Violence Against Women in the US Maddy Coy, 2024-04-09 Analyzing what is known about violence against women this book centers on the contrast between the U S s historic focus on a criminal legal framework and the human rights lens used globally by feminist activists Distilling the existing evidence base and literature on violence against women in the United States this book includes an overview of forms of violence the prevalence of violence contexts in which violence occurs and debates about intervention and prevention It engages with how human rights frameworks define violence against women as a cause and consequence of women s inequality and explores how race ethnicity class citizenship status and sexual orientation shape experiences of victimization perpetration and institutional responses Chapters synthesize prevalence methods and data key feminist concepts impacts and aftermath of violence what is known about perpetrators the history of anti violence activism violence against women on college campuses and in the media

and how the criminal legal systems respond Contested issues such as prostitution and pornography and the extent to which commercial sex can be understood as a form of and or context for violence against women are also explored The book closes with a final chapter offering directions for adopting a human rights approach to ending violence against women in the United States By offering an analysis of how violence against women has come to be named in activist policy and academic arenas Violence Against Women in the US is an essential resource for students scholars and practitioners **Bodies in Evidence**

Heather R. Hlavka, Sameena Mulla, 2021-11-09 Winner 2021 2022 AES Senior Book Prize awarded by the American Ethnological Society Honorable Mention Senior Book Prize of the Association for Feminist Anthropology Uncovers how the process of sexual assault adjudication reinforces inequality and becomes a public spectacle of violence For victims in sexual assault cases trials rarely result in justice Instead the courts drag defendants victims and their friends and family through a confusing and protracted public spectacle Along the way forensic scientists sexual assault nurse examiners and police officers provide their insight and expertise shaping the story that emerges for the judge and jury These expert narratives intersect with the stories of victims witnesses and their communities to reproduce our cultural understandings of sexual violence but too often this process results in reinscribing racial gendered and class inequalities Bodies in Evidence draws on observations of over 680 court appearances in Milwaukee County s felony sexual assault courts as well as interviews with judges attorneys forensic scientists jurors sexual assault nurse examiners and victim advocates It shows how forensic science helps to propagate public misunderstandings of sexual violence by bestowing an aura of authority to race and gender stereotypes and inequalities Expert testimony reinforces the idea that sexual assault is physically and emotionally recognizable and always leaves material evidence The court s reliance on the presence of forensic evidence infuses these very familiar stereotypes and myths about sexual assault with new scientific authority Powerful unflinching and at times heartbreaking Bodies in Evidence reveals the human cost of sexual assault adjudication and the social cost we all bear when investing in forms of justice that reproduce inequality and racial injustice *The Truth Machines* Jinee

Lokaneeta, 2020-02-26 Using case studies and the results of extensive fieldwork this book considers the nature of state power and legal violence in liberal democracies by focusing on the interaction between law science and policing in India The postcolonial Indian police have often been accused of using torture in both routine and exceptional criminal cases but they and forensic psychologists have claimed that lie detectors brain scans and narcoanalysis the use of truth serum Sodium Pentothal represent a paradigm shift away from physical torture most state high courts in India have upheld this rationale The Truth Machines examines the emergence and use of these three scientific techniques to analyze two primary themes First the book questions whether existing theoretical frameworks for understanding state power and legal violence are adequate to explain constant innovations of the state Second it explores the workings of law science and policing in the everyday context to generate a theory of state power and legal violence challenging the monolithic frameworks about this

