With map and plans John Murray (Firm),1865 **Handbook for travellers in Russia, Poland, and Finland** John Murray (publishers.),1865 Revolutions Without Borders Janet L. Polasky,2015-01-01 A sweeping exploration of revolutionary ideas that traveled the Atlantic in the late eighteenth century Nation based histories cannot do justice to the rowdy radical interchange of ideas around the Atlantic world during the tumultuous years from 1776 to 1804 National borders were powerless to restrict the flow of enticing new visions of human rights and universal freedom This expansive history explores how the revolutionary ideas that spurred the American and French revolutions reverberated

far and wide connecting European North American African and Caribbean peoples more closely than ever before Historian Janet Polasky focuses on the eighteenth century travelers who spread new notions of liberty and equality It was an age of itinerant revolutionaries she shows who ignored borders and found allies with whom to imagine a borderless world As paths crossed ideas entangled The author investigates these ideas and how they were disseminated long before the days of instant communications and social media or even an international postal system Polasky analyzes the paper records books broadsides journals newspapers novels letters and more to follow the far reaching trails of revolutionary zeal What emerges clearly from rich historic records is that the dream of liberty among America s founders was part of a much larger picture It was a dream embraced throughout the far flung regions of the Atlantic world *A Collection of Voyages and Travels, Some Now First Printed from Original Manuscripts. Others Translated Out of Foreign Languages and Now First Publish'd in English,... In Four Volumes. With a General Preface,... The Whole Illustrated with a Great Number of Useful Maps, and Cuts All Engraved on Copper,... ,1704* *Traveling Heritages* Saskia Wieringa,2008 In the context of our increasingly globalized and digitalized world libraries and archives are experiencing major changes The methods used internationally to collect cultural heritage and other historical material are shifting as new media have added important innovative tools for gathering preserving and sharing information around the globe In light of our increasingly multicultural societies and the expanding digital divide we need new and more inclusive approaches to the collection of cultural heritage This means that critical reflection on both the contents of collections and methods of acquisition is crucial The International Information Center and Archives for the Womens Movement IIAV in Amsterdam provides a case study in how to approach these issues It considered such questions as how to make optimal use of new media and whose histories should be represented in its archives In *Traveling Heritages* international and national heritage experts from academic library and archival professions reflect upon these questions offering new perspectives on documenting womens histories *A Collection of Voyages and Travels* Thomas Osborne,1747
