Washington, 2022-08-08 Booker T Washington was a slave on a plantation in Virginia until he was nine years old His autobiography offers readers a look into his life as a young child Simple pleasures such as eating with a fork sleeping in a bed and wearing comfortable clothing were unavailable to Washington and his family His brief glimpses into a schoolhouse were all it took to make him long for a chance to study and learn Readers will enjoy the straightforward and strong voice Washington uses to tell his story **Up from Slavery** Booker T. Washington, 1922 **Up from Slavery** Booker T. Washington, 2013-12 Up from Slavery is the 1901 autobiography of Booker T Washington detailing his slow and steady rise from a slave child during the Civil War to the difficulties and obstacles he overcame to get an education at the new Hampton University to his work establishing vocational schools most notably the Tuskegee Institute in Alabama to help black people and other disadvantaged minorities learn useful marketable skills and work to pull themselves as a race up by the bootstraps He reflects on the generosity of both teachers and philanthropists who helped in educating blacks and native Americans He describes his efforts to instill manners breeding health and a feeling of dignity to students His educational philosophy stresses combining academic subjects with learning a trade something which is reminiscent of the educational theories of John Ruskin Washington explained that the integration of practical subjects is partly designed to reassure the white community as to the usefulness of educating black people **Up from Slavery** Booker T. Washington, 2010-05 Booker T Washington recalled his childhood in his autobiography Up From Slavery He was born in 1856 on the Burroughs tobacco farm which despite its small size he always referred to as a plantation His mother was a cook his father a white man from a nearby farm The early years of my life which were spent in the little cabin he wrote were not very different from those of other slaves He went to school in Franklin County not as a student but to carry books for one of James Burroughs s daughters It was illegal to educate slaves I had the feeling that to get into a schoolhouse and study would be about the same as getting into paradise he wrote In April 1865 the Emancipation Proclamation was read to joyful slaves in front of the Burroughs home Booker s family soon left to join his stepfather in Malden West Virginia The young boy took a job in a salt mine that began at 4 a m so he could attend school later in the day Within a few years Booker was taken in as a houseboy by a wealthy towns woman who further encouraged his longing to learn At age 16 he walked much of the 500 miles back to Virginia to enroll in a new school for black students He knew that even poor students could get an education at Hampton Institute paying their way by working The head teacher was suspicious of his country ways and ragged clothes She admitted him only after he had cleaned a room to her satisfaction In one respect he had come full circle back to earning his living by menial tasks Yet his entrance to Hampton led him away from a life of forced labor for good He became an instructor

there Later as principal and guiding force behind Tuskegee Institute in Alabama which he founded in 1881 he became recognized as the nation's foremost black educator Washington the public figure often invoked his own past to illustrate his belief in the dignity of work There was no period of my life that was devoted to play Washington once wrote From the time that I can remember anything almost everyday of my life has been occupied in some kind of labor This concept of self reliance born of hard work was the cornerstone of Washington's social philosophy As one of the most influential black men of his time Washington was not without his critics Many charged that his conservative approach undermined the quest for racial equality In all things purely social we can be as separate as the fingers he proposed to a biracial audience in his 1895 Atlanta Compromise address yet one as the hand in all things essential to mutual progress In part his methods arose for his need for support from powerful whites some of them former slave owners It is now known however that Washington secretly funded antisegregationist activities He never wavered in his belief in freedom From some things that I have said one may get the idea that some of the slaves did not want freedom This is not true I have never seen one who did not want to be free or one who would return to slavery By the last years of his life Washington had moved away from many of his accommodationist policies Speaking out with a new frankness Washington attacked racism In 1915 he joined ranks with former critics to protest the stereotypical portrayal of blacks in a new movie Birth of a Nation Some months later he died at age 59 A man who overcame near impossible odds himself Booker T Washington is best remembered for helping black Americans rise up from the economic slavery that held them down long after they were legally free citizens source Booker T Washington National Monument
