Writing with a Thesis 10e-Im Skwire, 2007-06 Includes brief teaching suggestions and an answer key to assignments in the book **English Journal**, 1978 , *Rhetoric and Wonder in English Travel Writing, 1560-1613* Jonathan P.A. Sell, 2020-07-24 *Rhetoric and Wonder in English Travel Writing 1560 1613* shows how rhetorical invention elocution and ethos combined to create plausible representations by generating intellectual and emotional significances which meaningful in consensual terms were consensually true However some traveller writers betrayed an unease with such representation rooted as it was in a metaphorical epistemology out of kilter with an increasingly empiricist age This book throws new light onto the episteme shift that ushered in modernity with its distrust of metaphor in particular and rhetoric s wordish descriptions in general In response to the empirical desiderata of scientific rationalism traveller writers textually or physically made their own bodies available as evidence of their encounters with wonder thus transforming themselves into wonderful objects The irony is that far from dispensing with rhetoric they merely put the accent on its more dramatic arts of gesture and action The body s evidence could still be doctored but its illusory truths were better able to satisfy the empirical demand for ocular proof The author s main purposes here are to complement and sometimes counter recent work on early modern travel literature by concentrating on its use of rhetoric to communicate meaning and to suggest how familiarity with

the workings of rhetoric and its communicative and epistemological premises may enhance readings of early modern English literature generally Contrastive Rhetoric Ulla Connor, 1996-01-26 Shows how a person's first language and culture influence writing in a second language
