Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day; denominational and institutional profiles; intellectual traditions in Christian education; biblical and theological frameworks; curricula; missions; adolescent and higher education; theological training; and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education.

Passing the Torch Louis Markos, 2025-04-29 What is the purpose and meaning of classical education? Imagine a world where education isn't just about information transfer but about shaping the soul, where students are nurtured to become virtuous, morally self-regulating citizens. *Passing the Torch* makes an energetic case for the critical role of classical Christian education in today's world. From the pre-Christian musings of Plato to the modern reflections of C. S. Lewis, *Passing the Torch* intertwines the wisdom of diverse epochs to argue for an educational renaissance grounded in classical Christian values. *Passing the Torch* takes educators and parents on a literary and philosophical pilgrimage that includes Bibliographic Essays. Each essay serves as a gateway to key texts and influential thinkers, making it an invaluable guide for educators and homeschooling parents alike. *Close Readings* delve into thoughtful examinations of pivotal figures such as Augustine, Rousseau, and Dorothy Sayers, offering an intimate understanding of the moral and educational imperatives they championed. *Passionate Advocacy*: *Passing the Torch* ignites a fervor for the value and necessity of classical Christian education that is both infectious and inspiring. In an era where educational paradigms often

prioritize technological proficiency over moral formation Passing the Torch is a call to return to the roots of classical Christian education Reflecting on the writings of literary and philosophical giants from Plato and Augustine to C S Lewis and Dorothy Sayers Markos makes a strong case for the benefits of classical education over the modern public education system Library Journal Review April 2025

The Praeger Handbook of Faith-Based Schools in the United States, K-12 Thomas C. Hunt, James C. Did America Have a Christian Founding? Mark David Hall, 2019-10-29 A distinguished professor debunks the assertion that America's Founders were deists who desired the strict separation of church and state and instead shows that their political ideas were profoundly influenced by their Christian convictions In 2010 David Mark Hall gave a lecture at the Heritage Foundation entitled Did America Have a Christian Founding His balanced and thoughtful approach to this controversial question caused a sensation C-SPAN televised his talk and an essay based on it has been downloaded more than 300 000 times In this book Hall expands upon this essay making the airtight case that America's Founders were not deists He explains why and how the Founders' views are absolutely relevant today showing

that they did not create a godless Constitution that even Jefferson and Madison did not want a high wall separating church and state that most Founders believed the government should encourage Christianity and that they embraced a robust understanding of religious liberty for biblical and theological reasons This compelling and utterly persuasive book will convince skeptics and equip believers and conservatives to defend the idea that Christian thought was crucial to the nation s founding and that this benefits all of us whatever our faith or lack of faith **Pursuing Excellence for the Glory of God**

Currivean,2022-01-13 What is education How and why do educators do what we do And in what way can and ought education be distinctively Christian These are a few of the probing questions for which this book seeks answers Among other contributions Currivean s book explores a biblical philosophy of Christian education with unprecedented breadth and depth To accomplish this objective it considers what education is chapter 1 what philosophy of education is chapter 2 and what the ultimate goal of education is chapter 3 Additionally this book provides a never before Christian overview of twelve philosophies of education chapters 4 15 Each of those chapters provides an introduction of a particular philosophy of education and some of that philosophy s exemplars Each of those chapters also contributes a constructive Christian critique Chapter 16 highlights a biblical philosophy of Christian education featuring some people some principles and some priorities for a biblical philosophy of Christian education viz pursuing excellence for the glory of God **The Gospel and the Mind**

Bradley G. Green,2010-11-03 History demonstrates that wherever the cross is planted the academy follows But history alone cannot demonstrate why this is and must be the case Green engages theology and philosophy to prove that the Christian vision of God mankind and the world provides the necessary precondition for and enduring foundation of meaningful intellectual life The Gospel and the Mind deeply rooted in Augustinian and Reformed thought shows that core principles of the West s Christian inheritance such as creation and the importance of history the centrality of a telos to all things and the logos and the value of words form the matrix of any promising and sustainable intellectual life More than a lament of the state of the evangelical mind or even an argument for the primacy of a Christian worldview The Gospel and the Mind is a paradigm shifting declaration that the life of the mind starts at the cross Love Your God with All Your Mind J.P.

