The 2nd Great Awakening - -A religious movement of the early 1800s which brought about prison reform, church reform, the temperance movement, women's rights movement, and the movement for the abolition of slavery.

Utopian Communities - -Idealistic groups of the 2nd Great Awakening formed to create an ideal government and reform the world. They withdrew from the sinful, corrupt world around them and were similar to the "Hippy Communes" of the 1960s but for religious not political purposes.

Henry David Thoreau - -American transcendentalist who supported civil-disobedience against a government that supported slavery. He wrote about these beliefs in *Walden* and refused to pay the toll-tax to support the Mexican War.

Noah Webster - -American writer who wrote textbooks and a dictionary which helped standardize the American language and improve education.

Dorothea Dix - -A reformer and pioneer in the movement to treat the mentally ill, beginning in the 1820's, she also served as Head of Nurses for the Union Army during the Civil War.

William Lloyd Garrison - -American abolitionist of the mid 1800s, social reformer, and editor of the anti-slavery newspaper, "The Liberator", and one of the founders of the American Anti-Slavery Society.

The Liberator - -An anti-slavery newspaper written by William Lloyd Garrison which drew attention to abolition starting debate between supporters and opponents of slavery.

Frederick Douglass - -A self-educated slave who escaped in 1838, considered the most famous abolitionist speaker and the editor the anti-slavery weekly newspaper, "The North Star."

Us History Semester 2 Final Review Answers:

Common Core Nicholas Tampio, 2018-03-01 How the Common Core standardizes our kids education and how it threatens our democracy The Common Core State Standards Initiative is one of the most controversial pieces of education policy to emerge in decades Detailing what and when K 12 students should be taught it has led to expensive reforms and displaced other valuable ways to educate children In this nuanced and provocative book Nicholas Tampio argues that though national standards can raise the education bar for some students the democratic costs outweigh the benefits To make his case Tampio describes the history philosophy content and controversy surrounding the Common Core standards for English language arts and math He also explains and critiques the Next Generation Science Standards the Advanced Placement US History curriculum framework and the National Sexuality Education Standards Though each set of standards has admirable elements Tampio asserts that democracies should disperse education authority rather than entrust one political or pedagogical faction to decide the country's entire philosophy of education Ultimately this lively and accessible book presents a compelling case that the greater threat to democratic education comes from centralized government control rather than from local education authorities
