Historical Dictionary of Italian Cinema Gino Moliterno, 2020-12-08 Italian cinema is now regarded as one of the great cinemas of the world Historically however its fortunes have varied Following a brief moment of glory in the early silent era Italian cinema appeared to descend almost into irrelevance in the early 1920s A strong revival of the industry which gathered pace during

the 1930s was abruptly truncated by the advent of World War II. The end of the war however initiated a renewal as films such as *Roma città aperta* (Rome Open City), *Sciusci Shoeshine* (1946) and *Ladri di biciclette* (Bicycle Thieves, 1948) flagbearers of what soon came to be known as Neorealism attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide. Ironically they were celebrated nowhere more than in the United States where Italian films consistently garnered the lion's share of the Oscars with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award. This second edition of *Historical Dictionary of Italian Cinema* contains a chronology, an introduction and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on major movements, directors, actors, actresses, film genres, producers, industry organizations and key films. This book is an excellent resource for students, researchers and anyone wanting to know more about Italian Cinema.

Revolutionary Desire in Italian Cinema Luana Ciavola, 2011. *Revolutionary Desire in Italian Cinema* is the first book to draw on psychoanalytical concepts and film theories to examine the critical tendency of Italian cinema and the way in which auteur Italian filmmakers have expressed their counter-ideological thought and criticism against Italian society. The book examines how, by being committed to Italian social reality, Italian cinema expresses a desire for revolt against the status quo and the dominant ideological order. Taking as case studies Bernardo Bertolucci's *Prima della rivoluzione*, Marco Bellocchio's *I pugni in tasca*, Pier Paolo Pasolini's *Porcile*, Nanni Moretti's *Ecce Bombo* and *La messa è finita*, the book relies on socio-historiographical theories through which Luana Ciavola discusses how plot and characters create a sense of revolt against the both social order and values such as family, religion and bourgeois ethics. The book confirms the central role of Italian cinema in a historical and political context insofar as it includes a substantial background which highlights aspects of Italian history never considered before in a study on Italian cinema. *Revolutionary Desire in Italian Cinema* is aimed at academics, researchers, undergraduate and postgraduate students and all lovers of Italian cinema.

Italian Neorealism Charles L. Leavitt IV, 2020-07-02. This book seeks to redefine, recontextualize and reassess Italian neorealism, an artistic movement characterized by stories set among the poor and working class through innovative close readings and comparative analysis. **Italian Political Cinema** Mauro Resmini, 2023-01-03. An exploration of how film has made legible the Italian long 68 as a moment of crisis and transition. Traditionally the definition of political cinema assumes a relationship between cinema and politics. In contrast to this view, author Mauro Resmini sees this relationship as an impasse. To illustrate this theory, Resmini turns to Italian cinema to explore how films have reinvented the link between popular art and radical politics.

in Italy from 1968 to the early 1980s a period of intense political and cultural struggles also known as the long 68 Italian Political Cinema conjures a multifaceted complex portrayal of Italian society Centered on emblematic figures in Italian cinema it maps the currents of antagonism and repression that defined this period in the country s history Resmini explores how film imagined the possibilities obstacles and pitfalls that characterized the Italian long 68 as a moment of crisis and transition From workerism to autonomist Marxism to feminism this book further expands the debate on political cinema with a critical interpretation of influential texts some of which are currently only available in Italian A comprehensive and novel redefinition of political film Italian Political Cinema introduces its audience to lesser known directors alongside greats such as Pasolini Bertolucci Antonioni and Bellocchio Resmini offers access to untranslated work in Italian philosophy political theory and film theory and forcefully advocates for the continued artistic and political relevance of these films in our time

The Years of Alienation in Italy Alessandra Diazzì, Alvise Sforza Tarabochia, 2019-06-11 The Years of Alienation in Italy offers an interdisciplinary overview of the socio political psychological philosophical and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s It addresses alienation as a social condition of estrangement caused by the capitalist system a pathological state of the mind and an ontological condition of subjectivity Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature cinema architecture and photography in Italy The collection also theoretically reassesses the notion of alienation from a novel perspective employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades
