series readers can get caught up to speed on the lives of America's most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known. Of all the screen legends whose names remain synonymous with Hollywood, few took as long to become a star as Spencer Tracy, who is today recognized as one of the greatest actors ever but whose career did not truly take off until he was already in his mid 30s. After languishing with Fox for 5 years and over two dozen movies, one biographer had summed up his career to that point in time: Tracy was scarcely a blip on the box office barometer in 1935, a critics' darling and little more. However, after joining MGM in 1935, Tracy catapulted to fame with one of the most impressive runs in Hollywood history, winning Oscars for Best Actor in 1938 and 1939 after already being nominated in 1937. Over the next three decades, Tracy would appear in classics like *Captains Courageous* and *Judgment at Nuremberg*, appear in 9 films with Katharine Hepburn, and receive 9 Oscar nominations over a span of 32 years, including for his final film *Guess Who's Coming to Dinner*. Several contemporaries considered Tracy the greatest actor of his era, a sentiment summed up by actor Richard Widmark, who once said, "He's the greatest movie actor there ever was. I've learned more about acting from watching Tracy than in any other way." Tracy's career earned him an unbelievable number of accolades and a place in the American Film Institute's Top 10 actors of the 20th century, but it's also an open question how much more he could have accomplished without a litany of health problems brought on by alcohol. Even as he went years at a time without drinking, the effects gradually wore him down physically, and by his early 60s, he needed full-time care provided mostly by his most famous co-star and lover, Katharine Hepburn. Ironically, his relationship with Hepburn has actually served to overshadow his own acting career among modern viewers, even as his acting abilities remain universally recognized.

American Legends: The Life of Spencer Tracy profiles the life, career, and legacy of the man deemed by the American Film Institute as one of Hollywood's 10 greatest actors. Along with pictures of important people, places, and events, you will learn about Spencer Tracy like you never have before, in no time at all.

They were pioneers in the most glamorous business in the world, and you only know half of their story. *Playbills to Photoplays* reveals colorful episodes in the lives of the stars before they became stars. Everyone saw them, but few knew where they came from. This collection of essays follows some of the most famous names in show business, from Vaudeville and Broadway to Hollywood, revealing a part of their lives that movie historians have neglected until now. I think this book is terrific. It's a must-read for any fan of the silver screen and the days when movie stars were real stars.

Morgan Loew, great grandson of Adolph Zukor, founder Paramount Pictures, and Marcus Loew, founder Loews Theaters and MGM. Ms. Loew's choice of performers to write about is amazingly diverse and fascinating, from character actors like Conrad Veidt to major stars like Katharine Hepburn. She has written a most compelling book about their transitions from stage to film, many of the stories new to me.
