When Things Fell Apart 1st First Editon Text Only:

The Faith of the Early Fathers W. A. Jurgens, 1970 A source book of theological and historical passages from the Christian writings of the Post Nicene and Constantinopolitan eras through St Jerome Taken together these three volumes represent a basic English language reference book of patristic works Volume 2 concludes with Julian of Eclanum d 454

Henry IV, Part 1 William Shakespeare, 2004 The First Folio of 1623 is the definitive edition of Shakespeare's plays It is more often than not the closest we can now get to what Shakespeare actually wrote But the Folio's antiquated typography and cramped layout make it remote and inaccessible to modern eyes The Shakespeare Folios on the other hand offer easy access directly to the First Folio by presenting the text in modern type but otherwise unchanged All the First Folio's idiosyncrasies of layout and spelling even its obvious errors have been scrupulously left intact but the text suddenly becomes as easily legible as the script of any modern play As an additional aid to understanding readers will find printed opposite each page of the Folio the very same passage in a modern edition So whenever the Folio presents a problem the reader can refer to this parallel text for a solution either in the text itself or in the set of notes at the end of the book These notes draw on the long tradition of Shakespearean scholarship and include full reference to surviving Quarto texts BOOK JACKET

The Faith of the Early Fathers: Volume 2, 2024-09-13 Volume 2 A source book of theological and historical passages from the Christian writings of the Post Nicene and Constantinopolitan eras through St Jerome Volume 2 concludes with Julian of Eclanum d 454 Volume 1 the Pre Nicene and Nicene eras Volume 2 the Post Nicene era through St Jerome Volume 3 St Augustine to the end of the patristic period The passages selected are keyed to the numerical order established in M J Rou t de Journal's Enchiridion Patristicum In no sense however are these volumes a translation of that standard work The author has made his own investigation of theological textbooks in common use and has selected the patristic passages most frequently cited including much that is in Rou t and much that is not All passages have been freshly and accurately translated from the best critical editions Preceding each selection is a brief introduction treating the authorship date and place of composition and the purpose of the work from which the selection is taken The author's scholarship and sprightly sense of humor are evident in these prefatory remarks Of immense value to the reader is the Doctrinal Index provided for each volume Here one can find the texts pertinent to particular doctrinal points a method especially useful to homilists In addition each volume is enhanced by comprehensive Scriptural and General Indices
