The Voyage Of The Undergod:

The Voyage of the Undergod Kirby Smith, 2014-08-12 Politics is everywhere these days we are drowning in it The Voyage of the UnderGod holds up a mirror to this sad state of affairs by creating a world animated by partisan political feeling every utterance up for grabs as an allusion or parody or gag or prank or desperate cry for help In a reality TV show a 19th century tall ship sails the south Atlantic doubling back to Rio de Janeiro then down the coast to the deadly Cape Horn Its celebrity captain is Luther Dorsey a presidential hopeful whose back story combines elements of Reagan Limbaugh and George W The tone is mock heroic yet charged with dramatic intensity as Luther makes his last grasp at the greatness he thinks he deserves

America: One Nation Under God Charlotte Sale, 2019-06-05 Our America began as a Christian nation Sadly we have slowly turned away from God in the last 100 years History is being rewritten leaving out most of the truths that used to be taken as common knowledge in homes schools and communities Our constitution and our laws are changing rapidly and not for the better What is being left out of the history books How have we drifted so far from where we began Have we forgotten what happened in 1620 In 1776 Where are we going today What will be left of our religious freedoms if we stand silent Is God watching Does He care And what will the America look like that we leave to our children and grandchildren Our country s future is in their hands They deserve to know the whole story of America and the important role that God played in her history

Yale Under God , One Nation Under God James P. Moore, Jr., 2007-12-18 In this highly original approach to the history of the United States James Moore focuses on the extraordinary role that prayer has played in every area of American life from the time of the first settlers to the present day and beyond A stirring chronicle of the spiritual life of a nation One Nation Under God shows how the faith of Americans from the founding fathers to corporate tycoons from composers to social reformers from generals to slaves was an essential ingredient in the formation of American culture character commerce and creed One Nation Under God brings together the country s hymns patriotic anthems arts and literature as a framework for telling the story of the innermost thoughts of the people who have shaped the United States we know today Beginning with Native Americans One Nation Under God traces the prayer lives of Quakers and Shakers Sikhs and Muslims Catholics and Jews from their earliest days in the United States through the advent of cyberspace the aftermath of 9 11 and the 2004 presidential election It probes the approach to prayer by such diverse individuals as Benjamin Franklin Elvis Presley Frank Lloyd Wright Martha Graham J C Penney Mary Pickford Cesar Chavez P T Barnum Jackie Robinson and Christopher Columbus It includes every president of the United States as well as America s farmers clergy immigrants industrialists miners sports heroes and scientists One Nation Under God shows that without prayer the political cultural social and even economic and military history of the United States would be vastly different from what it is today It engages in a thoughtful timely examination of the modern debate over public prayer and how the current approach to prayer bears deep roots in the philosophies of the country s founding fathers a subject which remains distinct from the debate over church

