

TREASURE ISLAND

MOCK SUMMARY(example)

At the beginning the story takes place in a village called Bristol (UK), then it moves onto a ship called "Hispaniola" sailing to an island by the Caribbean sea to look for a treasure. Everything happens during the late 18th century.

The main characters are: Billy Bones, Jim Hawkins, Dr. Livesey, Squire Trelawney, Captain Smollet, Long John Silver and Ben Gunn. First of all Billy Bones is an old ex-pirate, brown skinned who has a big scar on his cheek, he's worried about one legged-man all the time and he's a great pirate story-teller. Second character is Jim Hawkins is the narrator, and the main character. Jim is a boy around ten or eleven years old. Jim is blonde, brave, and an adventurer. Then we meet Blind Pew. He is another pirate who kills Billy Bones in the *Admiral Benbow* (Jim's parents guest house). Blind Pew is a strong man who wears old green clothes with a hood and a long stick. Next we have Dr. Livesey is a small man who wears a white wig with sharp bright eyes; the doctor is very sensible. At the same time we know about Squire Trelawney who was tall, red-faced with thick black eyebrows; Squire Trelawney is impulsive. Next appears Long John Silver. He was a tall, strong man with only one leg; at the beginning he's a nice character, friendly and smiling all the time...he becomes the ship's cook...but finally Long John Silver is not very nice since he wants to kill almost all the characters to get the treasure...he is a pirate. Then comes Captain Smollet. At the beginning this character has a cross-looking not very pleased to meet the rest of the characters. He's always worried about everything, but at the end he's a good captain since he's just worried about doing things in the proper way, so as Dr.Livesey he's sensible. Finally we meet Ben Gunn. He is another pirate who stayed in the island for three years before the Hispaniola crew arrived there. He had sunburned skin and rag clothes. He seems to be a helpful man, since he promises to help Jim.

To sum up the story, so far, I will mention the following main events. At the beginning Jim finds a packet in Billy Bones' sea-chest. Billy Bones was killed by Blind Pew in the *Admiral Benbow* in Bristol (UK). Then Jim decides to look for help and shows the packet to Dr. Livesey and Squire Trelawney. Next they three unwrapped the packet and found a book and a map; both showed a hidden treasure in an island by the Caribbean sea. So they decided to go and look for it. In order to do so, they looked for help. So they contracted Long John Silver, who knew most of the sailors in Bristol, thus he could find a crew for their ship. In fact he did so, but most of the sailors, included him were at the end pirates who wanted to find the treasure. Once they reached the island they have several fights to find and look for the treasure. There, Jim meets Ben Gunn, a pirate who was left in the island as a punishment three years ago and knows everything about the treasure and the island so he helped Jim and his friends. After that the pirates offered a peace agreement (white flag) to Jim and his friends...but at the end it was a trick; they only wanted the map. So they finally fought one against another. But no one won. In this way, there was no solution, Jim had a plan: he went to the *Hispaniola* because he wanted to stop the pirates back to the *Hispaniola* by weighing the anchor. Then Jim saw a couple of men, one of them was called "Hands" and he was almost death and badly injured; so he asked Jim for water. But finally "Hands" tried to kill Jim with his knife, but at the end he can't kill him so Jim ties up "Hands" to the ship's mast.

From my point of view I like the story because....and because...but....

Linguistic Channels in Alphabetical Texts Emilio Matricciani, 2023-12-15 This book is a collection of papers on a mathematical statistical theory concerning the deep language structure of alphabetical texts. The theory does not follow the actual paradigm of linguistic studies which consider neither Shannon's communication theory nor the fundamental connection that some linguistic parameters have with the reading skill and short term memory capacity of readers. The book proposes to young researchers and students in the fields of cognitive psychology theory of communication information theory phonics and linguistics history of modern and ancient literatures and stylometry a possible theoretical framework which could allow one to further research the fundamental mathematical structure of human language. This research might enable academics to devise a mathematical theory that includes meaning the great absent element since Shannon's times in our mathematical theories of human communication. *Robert Louis Stevenson and the Pictorial Text* Richard J. Hill, 2016-11-03

