What Would Jesus Drink? Joel McDurmon, 2011 A Simple Guide to Experience Miracles J. P. Moreland, 2021-11-16

Does God Still Do Miracles Today A Simple Guide to Experience Miracles will give you confidence in and awareness of the supernatural realm as you learn how to flourish spiritually by experiencing more miraculous interventions in your life and ministry Internationally renowned philosopher J P Moreland looks at the nature of miracles and explains why bearing and receiving credible testimony to God s miraculous acts is a crucial feature of a mature Jesus follower He also shows how to distinguish a real miracle from a mere coincidence Miracles bring comfort to believers strengthening faith in God and creating boldness in our lives While miraculous healings have occurred frequently throughout church history Moreland provides data showing how the last fifty years have seen a massive outbreak of miracles and supernatural activity Today he argues the church should humbly expect to see more of these miraculous works of God than we do Moreland looks at topics like The relationship between sickness and suffering along with two different ways to pray for healing How to discern clearly the difference between a genuine miracle and a mere coincidence How to increase your faith that petitionary prayer really works and what to make of unanswered prayer Six ways God speaks to us and advice for hearing God wisely and biblically The role angels play in our lives how they appear to us and how to combat demonic influence The biblical basis for most Near Death Experiences and what we can learn from them A Simple Guide to Experience Miracles increases your expectation and hope that God can and often does miraculously intervene to bring help and comfort Moreland shows that it makes rational sense to step out and engage in employing Kingdom power and to strengthen courage to witness and act on behalf of the gospel of Jesus Filled with inspiring credible motivating accounts of miracles he covers five different kinds of supernatural activities and provides practical wisdom about how to begin practices such as healing prayer and learning to deal with the demonic *Father Hunger* Douglas Wilson, 2012-04-30 Fatherlessness is a rot that is eating away at the modern soul writes Douglas Wilson and the problem goes far beyond physical absence Most of our families are starving for fathers even if Dad is around and there s a huge cost to our children and our society because of it Father Hunger takes a thoughtful timely richly engaging excursion into our cultural chasm of absentee fatherhood Blending leading edge research with incisive analysis and real life examples Wilson Traces a range of societal ills from poverty and crime to joyless feminism and paternalistic government expansion to a vacuum of mature masculinity Explains the key differences between asserting paternal authority and reestablishing true spiritual fathering Uncovers the corporate fulfillment fallacy and other mistaken assumptions that undermine fatherhood Extols the benefits of restoring fruitful fathering from stronger marriages to greater economic liberty Filled with practical ideas and self evaluation tools Father Hunger both encourages and challenges men to embrace the high calling of fatherhood becoming the dads that their families and our culture so desperately need them to be Wilson sounds a clarion call among Christian men that is pointedly biblical urgently relevant humorously accessible and practically wise

Richard D Phillips author of *The Masculine Mandate God's Calling to Men* Father Hunger illustrates one of the greatest influences or lack thereof on the identity of a man a father Read a book that will strike an invisible chord in the lives of men both lost and found Dr Eric Mason pastor of Epiphany Fellowship Philadelphia
