most readily addressed by the formulation of spatial strategies under the umbrella of spatial planning that brings together a multitude of public and private actors in a process that requires cohesion coherence and co operation This book traces the development of spatial planning at European level and argues that spatial planning can become a vehicle not only for territorial cohesion but for EU policy generally

Reviving Critical Planning Theory Tore Sager, 2012 Discussing some of the most vexing criticism of communicative planning theory CPT this book goes on to suggest how theorists and planners can respond to it Looking at issues of power politics and ethics in relation to planning this book is for both critics and advocates of CPT with lessons for all With severe criticisms being raised against CPT the need has arisen to systematically think through what responsibilities planning theorists might have for the end uses of their theoretical work Offering inventive proposals for amending the shortcomings of this widely adhered planning method this book reflects on what communicative planning theorists and practitioners can and should do differently
