There is hardly a family in the post industrial world that hasn t been affected in some way by addiction Yet seeking treatment for a struggling loved one is for most people a frightening and overwhelming prospect Ending Addiction for Good offers a powerful message of hope Drawing on their own histories of addiction recovery authors Taite and Scharff examine the unique and highly successful treatment protocol practiced at the Cliffside Malibu Addiction Treatment Center Using clear and direct language they look beyond the limits of conventional treatment to show how creating an individualized evidence based and integrated approach that targets the whole person mind body and spirit not just the addiction can provide a sure path to recovery In doing so they empower both the addict and the families of addicts to begin their recovery Ending Addiction for Good may well be the most important book dealing with alcoholism and drug addiction to come along in years **The Snapping of the American Mind** David

read if you really want to understand the world we live in and where it's headed SEAN HANNITY David Kupelian's *The Snapping of the American Mind* chronicles the decline and fall of America and shows that it is no accident but rather a direct result of progressive misrule an eye opening scary and galvanizing book DINESH D SOUZA David Kupelian has once again given us a must read in these times of political turbulence and cultural insanity PAUL KENGOR America the beautiful has become America the bizarre Government promotes shockingly deranged policies while purposely turning citizens against each other Christians are prosecuted as criminals children transition to the opposite sex crime skyrockets and 130 million Americans depend on mind altering substances just to get through life Turbocharged by the Obama presidency and continuing into the present day long coalescing forces of the political and cultural Left are bringing about their much heralded fundamental transformation of America That much everyone knows But this revolution is also causing a fundamental transformation of Americans in profoundly negative ways In *The Snapping of the American Mind* veteran journalist and bestselling author David Kupelian shows how the progressive Left which today dominates America's key institutions from the news and entertainment media to Big Tech to education to government itself is accomplishing much more than just enlarging government redistributing wealth and de Christianizing the culture With the Left's wild celebration of sexual anarchy its intimidating culture of political correctness and its incomprehension of the fundamental sacredness of human life it is also whether intentionally or not promoting widespread dependency debauchery family breakdown crime corruption addiction despair and suicide Surveying this growing chaos in American society Kupelian exposes both the utopian revolutionaries and their extraordinary methods that have turned America's most cherished values literally upside down to the point that madness is celebrated and normality demonized
