Upon This Rock The Popes And Their Changing Roles

Stephen Harris, Bryon L. Grigsby

Upon This Rock The Popes And Their Changing Roles:

Upon This Rock Collins, Paul, 2013-05-24 The papacy is the greatest and longest lasting institution in the history of the West In *Upon This Rock* Paul Collins describes the evolution of the office of the papacy over the past two millennia from St Peter to Pope John Paul II Other recent histories of the papacy treat it as a political or social phenomenon *Upon This Rock* on the other hand examines the links between the teachings of Jesus in the New Testament the interpretations of his teachings by the Apostles and the changes and developments in the nature and understanding of the papal office under successive bishops of Rome The role and powers of the holders of the papal office have been redefined many times over the centuries Paul Collins discusses in detail the attitudes influences and teachings of each of the Popes and sets them in a historical and cultural context offering an illuminating account of developments and changes in Catholic teaching theology and liturgy

Misconceptions About the Middle Ages Stephen Harris, Bryon L. Grigsby, 2010-05-26 Brought together by an impressive international array of contributors this book presents a representative study of some of the many misinterpretations that have evolved concerning the medieval period

A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit A.S., 2014-01-13 *A Corrupt Tree* is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church's fundamental characteristic has been its self serving abuse of religious corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church's ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy

behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change *The Modern Inquisition* Paul Collins,2002-07-08 The Inquisition ceased burning and torturing heretics in the 18th century A milder punishment awaits the dissidents today principally excommunication or banishment from official teaching positions Paul Collins has discovered through his own experience and extensive research that the impact of the Vatican's investigations through the Congregation for the Doctrine of the Faith can be quite profound Collins is the controversial Australian Catholic priest recently investigated by the Vatican for alleged heresy He served the Church for 33 years and is generally esteemed for his dry wit and his ability to make his vocation accessible a trait many appreciated in an increasingly secular world The Vatican however views Collins's less than reverential views as heretical and has been investigating him since 1997 when Collins book *Papal Power* was singled out for supposed doctrinal problems The *Modern Inquisition* compiled over the four years that the mysterious and secretive CDF deliberated on Collins work brings together the stories of others who have also been pursued condemned or vilified by the CDF Here are seven fascinating accounts of how the modern Inquisition operates what it is like to be accused by anonymous informers investigated in secret and tried at arms length with no recourse to appeal *The Papacy Since 1500* James Corkery,Thomas Worcester,2010-08-12 Structured by detailed studies of significant Popes these essays explore the evolution of the papacy in the last 500 years **Pontifex Maximus** Christopher Lascelles,2017-04-28 A brilliant book on a number of different levels Lascelles has an engaging prose style and an amazing eye for detail and apposite anecdote Surely only purblind Catholic zealots will object to this outstanding analysis Frank McLynn author of *Genghis Khan Napoleon and 1066* Lascelles has achieved the seemingly impossible a concise and highly readable history of Catholic Popes that manages to be extremely entertaining and informative at the same time Gerald Posner author of *God's Bankers* Lascelles has taken an overwhelming subject and not been overwhelmed by it in any way A highly enjoyable read Paul Strathern author of *The Medici* Entertaining incisive and unflinchingly honest this book charts the extraordinary rise and frequent fallibility of the popes across two tumultuous millennia From the Church's humble beginnings to the global institution it is today Lascelles explores how the papacy has been shaped by ambition faith corruption reform and power With a sharp eye for revealing detail and a gift for vivid storytelling he brings to life the saints scoundrels and complex figures who have occupied the papal throne This book reveals how these leaders shaped and were shaped by the turbulent forces of history politics and power *A Cross Too Heavy* P. O'Shea,2011-04-25 The papacy of Pius XII 1939-1958 has been a source of near constant criticism and debate since his death particularly because of his alleged silence during the Holocaust Paul O'Shea examines his little studied pre papal life to demonstrate that Pius was neither an anti-Semitic villain nor a lamb without stain **The Birth of the West** Paul Collins,2013-02-12 A narrative history of the origins of Western civilization argues that Europe was