Robert Louis Stevenson and the Pictorial Text explores the genesis production and the critical appreciation of the illustrations to the fiction of Robert Louis Stevenson. Stevenson is one of the most copied and interpreted authors of the late nineteenth century especially his novels *Treasure Island* and *Strange Case of Dr Jekyll and Mr Hyde*. These interpretations began with the illustration of his texts in their early editions often with Stevenson's express consent and this book traces Stevenson's understanding and critical responses to the artists employed to illustrate his texts. In doing so it attempts to

position Stevenson as an important thinker and writer on the subject of illustrated literature and on the marriage of literature and visual arts at a moment preceding the dawn of cinema and the rejection of such popular tropes by modernist writers of the early twentieth century Military Construction Appropriations for 1961 United States. Congress. House. Committee on Appropriations, 1960 *Hearings* United States. Congress. House, 1960 *Treasure Island (Unabridged & Illustrated)* Robert Louis Stevenson, 2019-06-13 IT was in 1880 and 1881 that Stevenson wrote *Treasure Island* which was begun at Braemar Scotland where his father aided him with suggestions from his own seafaring experiences It was finished in the course of his second visit to Davos in the winter of 1881 82 In 1878 he had published his first book *The Island Voyage* which was followed by *Travels with a Donkey* He had also written the tales known as *The New Arabian Nights* the essays collected under the title of *Virginibus Puerisque* and other stories and essays but *Treasure Island* which appeared when the author was thirty one was his first long romance and it brought to him his first taste of popular success when the story was published in book form It was in October 1881 that this story began to appear as a serial in an English magazine called *Young Folks* The title then was *The Sea Cook or Treasure Island* but when published in book form in May 1883 the name was simply *Treasure Island* a name which has taken its place among the titles of far older classics I remember well that as a boy in England I was obliged to satisfy my craving for sea stories with books like *Captain Cook's Voyages* and *The Mutiny of the Bounty* The latter dreadful tale must have been read by Stevenson and perhaps afforded some suggestions It has seemed to me that before *Treasure Island* there was no really great sea tale for younger readers The immortal *Swiss Family Robinson* and *Robinson Crusoe* belonged to a different category and *Dana's Two Years before the Mast* was little known to English youth It seems to me fair to say that *Treasure Island* is the only great modern classic written especially for younger readers I find that girls enjoy *Treasure Island* just as well as boys The book stands alone in its wonderfully vivid and dramatic story telling which is characterized throughout by an entirely sane and wholesome tone and purpose When I imagine myself again a boyish reader comparing this story with the old favorites like *Robinson Crusoe* *Gulliver's Travels* *The Pilgrim's Progress* *The Swiss Family Robinson* and *Tom Brown at Rugby* the first three not written originally for children I find myself impelled to rank *Treasure Island* as an equal and in some points as a superior This may seem heresy but it is the result of a peculiarly close and sympathetic study of these and other famous books for boys and girls Although this was Stevenson's first long romantic story he showed the born story teller's instinct for a beginning which seizes upon the reader at once We are absorbed in the first few lines and the interest deepens as we go on How it moves and holds us the advent of that precious trio Billy Bones Old Pew and Black Dog and their performances at the Admiral Benbow It is so apt an introduction to the strange tale of after happenings And from a boy's viewpoint the end is perfect While children as a rule do not understand the value of money yet they keenly appreciate the realization of a climax where the boy hero can fairly bury himself in golden coins It is natural that the last chapter should be read with a tinge of envy and a yearning to lay hands upon Jim Hawkins's

bags of gold And the romantic glamour of the situation appeals to older readers also who will do well to turn oftener from the average novel of the day to this most delightful example of ideal realism It is hard to understand why Stevenson preferred to have the story published first without illustrations With his keen artistic sense he must have felt that fitting illustration would be a gain The text is full of effective subjects and the period and costumes romantic in the extreme We know that the author was greatly disappointed at the mild approval given to the story in its serial publication **Hearings** United States.
