Wilson, 2019-01-12 Writing Workshop in the Elementary Classroom is a culmination of the authors work with students and writing for collectively over 35 years Teaching writing using a workshop methodology can be exciting as it is an interactive approach to writing but it can also be challenging as it is not the traditional teacher directed whole class lessons that many test preparation curriculums tout The book takes the reader through the stages of the writing process in the first part explaining what students are doing

and thinking in each stage In the second part the authors explain how to manage students materials mini lessons grading and other aspects that help writing workshop classrooms run smoothly To help with the transition to a workshop method readers are asked to keep a journal wherein they plan what they will do in their classrooms *Resources in Education* ,2001-10
