Writing From Left To Right My Journey From Liberal To Conservative:

Writing from Left to Right Michael Novak, 2013-09-03 In heavy seas to stay on course it is indispensable to lean hard left at times then hard right The important thing is to have the courage to follow your intellect Wherever the evidence leads To the left or to the right Michael Novak Engagingly writing as if to old friends and foes Michael Novak shows how Providence not deliberate choice placed him in the middle of many crucial events of his time a month in wartime Vietnam the student riots of the 1960s the Reagan revolution the collapse of the Berlin Wall Bill Clinton's welfare reform and the struggles for human rights in Iraq and Afghanistan He also spent fascinating days sometimes longer with inspiring leaders like Sargent Shriver Bobby Kennedy George McGovern Jack Kemp Václav Havel President Reagan Lady Thatcher and Pope John Paul II who helped shape and reshape his political views Yet through it all as Novak's sharply etched memoir shows his focus on helping the poor and defending universal human rights remained constant he gradually came to see building small businesses and envy free democracies as the only realistic way to build free societies Without economic growth from the bottom up democracies are not stable Without protections for liberties of conscience and economic creativity democracies will fail Free societies need three liberties in one economic liberty political liberty and liberty of spirit Novak's writing throughout is warm fast paced and often very beautiful His narrative power is memorable

Conservatives and the Constitution Ken I. Kersch, 2019-03-28 Since the 1980s a ritualized opposition in legal thought between a conservative originalism and a liberal living constitutionalism has obscured the aggressively contested tradition committed to and mobilization of arguments for constitutional restoration and redemption within the broader postwar American conservative movement Conservatives and the Constitution is the first history of the political and intellectual trajectory of this foundational tradition and mobilization By looking at the deep stories told either by identity groups or about what conservatives took to be flashpoint topics in the postwar period Ken I Kersch seeks to capture the developmental and integrative nature of postwar constitutional conservatism challenging conservatives and liberals alike to more clearly see and understand both themselves and their presumed political and constitutional opposition Conservatives and the Constitution makes a unique contribution to our understanding of modern American conservatism and to the constitutional thought that has in critical ways informed and defined it

[American Christian Support for Israel](#) Eric R. Crouse, 2014-10-28 The dominant political theme of the State of Israel is the perpetual quest for security In its first 25 years Israel experienced five wars with Arab states declaring their goal to destroy Israel In American Christian Support for Israel Standing with the Chosen People 1948-1975 Eric R Crouse examines how American Christians responded to Israel's wars and the persistent threats to its security While some were quick to condemn Israel as it made difficult and unpopular decisions in its fight for survival in a hostile region conservative Christians were trustworthy supporters routinely voicing uplifting reports Crouse argues that Israel's embodiment of western ideals and its remarkable economic development gave conservative Christians

good reasons to favor Israel in a troubled Middle East but the main reason for their unconditional support was the key biblical text of Christian Zionism I will bless those who bless you Abraham and his descendants and I will curse him who curses you Genesis 12 3

Poland's Solidarity Movement and the Global Politics of Human Rights Robert Brier, 2021-06-10 In the historiography of human rights the 1980s feature as little more than an afterthought to the human rights breakthrough of the previous decade Through an examination of one of the major actors of recent human rights history Poland's Solidarity movement Robert Brier challenges this view Suppressed in 1981 Poland's Solidarity movement was supported by a surprisingly diverse array of international groups US Cold Warriors French left wing intellectuals trade unionists Amnesty International even Chilean opponents of the Pinochet regime By unpacking the politics and transnational discourses of these groups Brier demonstrates how precarious the position of human rights in international politics remained well into the 1980s More importantly he shows that human rights were a profoundly political and highly contested language which actors in East and West adopted to redefine their social and political identities in times of momentous cultural and intellectual change

The Dumbest Generation Grows Up Mark Bauerlein, 2022-02-01 From Stupefied Youth to Dangerous Adults Back in 2008 Mark Bauerlein was a voice crying in the wilderness As experts greeted the new generation of Digital Natives with extravagant hopes for their high tech future he pegged them as the Dumbest Generation Today their future doesn't look so bright and their present is pretty grim The twenty somethings who spent their childhoods staring into a screen are lonely and purposeless unfulfilled at work and at home Many of them are even suicidal The Dumbest Generation Grows Up is an urgently needed update on the Millennials explaining their not so quiet desperation and more important the threat that their ignorance poses to the rest of us Lacking skills knowledge religion and a cultural frame of reference Millennials are anxiously looking for something to fill the void Their mentors have failed them Unfortunately they have turned to politics to plug the hole in their souls Knowing nothing about history they are convinced that it is merely a catalogue of oppression inequality and hatred Why they wonder has the human race not ended all this injustice before now And from the depths of their ignorance rises the answer Because they are the first ones to care All that is needed is to tear down our inherited civilization and replace it with their utopian aspirations For a generation unacquainted with the constraints of human nature anything seems possible Having diagnosed the malady before most people realized the patient was sick Mark Bauerlein surveys the psychological and social wreckage and warns that we cannot afford to do this to another generation

A Council for the Global Church Massimo Faggioli, 2015 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering convoked by Blessed John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and this book demonstrates why it is the key to

K. Matthews, 2024-08-20 A central question for Judeo Christian faithful is Are we living in the age of antichristism or kingdom influence Can we salt and light entire cities and civilizations as Martin Luther King Jr hoped or with D L Moody should we simply save as many as we can from our rapidly sinking planet Over the years Christians have wrestled with the question and reached different conclusions Augustine's and Oliver O Donovan's answer to the question birthed *The City of God* and *The Desire of Nations* Miguez Bonino's and Grace Ji Sun Kim's Marxist influenced liberationist answers produced *Toward a Christian Political Ethics* and the post truth Intersectional Theology Former socialist Michael Novak's plea was to revive *The True Spirit of Democratic Capitalism* Jonathan Cahn and Frank Peretti by contrast predicted that we have entered the age of *This Present Darkness* amidst *The Return of the Gods* Peretti's and Cahn's wildly popular future visions built upon Hal Lindsey's dated assurance and false prediction that true believers would be raptured in the last decade of *The Terminal Generation* 1980s Douglas Matthews offers a new route through the maze and discerningly answers this perennial question by boldly offering a *Third City* future vision option for effective kingdom influence amidst accelerating global antichristism *A Partisan Church* Todd Scribner, 2015-03-26 In the wake of Vatican II and the political and social upheavals of the 1960s disruption and disagreement rent the Catholic Church in America Since then a diversity of opinions on a variety of political and religious questions found expression in the church leading to a fragmented understanding of Catholic identity Liberal conservative neoconservative and traditionalist Catholics competed to define what constituted an authentic Catholic worldview thus making it nearly impossible to pinpoint a unique Catholic position on any given topic *A Partisan Church* examines these controversies during the Reagan era and explores the way in which one group of intellectuals well known neoconservative Catholics such as George Weigel Michael Novak and Richard John Neuhaus sought to reestablish a coherent and unified Catholic identity