transformed in the tenth century from a continent rife with violence and ignorance to a continent on the rise **Beyond Priests** Paul Collins,2025-02-18 Beyond Priests contends that the requirements of the clerical priesthood of the Catholic Church that all priests must be male and that all priests must be celibate is a gross distortion of scripture and the church's early history that must be changed While the roots of the modern priesthood go back to the fourth century and even more remotely to the presbyters or elders who advised local bishops in the early church the contemporary priestly model is very much the product of seventeenth century French reformers acting to apply a 1563 decree on the priesthood of the Council of Trent The present day priestly model has increasingly become harmful even toxic not only to priests themselves but to the ministry and the Catholic community Based on the historical analysis Beyond Priests outlines a whole new way of approaching ministry and leadership that is in tune with contemporary needs is inclusive of women and men and is more authentically derived from the New Testament and the early church God's New Man Paul Collins,2005-10-20 The dramatic events leading up to the appearance of white smoke over the Vatican and the public declaration from the balcony of St Peters Habemus Papam has been the most remarkable yet in the election of any Pontiff The demise of Pope John Paul II was anticipated ever since he was rushed to Gemelli hospital on February 1st Now he has died the legacy of this outstanding Pontiff is already the matter of fierce debate A number of his closest advisers like Cardinals Ratzinger and Sodano are already fairly powerless as the Conclave has chosen a Pontiff more interested in the North South axis than that of East West The final part of this important new book is an in depth profile of the new Pope His Holiness Pope XXX The middle part of the book is an account of the Conclave the politicking and the jockeying for position But it also contains character sketches of those who have been serious contenders for the See of Peter Cardinal Walter Kasper Cardinal Tettramanga of Florence Cardinal Christoph von Schonborn of Vienna Cardinal Arinze of Nigeria Cardinal Claudio Hummes of Sao Paolo and Cardinal Rodriguez Madariaga of Honduras There is also a sketch of some of the complete outsiders Nobody could be more suited that Paul Collins to write this incisive and informative account he has already published books on the History of the Papacy

Believers Paul Collins,2008 Published to coincide with World Youth Day 2008 **Christ's Idea of Authority in the Church** John Wijngaards,2023-08-23 The Catholic Church like other churches has created institutions to support its spiritual mission The exercise of authority plays a central role in how they function The truth is that ugly accretions have attached themselves to that authority in the course of the centuries Like weeds scallops and rubbish clinging to the bottom of a ship Think of unchristian cultural views customs and practices from the Roman Empire the barbarian tribes in Europe and the feudalistic Middle Ages that nailed themselves to the ministries These cancerous growths have even been enshrined in church laws This booklet identifies what is wrong by going back to Jesus original intentions Find out how Jesus wanted the spiritual authority he gives to be exercised in practice **50 Years on** David Schultenover,2015-05 Pope John XXIII prayed that the Second Vatican Council would prove to be a new Pentecost The articles gathered here appeared originally in a series

solicited by and published in Theological Studies September 2012 to March 2014 The purpose of the series was and remains threefold To commemorate the 50th anniversary of the Second Vatican Council To help readers more fully appreciate its significance not only for the Catholic Church itself but also for the entire world whom the Church encounters in proclamation and reception of ongoing revelation In their present form to help readers worldwide engage both the conciliar documents themselves and scholarly reflections on them all with a view to appropriating the reform envisioned by Pope John XXIII

Downton,2006-05-16 This work examines the nature of authority in the Christian Church through analysis of major reform movements of the 16th Century and major ecumenical documents of the 20th Century Authority in the Church begins with a probing historical analysis of authority as expressed in five competing ecclesial models of the 16th Century Martin Luther John Calvin the Anabaptists Thomas Cranmer and the Council of Trent It follows this analysis with a theological evaluation of authority in the church as expressed in the ecumenical conversations between the Catholic and Protestant traditions in the 20th Century This approach employs a hermeneutic method in which the historical analysis proceeds from the vantage point of 20th Century ecumenical conversations and issues raised in the sixteenth century debates inform the theological analysis Out of this interaction Downton proposes a three fold model of authority comprised of textual existential and ministerial aspects as a common framework for engaging the issue of authority productively in ecumenical context **Choice** ,2001
