The Tyranny of Clichés Jonah Goldberg, 2013-04-30 An indispensable and enduring field guide to the arguments the left makes and the ones it tries to avoid The Claremont Review of Books According to Jonah Goldberg if the greatest trick the devil ever pulled was convincing the world he didn't exist the greatest trick liberals ever pulled was convincing themselves they're not ideological Today objective journalists academics and moderate politicians peddle some of the most radical arguments by hiding them in homespun aphorisms Barack Obama casts himself as a disciple of reason He's a pragmatist opposed to the ideology and drama of the Right solely concerned with what works And today's liberals follow his lead spouting countless clichés such as One man's terrorist is another man's freedom fighter Sure if the other man is an idiot Was Martin Luther King Jr a terrorist Was Bin Laden a freedom fighter Violence never solves anything Really It solved our problems with King George III and ended slavery We need complete separation of church and state In other words all expressions of faith should be barred from politics except when they support liberal programs With humor and passion Goldberg dismantles these and many other Trojan horses that liberals use to cheat in the war of ideas He shows that the Progressive tradition of denying an ideological agenda while pursuing it vigorously under the false flag of reasonableness is alive and well And he reveals how this dangerous game may lead us further down the path of self destruction
