IX. Abraham Lincoln: The Cause of the Civil War
Chapters 14 and 15 Discussion Seminar and Potential Exam Questions

1) What was the Kansas-Nebraska Act and how did it motivate Abraham Lincoln to re-enter politics?

Abraham Lincoln, while not an abolitionist per say, was against the spread of slavery as an unquestionable evil. The Kansas-Nebraska Act would allow slavery to spread to the new western territories. He reentered the world of politics facing Stephen Douglas in a nationally important stance where his performance invigorated all abolitionists and all those against slavery. This new resurgence buried the Whig party and the Republican Party came up from its ashes.

2) Describe the relationship between the events surrounding “Bleeding Kansas” and the Kansas-Nebraska Act.

The Kansas-Nebraska act motivated the events of bleeding Kansas directly. With the matter of whether slavery would be introduced stirring up resentments between northern settlers in Kansas and southern settlers. Violence soon ensued with the caning of summer acting as a sort of exemplification of this violence.

3) Examine the Dred Scott Case.

The Dred Scott case was when a slave of a now deceased owner sued for his freedom based on his time spent in states with antislavery laws. The supreme court ruled against Scott and declared the Missouri compromise itself as unlawful much to the chagrin of the Republicans who refused to accept such a verdict from a democratic court and government and looked to the next republican president to establish a court to overrule the decision.

4) Compare and contrast the economies of the North and South. How were their interests polarized?

The ongoing industrial revolution catapulted the United States to one of the world's leading economies. The hub of this international trade and manufacturing were northern factories. However, the Souths economy was built on the agricultural industries. This complete economic difference created competing cultural identities that were built around the issue of slavery.