Moreland,2014-03-14 We know that faith means being sure of what we hope for and certain of what we do not see Hebrews 11 1 NIV Love Your God with All Your Mind explains the importance of using your mind not only to win others to Christ but also to experience personal spiritual growth Author J P Moreland challenges you to use logic and reason to further God s kingdom through evangelism apologetics worship and vocation This revised edition includes expanded appendixes and three new chapters that outline how to reason for the reality of God and the historicity of Jesus life teachings death and resurrection

Gospelbound Collin Hansen, Sarah Eekhoff Zylstra, 2021-04-06 A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture from two respected Christian storytellers and thought leaders Offers neither spin control nor image maintenance for the evangelical tribe but genuine hope Russell Moore president of ERLC As the pressures of health warnings economic turmoil and partisan politics continue to rise the influence of gospel focused Christians seems to be waning In the public square and popular opinion we are losing our voice right when it s needed most for Christ s glory and the common good But there s another story unfolding too if you know where to look In Gospelbound Collin Hansen and Sarah Eekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy Discover how in these dark times the light of Jesus shines even brighter You haven t heard the whole story And that s good news

God's Glory in Salvation through Judgment James M. Hamilton Jr., 2010-11-04 In Exodus 34 Moses asks to see God s glory and God reveals himself as a God who is merciful and just James Hamilton Jr contends that from this passage comes a biblical theology that unites the meta narrative of Scripture under one central theme God s glory in salvation through judgment Hamilton begins in the Old Testament by showing that Israel was saved through God s judgment on the Egyptians and the Caananites God was glorified through both his judgment and mercy accorded in salvation to Israel The New Testament unfolds the ultimate display of God

s glory in justice and mercy as it was God's righteous judgment shown on the cross that brought us salvation God's glory in salvation through judgment will be shown at the end of time when Christ returns to judge his enemies and save all who have called on his name Hamilton moves through the Bible book by book showing that there is one theological center to the whole Bible The volume's systematic method and scope make it a unique resource for pastors professors and students

Mediaevalia, 1980 **The Art of Listening in the Early Church** Carol Harrison, 2013-07-05 How did people think about listening in the ancient world and what evidence do we have of it in practice The Christian faith came to the illiterate majority in the early Church through their ears This proved problematic the senses and the body had long been held in suspicion as all too temporal mutable and distracting Carol Harrison argues that despite profound ambivalence on these matters in practice the senses and in particular the sense of hearing were ultimately regarded as necessary indeed salvific constraints for fallen human beings By examining early catechesis preaching and prayer she demonstrates that what illiterate early Christians heard both formed their minds and souls and above all enabled them to become literate listeners able not only to grasp the rule of faith but also tacitly to follow the infinite variations on it which were played out in early Christian teaching exegesis and worship It becomes clear that listening to the faith was less a matter of rationally appropriating facts and more an art which needed to be constantly practiced for what was heard could not be definitively fixed and pinned down but was ultimately the Word of the unknowable transcendent God This word demanded of early Christian listeners a response to attend to its echoes recollect and represent it stretch out towards its source and in the process be transformed by it

Islam, Christianity and Tradition Ian Richard Netton, 2006-12-22 Offers a unique comparative exploration of the role of tradition in Islam and Christianity The idea of tradition has enjoyed a variety of senses and definitions in Islam and Christianity but both have cleaved at certain times to a supposedly golden age of tradition from the past The author suggests there has been a chain of thinkers from classical Islam

to the twentieth century who share a common interest in ijtihad or independent thinking Drawing on past and present evidence and using Christian tradition as a focus for contrast and comparison the author highlights the seemingly paradoxical harmony between tradition and itijahd in Islam The author draws on a variety of primary and secondary sources including contemporary newspaper and journal

Educational Philosophy Edward J. Power, 2021-12-12 The first step in education s long road to respectability lay in the ability of its proponents to demonstrate that it was worthy of collaborating with traditional disciplines in the syllabus of higher learning The universities where the infant discipline of education was promoted benefited from scholars who engaged in teaching and research with enthusiasm and preached the gospel of scientific education These schools Teachers College Columbia University the University of Chicago and Stanford University gained a reputation as oases of pedagogical knowledge Soon public and private colleges alike introduced professional academic programs for the preparation of teachers Foremost among the subjects for these programs was education philosophy with its long history and the impeccable credentials of its ancient and modern expositors Although the principal focus of this study is the history of educational philosophy in colleges and universities it also recognizes educational philosophy s antecedents Chapters cover ancient roots Christian educational theory educational theory and the modern world philosophy and education in early America development of philosophies of education disciplinary maturity for educational philosophy and prospects There is a bibliography and an index
