not exceed 20 minutes in length After researching a topic speechwriters must prepare an outline from which the speech will be developed They should strive to maintain a clear theme throughout the speech Most speeches will have a three part structure consisting of an introduction a body and a conclusion The accepted style of contemporary American public address is natural direct low key casual and conversational This puts the listeners at ease and promotes a sense of community between the audience and speaker Punctuation should reflect the sound structure of the speech reinforcing the rhythm and pace of actual speech Clarity of expression is as important a consideration in speech grammar as rigid adherence to the rules for written law This book presents the essentials of speechwriting Preface Speechwriting in Perspective A Brief Guide to Effective and Persuasive Communication Thomas H Neale Public Speaking and Speechwriting Selected References Jean M Bowers Index
