John Marsden John Noell Moore, 2010-10-28 A master storyteller John Marsden is Australia s best known writer for young adults Marsden first found success with the publication of *So Much To Tell You* Since then he has gone on to publish many popular and well recognized titles including those in the Tomorrow Series and *The Ellie Chronicles* In his books Marsden explores adolescents caught in a world of opposites of innocence and guilt idealism and realism and joy and despair Marsden s world view and his faith in

adolescents serve as the backdrop for John Noell Moore's critical readings of Marsden's major novels. In John Marsden's *Darkness, Shadow and Light*, Moore investigates the full spectrum of Marsden's work beginning with the author's life as a teacher and writer. Throughout the book, Moore weaves together Marsden's recurring themes, chief among them writing and storytelling as ways of constructing identity in the transition from childhood to adulthood and the ability of young adults to endure hardships and overcome seemingly insurmountable odds. The book is a valuable addition to the current scholarship on young adult literature and will be welcomed by middle and high school English teachers and students alike. *A Verbatim Report of the Cause Doe Dem. Crossover Fiction Sandra L. Beckett, 2010-11-24 In *Crossover Fiction*, Sandra L. Beckett explores the global trend of crossover literature and explains how it is transforming literary canons, concepts of readership, the status of authors, the publishing industry, and bookselling practices. This study will have significant relevance across disciplines as scholars in literary studies, media and cultural studies, visual arts, education, psychology, and sociology examine the increasingly blurred borderlines between adults and young people in contemporary society, notably with regard to their consumption of popular culture.

Bush, City, Cyberspace John Foster, Ern Finniss, Maureen Nimmon, 2005-06-01 Aimed at academic, professional, and general readers, *Bush, City, Cyberspace* provides a snapshot of the state of Australian children's and adolescent literature in the early twenty-first century and an insight into its history. In doing so, it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify. The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that Australian children's literature has existed, from the bush myths and heroism that inform the past and the present through the recognition that the vast majority of authors and readers live in cities to the third wave of cyberliterature that incorporates multimedia, hypertext, weblinks, and e-books, none of which lessens the enduring enthusiasm of practitioners and readers for books. *Bush, City, Cyberspace* is not meant to be an encyclopedic volume. Rather, well-known, recent, and/or award-winning works have been emphasised, with the addition of others where these help to illuminate particular points. The book is similar in coverage and approach to *Australian Children's Literature: An Exploration of Genre and Theme*, written by the same three authors and published by the Centre for Information Studies in 1995. In the intervening period, much has changed in the field, notable examples including the blurring of the dividing line

between quality and popular literature the blending of genres the rise of a truly indigenous literature the demise to a significant extent of Outbackery in fiction the acceptance of multiculturalism as the norm and the advent of the literature of cyberspace with new methods and the sheer speed of communication between writer and reader All these trends and others are reflected in this work
