The Victorians And The Visual Imagination:

The Victorians and the Visual Imagination Kate Flint, 2000-08-28 The Victorians and the Visual Imagination is an exciting and innovative exploration of the Victorians attitudes towards sight Tantalized by physiologists who proved the unreliability of the eye intrigued by the role of subjectivity within vision and provoked by new technologies of spectatorship the Victorians were also imaginatively stirred by the sense of a world which lay just out of human sight This interdisciplinary study draws on writers as diverse as George Eliot Elizabeth Barrett Browning and Rudyard Kipling as well as Pre Raphaelite and realist painters including Millais Burne Jones William Powell Frith and Whistler and a host of Victorian scientists cultural commentators and art critics Its topics include blindness the location of memory hallucination dust and the importance of the horizon a dazzling eclectic range of subjects linked together by the operations of the eye and brain **Victorian Literature**

and Victorian Visual Imagination Carol T. Christ, John O. Jordan, 1995 **Victorian Literature and the Victorian Visual Imagination** Carol T. Christ, John O. Jordan, 1995-01-01 Looks freshly at facts that have remained marginal to most critics sense of the literature the sheer mechanism of artistic and literary reproductions These essays make an unusual various and interesting collection with appeal to a great many constituencies George Levine author of Darwin and the Novelists This is an exciting collection linked by a series of contemporary critical assumptions and Victorian concerns For all their reconsideration of theory the essays are written in a lively jargon free style that should give them popular as well as scholarly appeal Carole Silver coeditor of Socialism and the Literary Artistry of William Morris Ruskin, the Theatre and Victorian Visual Culture A. Heinrich, K. Newey, J. Richards, 2009-04-08 This collection of essays sets out to challenge the dominant narrative about Victorian theatre by placing the practices and products of the Victorian theatre in relation to Victorian visual culture through the lens of the concept of Ruskinian theatre an approach to theatre which values its educative purpose as well as its aesthetic expression **The Oxford Handbook of the Victorian Novel** Lisa

Rodensky, 2013-07-11 Much has been written about the Victorian novel and for good reason The cultural power it exerted and to some extent still exerts is beyond question The Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics the novel and science the Victorian Bildungsroman as well as essays on topics often overlooked the novel and classics the novel and the OED the novel and allusion Manifesting the increasing interdisciplinarity of Victorian studies its essays situate the novel within a complex network of relations among for instance readers editors reviewers and the novelists themselves or among different cultural pressures the religious the commercial the legal The handbook s essays also build on recent bibliographic work of remarkable scope and detail responding to the growing attention to print culture With a detailed introduction and 36 newly commissioned chapters by leading and emerging scholars beginning with Peter Garside s examination of the early nineteenth century novel and ending with two essays proposing the last Victorian novel the handbook attends to the major themes in Victorian scholarship while

at the same time creating new possibilities for further research. Balancing breadth and depth, the clearly written nonjargon-laden essays provide readers with overviews as well as original scholarship, an approach which will serve advanced undergraduates, graduate students, and established scholars. As the Victorians get further away from us, our versions of their culture and its novel inevitably change; this Handbook offers fresh explorations of the novel that teach us about this genre, its culture, and by extension, our own.

Victorian Jewelry, Identity, and the Novel Jean Arnold, 2011. Jean Arnold explores the role material objects play in the cultural cohesion of the West, arguing that gems symbolized the most closely held beliefs of the Victorians and thus can be considered prisms of culture. Her close readings of works by Wilkie Collins, George Eliot, William Makepeace Thackeray, and Anthony Trollope show jewels turned into symbols of power, personal relationships, and valued ideas that serve to bind the materialist culture together.

The Victorian aquarium Silvia Granata, 2021-04-27. The Victorian aquarium explores the vogue for home tanks that spread through Great Britain around the middle of the nineteenth century. This book offers an example of how the study of a particular object can be used to address a broad spectrum of issues. The Victorian aquarium became, in fact, a point of intersection between scientific, technological, and cultural trends; it engaged with issues of class, gender, nationality, and inter-species relations; it drew together home decor and ideals of domesticity, travel, and tourism; exciting discoveries in marine biology and tensions between competing views of science; it also marked an important moment in the development of a burgeoning environmental awareness. Through the analysis of a wide range of sources, including aquarium manuals, articles, and fictional works, *The Victorian aquarium* unearths the historical significance of nineteenth-century tanks, reconstructing their far-ranging cultural resonance.