and state **America's Rise to Greatness Under God's Covenant** Miles Huntley Hodges, 2020-04-26 This book is part of a three part series on America as a Covenant Nation This volume covers from the rise of America's industrial revolution in the late 1800s to America's taking the position in the Cold War 1950s as the leader of the Free World It is a typical social political economic and military history of America untypical however in how it connects the intellectual moral and spiritual character of America with those same social events It takes the reader through the days of Western imperialism World War One the Roaring Twenties the Great Depression World War Two the beginning of the Cold War and finally the age of Middle America's grand success the 1950s It focuses heavily on the leaders most frequently the country's presidents and how their own personal spirituality shaped their times and the way the Christian community in particular responded to both the social challenges facing it and the spiritual leadership attempting to inspire and guide it It seeks to give the Christian reader or Secular reader if he or she is willing to be challenged a highly detailed knowledge of the historical path social and spiritual that has brought us to today's world and its enormous challenges **Abraham Jacob & Maria Loewen Family: A Journey Under God's Providence** David F Loewen, 2015-06-21 The story of one Mennonite family that chose to leave the Soviet Union when others were choosing to remain not realizing this was the last opportunity They left everything familiar and dear for an unknown future in a land where they knew no one They had a deep trust in God and after a long and prosperous life in Canada they were quick to acknowledge God's faithfulness throughout their life's journey Also contains a Loewen genealogy 1735 2015 **A Nation Under God** John Reynolds, 2019-11-18 Life is never static It is in constant motion effecting change making history The movement of that change writes the history of our lives and our nation Some changes are loud and offensive while others are silent and subtle We quickly adjust to the loud and offensive movements so as to keep everything on track but it is the silent and subtle movements that we miss When those slow moving cultural movements start effecting the foundation of our survival as a society they must be exposed and the people must ask themselves what kind of nation they want Our enemies know what it takes to remove the foundations of our nation foundations which keep us as a nation under God free The history of ancient Israel and her relationship to God as seen in Scripture gives to us a lesson in what not to do if we want to remain a nation under God How did their youth treat their elders and how did their false prophets turn the people away from God How did God become irrelevant to a people so blessed by Him Was God redefined by society in both the religious and the secular and was His standard of morality redefined as well These are questions asked and hopefully answered in this writing **One Nation Under God: The Virtues That Made America** Jerry M. Roper PhD, 2024-05-10 Virtues are the foundation of Western civilization They are ancient Their value and significance cannot be overstated Virtues afford incredible beauty to the lives of all who practice them and the society that honors respects and teaches virtue to each generation is a society that flourishes Sadly in our rush into 21st Century modernism America has overlaid our foundation of sturdy virtues with high sounding principles seemingly noble but empty values and an anemic Christianity These are flimsy

substitutes for wisdom courage hope love and all the other virtues that are the true foundation of America In One Nation Under God The Virtues That Made America we will meet virtuous men and women and hear how their stories contributed to the making of America Certainly we will meet some of America s Founding Fathers but we will also hear the stories of common everyday folks whose virtue is the mortar that binds together the nation s foundation It s time for a new generation of Americans to hear these true stories and know that the virtues made America **This Nation Under God** Charles E. Kistler,1924 **England Under God** Robert Wilson Evans,1870 *Usa One Nation Under God?* Jose Carlos Diaz,2007-09

The U S A claims to be one nation under God If that God is the Christian God this statement is false The author of this book sets out to prove this thesis with the analysis of over a dozen U S war events spanning over a century The U S A is now the only world superpower How did it get there By walking down the path marked by Manifest Destiny With the arrival of the Mayflower the English Puritans believed that God preordained them to spread their eternal values throughout the world This presumptuous goal eventually became the U S expansionist policy the basis for its political and economical conquest of the world Uncle Sam disguised with a false philanthropy became the Northern Colossus He is shouting that the country where he lives is one nation under God however it really is against God Repent USA This book is demonstrating this hypocrisy through an examination of U S military interventions around the world starting with the explosion of the Maine in 1898 and ending with the Operation Iraqi Freedom in 2003 **Masters Under God** Richard Woodman,2009 Masters Under God presents the third of five books in Richard Woodman s groundbreaking history of the British Merchant Navy covering the period from 1817 to 1884 from the end of the Napoleonic War to the first steam ships bound for Australia then in the throes of a great immigration boom It encompasses gold rush fuelled emigration as well as the Opium Wars and the breaking down of trade barriers with Imperial China including the opening of the Suez Canal the laying of submarine telegraph cables and the birth of cruise companies like Cunard and P O The 1860s was the era of the beautiful tea clippers but it was also a period which began with the social status of the merchant marine at low ebb blighted by inebriation and ineptitude prior to Samuel Plimsoll s safety reforms Alongside the continuing development of the sailing ship and the downfall of the East India Company s monopoly on eastern trade the first steamers started plying along the coasts of Europe and America before venturing across the Atlantic and eventually the world This dazzling book continues the story of the mercantile marine where the previous volume finished and will leave you anticipating the next with baited breath a terrific book tackling a vast subject with a perceptive eye Lots of surprising facts and a salutary reminder that the Merchant Navy often played a far more critical role in Britain s history than the Royal Navy Dr David Cordingley [This Nation Under God](#) Elbert Duncan Thomas,1950
