David Petersen

Xaviers Legacies Catholicism In Modern Japanese Culture Asian Religions And Society Series:

Xavier's Legacies Kevin M. Doak, 2011-03-01 Japan has had three Catholic prime ministers and its current empress was raised and educated in the faith How did a non Christian nation come to foster more Catholic leaders than the United States particularly when Protestantism is said to define Christianity in Japan and Catholicism is believed to be but a fleeting element of Japan's so called Christian century Far from being a relic of the past something brought to Japan by sixteenth century missionaries such as Francis Xavier and then forgotten Catholicism offered and continues to provide an authentic way for Japanese believers to shape their cultural identities This volume documents the appeal of Catholicism not only among farmers and fishers but also among scientists diplomats novelists and members of the imperial household who have found in Catholicism an alternative way to keep tradition and negotiate modernity since the late nineteenth century

Politics and Religion in Modern Japan R. Starrs, 2011-08-09 Written by leading scholars in the field this book provides new insights based on original research into the full spectrum of modern Japanese political religious activity from the prewar uses of Shinto in shaping the modern imperial nation state to the postwar new religions that have challenged the power of the political establishment

Prayers in Stone: Nagasaki's A-bomb Heritage Sites David Petersen, 2019-03-03 Richly illustrated and with a wealth of materials never before available in English this book provides an overview of more than 200 of Nagasaki's A bomb heritage sites The entries are organized into a series of tours for the convenience of tourists actually visiting the city and to give the general reader a sense of the layout and proximity to the hypocenter In addition to a foreword introduction postscript and reference section it includes translations of A bomb literature written by several atomic survivors

Asian Pacific Catholicism and Globalization José Casanova, Peter C. Phan, 2023 This book argues that the development of Catholicism in Asia was closely connected with globalization Since the 16th century Catholicism has contributed significantly to global connectivity while at the same time the Church's global expansion has transformed the Church's own global consciousness Casanova and Phan adopt a framework of three distinct phases of the development of Catholicism in Asia and Oceania early modern 16th to 18th centuries modern Western hegemony 1780s to the 1960s and the contemporary after Western hegemony With this framework contributors discuss the development of Catholicism in all major countries of the region including China Japan Korea the Philippines Vietnam India and Australia Except for the Philippines and Timor Leste Catholicism in Asia is and is likely to remain a minority religion for the foreseeable future For that reason however it can serve as a unique prism through which to look at the processes of globalization in Asia precisely because the historical processes through which Catholicism took roots in the entire region and became inculturated as an Asian religion are so intimately connected with the processes of globalization

The Palgrave Handbook of the Catholic Church in East Asia Cindy Yik-yi Chu, Beatrice Leung, 2025-02-03 This Handbook analyses explores the Catholic Church in East Asia following a chronological framework to trace events to the 21st century This Handbook considers the horizontal strata of

society through space examining key issues such as church architecture music and images the Church's role in education linguistic and translation issues surrounding Bible studies evangelization and the building of Church hierarchy religious formation and gender relations Exploring the Vatican's relations with East Asian countries from the beginning of the Church in Asia this Handbook offers a key reference to Asian Church history for students and researchers in Christianity studies History Cultural and Asian studies

Darwin, Dharma, and the Divine G. Clinton Godart, 2018-03-31 Darwin Dharma and the Divine is the first book in English on the history of evolutionary theory in Japan Bringing to life more than a century of ideas G Clinton Godart examines how and why Japanese intellectuals religious thinkers of different faiths philosophers biologists journalists activists and ideologues engaged with evolutionary theory and religion How did Japanese religiously think about evolution What were their main concerns Did they reject evolution on religious grounds or as was more often the case how did they combine evolutionary theory with their religious beliefs Evolutionary theory was controversial and never passively accepted in Japan It took a hundred years of appropriating translating thinking and debating to reconsider the natural world and the relation between nature science and the sacred in light of evolutionary theory Since its introduction in the nineteenth century Japanese intellectuals including Buddhist Shinto Confucian and Christian thinkers in their own ways and often with opposing agendas struggled to formulate a meaningful worldview after Darwin In the decades that followed as the Japanese redefined their relation to nature and built a modern nation state the debates on evolutionary theory intensified and state ideologues grew increasingly hostile toward its principles Throughout the religious reception of evolution was dominated by a long held fear of the idea of nature and society as cold and materialist governed by the mindless struggle for survival This aversion endeavored many religious thinkers philosophers and biologists to find goodness and the divine within nature and evolution It was this drive argues Godart that shaped much of Japan's modern intellectual history and changed Japanese understandings of nature society and the sacred Darwin Dharma and the Divine will contribute significantly to two of the most debated topics in the history of evolutionary theory religion and the political legacy of evolution It will therefore appeal to the broad audience interested in Darwin studies as well as students and scholars of Japanese intellectual history religion and philosophy