relationship based on a study of both state and non state actors Jinee Lokaneeta argues that the attempt to replace physical torture with truth machines in India fails because it relies on a confessional paradigm that is contiguous with torture Her work also provides insights into a police institution that is founded and refounded in its everyday interactions between state and non state actors Theorizing a concept of Contingent State this book demonstrates the disaggregated and decentered nature of state power and legal violence creating possible sites of critique and intervention What It Feels Like Stephanie R. Larson, 2021-10-22 What It Feels Like interrogates an underexamined reason for our failure to abolish rape in the United States the way we communicate about it Using affective and feminist materialist approaches to rhetorical criticism Stephanie Larson examines how discourses about rape and sexual assault rely on strategies of containment denying the felt experiences of victims and ultimately stalling broader claims for justice Investigating anti pornography debates from the 1980s Violence Against Women Act advocacy materials sexual assault forensic kits public performances and the MeToo movement Larson reveals how our language privileges male perspectives and more deeply how it is shaped by systems of power patriarchy white supremacy ableism and heteronormativity Interrogating how these systems work to propagate masculine commitments to science and hard evidence Larson finds that US culture holds a general mistrust of testimony by women stereotyping it as emotional But she also gives us hope for change arguing that testimonies grounded in the bodily material expression of violation are necessary for giving voice to victims of sexual violence and presenting accurately the scale of these crimes Larson makes a case for visceral rhetorics theorizing them as powerful forms of communication and persuasion Demonstrating the communicative power of bodily feeling Larson challenges the long held commitment to detached distant rationalized discourses of sexual harassment and rape Timely and poignant the book offers a much needed corrective to our legal and political discourses *Domestic Abuse and Sexual Assault in Popular Culture* Laura L. Finley, 2016-04-18 Using historical and current examples from film television literature advertisements and music this book reveals the ways that rape and abuse are typically presented and misrepresented and evaluates the impact of these depictions on consumers Incidences of domestic abuse and sexual assault aren't only commonplace nationwide and the source of a shockingly large number of serious injuries and deaths they're also problems that are often subject to myths and misleading depictions in popular culture and media The author of this important book seeks to shed light on the situation by examining the specific issues related to domestic violence and sexual assault from the scope and extent of the problem to victim and offender characteristics and from common misconceptions to societal cultural and judicial responses and prevention efforts Each chapter discusses movies music literature and other forms of popular culture that address issues of domestic abuse and sexual assault identifying both accurate depictions and problematic examples The final section of the book addresses how our culture responds to and attempts to prevent domestic abuse and sexual assault covering depictions of police response to these kinds of crimes in popular culture how the justice system handles these cases and individual and community efforts to curb

domestic abuse and sexual assault A compendium of films documentaries popular books and song lyrics featuring domestic abuse and sexual assault enables readers to easily investigate the subject further *Sexual Consent* Milena Popova,2019-05-07 An introduction to issues of sexual consent covering key strands of feminist thought how sexual consent is negotiated in practice the influence of popular culture and more The MeToo movement has focused public attention on the issue of sexual consent People of all genders from all walks of life have stepped forward to tell their stories of sexual harassment and violation In a predictable backlash others have taken to mass media to inquire plaintively if flirting is now forbidden This volume in the MIT Press Essential Knowledge series offers a nuanced introduction to sexual consent by a writer who is both a scholar and an activist on this issue It has become clear from discussions of the recent high profile cases of Harvey Weinstein Bill Cosby and others that there is no clear agreement over what constitutes consent or non consent and how they are expressed and perceived in sexual situations This book presents key strands of feminist thought on the subject of sexual consent from across academic and activist communities and covers the history of research on consent in such fields as psychology and feminist legal studies It discusses how sexual consent is negotiated in practice from No means no to Yes means yes and describes what factors might limit individual agency in such negotiations It examines how popular culture including pornography romance fiction and sex advice manuals shapes our ideas of consent explores the communities at the forefront of consent activism and considers what meaningful social change in this area might look like Going beyond the conventional cisgender heterosexual norm the book lists additional resources for those seeking to improve their practice of consent survivors of sexual violence and readers who want to understand contemporary debates on this issue in more depth

**Researching Gender-Based Violence** April D. J. Petillo,Heather R. Hlavka,2022-08-02 This book is a interdisciplinary collection of critical feminist methodological reflections on interpersonal gender violence that argues for an embodied knowledge and practice in research and academia **Shattering Silences** Christopher Johnston,2018-05-01 An in depth look at revolutionary new ways to handle sexual assaults Every two minutes someone in the US is sexually assaulted and each year there are nearly 300 000 victims of sexual assault But victims are no longer silent and new practices by police prosecutors nurses and rape crisis professionals are resulting in more humane and compassionate treatment of victims and more aggressive pursuit and prosecution of perpetrators Shattering Silences is the first book to cover these new approaches and partnerships Christopher Johnston shows how the people and organizations implementing these new approaches are having far reaching impacts on helping victims heal and making it more likely that predators will be arrested and sentenced His in depth portrayals of the altruistic and hard working people behind these radical approaches based on seven years of interviews provide a template of best practices for other organizations and communities to follow With sexual assault taking center stage these days Shattering Silences is more important than ever **Shadow of My Shadow** Jennifer Doyle,2024-07-15 Over the course of two years Jennifer Doyle filed multiple harassment complaints with her campus s Title

