Long, Margaret Anne Defeyter, Paul B. Stretesky, 2021-08-03 This timely and much needed book focuses on the phenomenon often referred to as holiday hunger in the United Kingdom The book begins by outlining the history and scope of holiday hunger the condition that occurs when a child s household is or will become food insecure during the summer holidays The decline of the UK welfare state and the rise of neoliberalism have created a situation where up to three million children in the UK face food insecurity during the summer months when there are extra financial pressures on the working poor and when free school meals are not available This book details the level of childhood and household food insecurity in the UK and describes one of the main responses to holiday hunger holiday clubs These clubs are locally organised and funded and provide a place for children to go to eat

nutritious meals for free during the school holidays Highlighting the benefits of holiday clubs that often extend beyond food provision this book also discusses the challenges that they face now and in the future The book concludes with recommendations for food insecurity policy and the role of government in fighting holiday hunger This book will be of great interest to students and scholars of food and nutrition security social policy and public health **Personal Training:**

Performer Training addresses the importance and centrality of time and temporality to the practices processes and conceptual thinking of performer training Notions of time are embedded in almost every aspect of performer training and so contributors to this book look at age aging and children in the training context how training impacts over a lifetime the

duration of training and the impact of training regimes over time concepts of timing and the right time how time is viewed from a range of international training perspectives collectives ensembles and fashions in training their decay or endurance Through focusing on time and the temporal in performer training this book offers innovative ways of integrating research into studio practices It also steps out beyond the more traditional places of training to open up time in relation to contested training practices that take place online in festival spaces and in folk or amateur practices Ideal for both instructors and students each section of this well illustrated book follows a thematic structure and includes full length chapters alongside shorter provocations Featuring contributions from an international range of authors who draw on their backgrounds as artists scholars and teachers Time and Performer Training is a major step in our understanding of how time affects the preparation for performance Chapter 16 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons CC BY 4.0 license

Understanding Drug Dealing and Illicit Drug

Markets Tammy C. Ayres, Craig Ancrum, 2023-07-31 This book examines the drug dealer in contemporary society from an interdisciplinary perspective and considers the increasingly blurred demarcation between illegitimate and legitimate drug markets It explores the motives and drivers of those involved in drug supply and dispels common and stereotypical myths and misconceptions surrounding illegal drug markets and those who operate within them The drug dealer has become one of our foremost contemporary folk devils Those who trade in substances prohibited by law are the subject of array of inaccurate myths and urban legends Criminology has tended either to shoehorn drug dealers into neat typologies or portray them as victims of an uncaring predatory post modern society In reality we know relatively little about the complex and diverse world of drug markets and our concentration inevitably falls on low end retail dealers who operate in the most visible sectors of the illegal economy Bringing together an international group of experts this book considers perspectives from around the world including UK USA South America Spain India and Australia This book will be of interest to students and researchers across criminology law sociology criminal justice and public health and will be essential reading for those taking courses on drugs drug markets and substance misuse