Scattered and Gathered Michael L. Budde, 2017-09-15 This volume takes its title from the first century Christian catechism called the Didache Even as this broken bread was scattered over the hills gathered together and became one so let Your Church be gathered together from the ends of the earth For Christians today these words remain relevant in an era of massive human movements voluntary and coerced hybrid identities and wide ranging cultural interactions How do modern Christians live as both a scattered and gathered people How do they live out the tension between ecclesial universality catholicity and particularity distinctive ways of being church in a given culture and context Do Christians today constitute a diaspora a people dispersed across borders and cultures that nonetheless maintains a sense of commonality and mission Scattered and Gathered Catholics in Diaspora explores these questions through the work of

fourteen scholars in different fields and from different corners of the world Whether through reflections on Zimbabweans in Britain Levantines in North America or the remote island people of Chiloe now living in other parts of Chile they guide readers along the winding road of insights and challenges facing many of today's Christians The Jesuits and Globalization Thomas Banchoff, José Casanova, 2016-05-25 The Society of Jesus commonly known as the Jesuits is the most successful and enduring global missionary enterprise in history Founded by Ignatius Loyola in 1540 the Jesuit order has preached the Gospel managed a vast educational network and shaped the Catholic Church society and politics in all corners of the earth Rather than offering a global history of the Jesuits or a linear narrative of globalization Thomas Banchoff and Jos Casanova have assembled a multidisciplinary group of leading experts to explore what we can learn from the historical and contemporary experience of the Society of Jesus what do the Jesuits tell us about globalization and what can globalization tell us about the Jesuits Contributors include comparative theologian Francis X Clooney SJ historian John W O Malley SJ Brazilian theologian Maria Clara Lucchetti Bingemer and ethicist David Hollenbach SJ They focus on three critical themes global mission education and justice to examine the historical legacies and contemporary challenges Their insights contribute to a more critical and reflexive understanding of both the Jesuits history and of our contemporary human global condition

Science, Technology, and Medicine in the Modern Japanese Empire David G. Wittner, Philip C Brown, 2016-03-22 Science technology and medicine all contributed to the emerging modern Japanese empire and conditioned key elements of post war development As the only emerging non Western country that was a colonial power in its own right Japan utilized these fields not only to define itself as racially different from other Asian countries and thus justify its imperialist activities but also to position itself within the civilized and enlightened world with the advantages of modern science technologies and medicine This book explores the ways in which scientists engineers and physicians worked directly and indirectly to support the creation of a new Japanese empire focussing on the eve of World War I and linking their efforts to later post war developments By claiming status as a modern internationally engaged country the Japanese government was faced with having to control pathogens that might otherwise not have threatened the nation Through the use of traditional and innovative techniques this volume shows how the government was able to fulfil the state's responsibility to protect society to varying degrees Chapter 14 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Igbo Culture and Gospel Michael Ukpog, 2015 Pope John Paul II speaks in Ecclesia in Africa 1995 of the necessity for the church to inculturate itself into the cultures of the African peoples This book shows what makes inculturation in Africa a necessity Against the background of a socio empirical study it becomes understandable why in the history of mission from a European religious perspective much remains misunderstood and causes distress until today The author focuses on the way of Inculturation showing how a rooting of the Gospel in Africa could be possible and sustainable Series Biblical Perspectives for

Thank you unconditionally much for downloading **Xaviers Legacies Catholicism In Modern Japanese Culture Asian Religions And Society Series**.