IX office and one with the Department of Labor Her experiences with these complaints and how they subsequently impacted her life have led to this book *Shadow of My Shadow* Doyle tells her personal story sharing how she lost her sense of voice felt exposed at work became distrustful of students and colleagues and was consumed by grief Working across autobiography literary criticism an analysis of the Larry Nassar Title IX case and a larger institutional critique of harassment administration Doyle shows that harassment is at once intimate dynamic and intensely social flourishing in neglected social spaces In her own case it profoundly reshaped her relationship to her work her writing and ultimately to herself As Doyle explains the experience drew out the distance between herself in the world and herself on the page This book is her effort to understand and repair that breach and to consider how loss and grief can be sources of insight and compassion ***Policing Sex Crimes*** Dale Spencer, Rosemary Ricciardelli, 2022-09-09 *Policing Sex Crimes* offers an overview of the affordances and difficulties of investigating and responding to sex crimes in contemporary digital society The simplest to most complex sex crimes investigations can and often do have a digital component Such a digital society creates a number of inter and intra organizational challenges in terms of investigation of sex offenses and response to victims of sex crimes In the proposed text the authors elucidate laws defining sex crimes across international contexts and examine the different ways nation states have responded to digital sex crimes and related digital communication technologies via laws policies and practices They draw on 70 interviews with sex crime investigators to document the effects of digital sex crimes on the policing profession and the broader police organizations that sex crime investigators work Lastly they explore how victims are interpreted by police officers and the challenges they face achieving justice in the wake of sexual victimization ***Vulnerability and the Politics of Care*** Victoria Browne, Jason Danely, Doerthe Rosenow, 2021-01-28 This book brings together scholars from across the social sciences and humanities to examine what it means to be vulnerable to care and be cared for within conditions of inequality violence and crisis across the globe ***Crime and Punishment in America*** Laura L. Finley, 2016-12-05 Covering some of the most hotly contested topics in crime and criminal justice including proposed sentencing and prison reforms controversial developments like Stand Your Ground laws and Supreme Court decisions this work supplies essential background current data and a range of viewpoints on these important issues Should people be able to use lethal force before retreating What are the arguments for and against executing mentally ill inmates Should police always need warrants to search individuals or their property How can we best hold accountable white collar offenders Why do men perpetrate crime at higher rates than women This two volume set grapples with the answers to these complex questions and many more enabling readers to better understand current crime punishment issues within the context of America's ever evolving culture economy and politics This multidisciplinary reference work offers a current and thorough compilation of the most important and hotly contested topics related to crime and criminal justice Organized alphabetically each entry presents scholarly research and authoritative sources to inform readers about the subject ***The Aging-Disability Nexus*** Katie

Aubrecht, Christine Kelly, Carla Rice, 2020-06-01 As the global population ages disability demographics are shifting Societal transformation and global health inequities have changed who is likely to reach old age who is likely to live with disability and the relationship between aging and disability in various socio cultural and geopolitical contexts *The Aging Disability Nexus* breaks new ground by bringing gerontology and disability studies into dialogue with each other through a variety of empirical conceptual and pedagogical approaches Contributors explore the tensions that shape the way disability and aging are understood experienced and responded to at both individual and systemic levels while avoiding the common tendency to conflate these overlapping elements and map them onto a normative faulty notion of the human life trajectory This perceptive work analyzes the distinction between aging with a disability and aging into disability and reveals how multiple identities socio economic forces culture and community give form to our experiences *Solidarity & Care* Alana Lee

Glaser, 2023-06-30 This ethnographic book chronicles the impact of the 2010 New York Domestic Workers Bill of Rights on the multicultural immigrant led organizations responsible for its passage as well as its unexpected sequelae in the daily lives of individual Latina Caribbean and West African women working as caregivers in New York City **The Routledge Companion to Intersectionalities** Jennifer C.
