The Xerox 3030 Engineering Copier

The Xerox 3030 Engineering Copier is a point-of-need plain-paper copier that's compact, aesthetically pleasing and environmentally friendly. The 3030 gives you walk-up convenience, automatic operation and a clear, easy-to-use graphic interface.

Copy from original drawings, blueprints, sepias, CAD plots and cut-and-tape composites onto bond, vellum or film - up to 15 copies from a single feed. Select automatic synchrocute or key in specific cut lengths. Make size-for-size copies up to 36 inches wide by any manageable length at a speed of four D-size copies per minute.

Roll-fed media loading is quick and easy. There's a manual bypass for feeding cutsheet media. And our standard copy stacker and optional document stacker enhance operator efficiency.

Remember, your productivity is directly related to the flow of engineering information. With the 3030, drawing elements can be updated via cut-and-tape editing methods to form new concept drawings quickly, right in the drawing room. Drawings can be restored to "like new" condition, with the added storage and handling benefits of plain-paper media. The 3030 gives you added control of copy quality in terms of contrast and density. With a 3030 at your point of need, you can make sure the vital flow of engineering information won't bog down.
