Relates to the Journey of Life, a Reference Manual for the Tarot Blueprint Deck Mati H Fuller, 2019-05-06 The Tarot Blueprint was given to me as a channeled message from Spirit In a flash of a second the whole concept was in my head and I felt so excited I almost couldn't contain myself While the Adrenalin was pumping through my veins I jumped out of bed and rushed over to my Tarot cards to see if the concept was going to work for all the cards and it did Every card in the deck was describing a part of the journey and it struck me that Tarot covers EVERY aspect of life like an incredible blueprint of the human journey from cradle to grave The words flowed so effortlessly that I wrote the whole book in about a week Connecting the Tarot with the Chakras and learning the cards from this perspective requires no memorization whatsoever The book can benefit beginners of Tarot as well as professionals The Tarot Blueprint is a spiritual perspective on the Tarot that will appeal to anyone who is a seeker of truth The Blueprint is there You just have to discover it *Book of Fools An Intelligent Person's Guide to Fops, Jackasses, Morons, Dolts, Dunces, Halfwits and Blockheads* Terry Reed, 2013 This book presents a provocatively outrageously assertive exposure of fools in their not infrequently bizarre manifestations the object being to leave no halfwits behind It explores the world of the fool from many perspectives including Engines of Limited Cognition Dumb Bells Dumb Clucks and Dumb Waiters Imprudence and Its Imbecilic Implications Fools Eccentrics and Idiotic Opportunities Putting Fools to Work This is not to infer or even hint that either the author or his readership is in any demonstrable sense of the word foolish now or at any other time After all no fool would write a book like this and no fool would read it Precisely who does read it is a discretely personal decision we leave to those gifted with more than ordinarily inquiring minds Indeed those who elect to come along for the ride are likely to find their minds piqued tickled and enriched by this tour de farce True to form Reed illustrates Ambrose Bierce's definition of education that which discloses to the wise and disguises from the fools their lack of understanding Abundantly documented endlessly subtle hopelessly eccentric and deadly funny the book blends history sociology literature philosophy etymology and even theology all with a good laugh
