Write For Your Life The Home Seminar For Writers:

Write for Your Life Lawrence Block, 2014-01-01 In the 1980s Lawrence Block developed an interactional seminar that adapted elements of the human potential movement specifically for writers For several years he and his wife Lynne traveled the country conducting seminars that focused on the inner game of writing and designed to enable participants to get out of their own way and put their best work on paper This book was written to make the seminar available to a larger audience and at a lower price Block self published it in 1986 in an edition of 5000 copies which sold out in short order A few years later he stopped offering the seminar having tired of the guru trip and preferring to concentrate on his own writing and ever since the book s been impossible to obtain When eBooks came around Block arranged for HarperCollins to publish *Write For Your Life* in that format But it s the sort of text one wants to be able to page through and a printed book is just more user friendly In the fall of 2013 an assistant found the last box of 25 copies of the 1986 edition in a storage cupboard Block offered them in a newsletter and they sold out within three hours This is the original book with a foreword bringing it up to date With the book as with the seminar it doesn t matter at all where you are in your writing career or what kind of writing you do That s all beside the point *Write For Your Life* is about making the best out of what you are and who you are **Writers by the**
