 Browne, Sam Laird, 2011-04-13 In the era of rapid globalization ITC is an important organization and this work will seek to fill
 the gap in the existing literature by discussing the history ongoing projects and future challenges of this dynamic
 organization The status of ITC half in and half out of the UN could prove to be an interesting model for the future and this
 work provides a comprehensive survey of the organization **The Oxford Handbook of International Trade Law** Daniel
 L. Bethlehem, 2009 Over the past 10 years the content and application of international trade law has grown dramatically The
 WTO created a binding dispute settlement process and in resolving disputes the judicial organs of the WTO have built up a
 substantial amount of new international trade law Emerging from this new WTO process is an international trade law system
 that is in some respects self contained and in other respects overlapping and linked to other international legal economic and
 political regimes The boundaries of trade law are now generating enormous interest and controversy which at a broader level
 is subsumed within the debate over globalization The detailed development of the rules of international trade is being
 examined with increasing frequency by scholars government officials and trade law practitioners But how does it fit with
 existing systems How it is modified by them How does the international trade law system affect and modify other regimes
 This Handbook places international trade law within its broader context providing comment and critique on contemporary
 thinking on a range of questions both related specifically to the discipline of international trade law itself and to the outside
 face of international trade law and its intersection with States and other aspects of the international system It examines the

economic and institutional context of the world trading system its substantive law including regional trade regimes and the settlement of disputes The final part of the book explores the wider framework of the world trading system considering issues including the relationship of the WTO to civil society the use of economic sanctions state responsibility and the regulation of multinational corporations *Envisioning a Sustainable Development Agenda for Trade and Environment* A.