The Literate Eye Rachel Teukolsky, 2009-07-23. In Victorian Britain, authors produced a luminous and influential body of writings about the visual arts. From John Ruskin's five-volume celebration of J. M. W. Turner to Walter Pater's essays on the Italian Renaissance, Victorian writers disseminated a new idea in the nineteenth century: that art spectatorship could provide one of the most intense and meaningful forms of human experience. In *The Literate Eye*, Rachel Teukolsky analyzes the vivid archive of Victorian art writing to reveal the key role played by nineteenth-century authors in the rise of modernist aesthetics. Though traditional accounts locate a break between Victorian values and the experimental styles of the twentieth century, Teukolsky traces how certain art writers promoted a formalism that would come to dominate canons of twentieth-century art. Well-known texts by Ruskin, Pater, and Wilde appear alongside lesser-known texts drawn from the rich field of Victorian print culture, including gallery reviews, scientific treatises, satirical cartoons, and tracts on early photography. Spanning the years 1840 to 1910, her argument lends a new understanding to the transition from Victorianism to modernism, a period of especially lively exchange between artists and intellectuals, here narrated with careful attention to the historical particularities and real events that informed British aesthetic values. Lavishly illustrated and marked by meticulous research, *The Literate Eye* offers an eloquent argument for the influence of Victorian art culture on the museum worlds of modernism in a revisionary account that

ultimately relocates the notion of the modern to the heart of the nineteenth century **The Journal of Pre-Raphaelite Studies** ,2005 *Shakespeare and the Visual Imagination* Stuart Sillars,2015-08-06 Shakespeare's knowledge of the practices of visual art its fundamental concepts and the surrounding debates is clear from his earliest works This book explores this relationship showing how key works develop visual compositions as elements of dramatic movement construction of ideas and reflections on the artifice of theatre and language The Taming of the Shrew Love's Labour's Lost Richard II and A Midsummer Night's Dream are explored in detail offering new insights into their forms themes and place in European traditions The use of emblems is examined in Titus Andronicus and As You Like It studies of Venus and Adonis some sonnets and The Rape of Lucrece reveal different but related visual aspects a later chapter suggests how the new relation between seeing and soliloquy in The Rape of Lucrece is developed in other plays Extensively illustrated the book explores Shakespeare's assimilation and exploration of visual traditions in structure theme and idea throughout the canon

Victorian Literature and Finance Francis O'Gorman,2007-03-22 This book analyses relationships between writing and the financial structures of the 19th century What emerges is a remarkable set of imaginative connections between literature and Victorian finance including women and the culture of investment the profits of a media age and the uncomfortable relationship between literary and financial capital **Victorian Literature and Culture** ,2008 **London, 1066-1914: Late Victorian and early modern London 1870-1914** Xavier Baron,1997 Material and Visual Cultures Beyond Male Bonding, 1870-1914 John Potvin,2008 Material and Visual Cultures Beyond Male Bonding 1870-1914 presents the first cross disciplinary analysis of the visual and material representations and spaces of male same sex culture in turn of the century Britain which positions intimacy as its central object Through both historical and theoretical lenses this groundbreaking study considers photographs interior design decorative art architecture and illustrations from the popular press to reveal the interwoven narratives of intimacy aesthetics and identity The author sustains close readings to expose the challenges the representations of men together posed not only for the men of the time but also for the contemporary viewer and scholar

An Institute of Modern Literature at Bowdoin College Bowdoin College. Institute of Modern Literature,1926 *The Lure of Illustration in the Nineteenth Century* Laurel Brake,Marysa Demoor,2009-01-15 This volume tackles the subject of illustration technically metaphorically and historically in nineteenth century periodicals displaying the ubiquity of the visual in the press the articles cover material illustration graphics and design and metaphorical use of images in the letterpress offering specific examples and theoretical approaches *Sensory History* Mark Michael Smith,2007 No Marketing Blurb

Nineteenth-century Studies ,1997 **Journal of Pre-Raphaelite Studies** ,2005 **The Use of Classical Art and Literature by Victorian Painters, 1860-1912** Rosemary J. Barrow,2007 This book explores the reception of the classical world in painting from the mid Victorian period to the second decade of the twentieth century and centres on an examination of oil painting exhibited at the Royal Academy of Arts Page vii
